Board of Selectmen Annual Report

As 1980 ends and 1981 begins, the Board of Selectmen simultaneously looks back at what has been accomplished and looks forward to what will be done in this next year.

Our first and foremost priority has been and will continue to be the sewer expansion program. With the construction of the pipe line to the Merrimack River imminent, it is anticipated that the sewer ban may be lifted somewhat. With that in mind the Selectmen will be preparing a priority list plus developing a process to reserve space on a completed system for future use.

During budget preparation this past Fall Town Manager Donald Young and the Selectmen developed a five year Capital Improvement Plan for years through 1981 - 1985, to be used as a guideline for financial planning. As goals are reached the plan will be revised or expanded as circumstances dictate for setting priorities. Capital Improvement proposals for 1981 are in this year's budget. Proposals for the next four years include an expansion of the water system; expansion of the cemetery; a new municipal complex; a variety of equipment for departments and an alternative to the landfill operation.

In addition to the normal budget requests are several items which merit attention as they will have a long-range effect and will lay the ground work for a number of programs. One of our major items is the computer addition. Though this appears costly at first glance, it will be a valuable asset. We have been doing water and sewer billing for several months and started the ambulance billing in January. It will enable us to produce both resident and property tax bills. Our recent experience with property tax bill (1980) points out the value of generating bills "in house".

Next we have the fourth patrol for the police department. The Board expects this to be a controversial proposal but it is needed. As the outlying areas of town develop more and more complaints are received about "not seeing a patrol car all day" while merchants complain about lack of police visibility in the business districts. This plan has been presented to us in other years but not endorsed by the board. This year we feel the time has come to implement the "fourth patrol".

Early in January the majority of the board voted to approve a program for Special Police Officers. This will be part of the budget program and final approval will come at Town Meeting as will our proposals.

The Department of Public Works has initiated in a vehicle rebuilding program designed to prolong the life of many of the present pieces of equipment. To continue this, an additional mechanic is essential and the board supports this concept.

The need for a postage meter was best demonstrated in early January when 1400 15 cent envelopes had to be hand stamped with \$1.25 worth of additional stamps per envelope. The meter is an efficient office tool and will eliminate wasted postage.

Hiring a consultant for a town wide wage and classification manual is another controversial subject. A number of people will feel this not needed but we have found in negotiating with the unions or at grievance hearings this type of manual, or should we say lack of it, is mentioned quite often. This would provide the town with consistent job descriptions and dollar values for those jobs.

Public apathy has been the rule rather than the exception in recent years. Late in 1980 a citizen group based on the old Derry Taxpayers Association formed with keeping an eye on town government as one of its goals. As long as members are genuinely concerned with town-wide solutions for town-wide problems a group of this type can be an asset to a community with a positive rather than negative influence by providing a sounding board and an exchange of information on local government with other groups or civic organizations. Knowledge is a tool to be used and a knowledgeable taxpayer is seldom apathetic. You, the registered voter and taxpayer of Derry, still have the final authority over town, school district and fire districts budgets. The selectmen sincerely hope you will take the time to study budget proposals and the background information for these budgets so you may vote with confidence for programs you support at the various district meetings.

We take this opportunity to thank town department heads and employees for the past year of effort on everyone's part. It is greatly appreciated. A special note of thanks to Town Manager Donald Young who came to us just a year ago, survived the turmoil, and has emerged unscathed, ready to serve another year.

Summary Inventory of Taxable Property

<i>Description of Property</i>	<i>Valuation</i>
Land — Improved and Unimproved	\$ 84,823.710
Buildings	215,689.740
Factory Buildings	7,645.500
Public Water Utility (Private - serving public)	257.350
Public Utilities - Electric	3,534.900
Mobile Homes assessed as Personal Property (362)	2,964.300
Total Valuations before Exemptions Allowed	314,914.500
Blind Exemptions (5)	\$ 67,700
Elderly Exemptions (108)	680.950
Total Exemptions Allowed	748.650
Net Valuation on which Tax Rate is computed	314,166.850

Tax Rate - 1980

Units of Government	Rate
Municipal	.52
County	.08
School	1.83
	2.43
Derry Fire District	.31
East Derry Fire District	.27

State of New Hampshire Department of Revenue Administration

Gentlemen:

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1980 taxes on the basis of the following figures.

Net Assessed Valuation	\$314,166,850.00
Taxes Committed to Collector:	
Town Property Taxes Assessed	\$7,634,254.00
Precinct Taxes Assessed	939,773.00
Total Gross Property Taxes	\$8,574,027.00
Less: Est. War Service Tax Credits	82,753.00
Net Property Tax Commitment*	8,491,274.00
Tax Rate - Town	2.43
Precinct	.31
Derry Fire	.31
East Derry Fire District	.27

* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriation.

The net amounts approved for school, county and precinct are as follows:

Net School Appropriations	\$6,174,741.00
County Tax Assessment	293,649.00
Net Precinct Appropriation (1)	687,961.00
	Derry Fire D
	229,404.00
	E. Derry Fire

In arriving at the above approved rate the Overlay has been set in the amount of \$51,777.00.

Very truly yours,
Lloyd M. Price,
Commissioner

Reports of the Departments, Commissions and Committees

Town Manager's Report

It is with a great deal of pride that I write my first Annual Report as Town Manager. This report will cover the Calendar Year 1980 which represents not only the fiscal year of the Town but also almost corresponds to my anniversary of appointment as Town Manager shy only two weeks.

As I began organizing my thoughts for this report, an old axiom kept appearing in my mind's eye; the person who never makes mistakes never does anything. So it is with an organization. I would be less than candid if I tried to convince the citizens that the administration had an error free year. Certainly, we were not perfect but I am confident that even a critical eye will see positive motion and accomplishments in the municipal government during 1980. We successfully addressed many significant, and some not so significant problems this year.

The year started with the potentially disastrous news that Litchfield may refuse to accept the effluent line of the desperately needed sewer line. Countless hours, even days, were spent negotiating, calming fears and in general just trying to convince the citizens of Litchfield to accept the effluent line. Admittedly it was a full 13 months later but an agreement was finally signed in early 1981 enabling the project to continue on schedule.

The Town's computer required a great deal of attention early in the year but the effort was worth it. We now have an effective fiscal management tool providing invaluable assistance to Department Heads, the Selectmen and the Budget Committee as expenditures are closely monitored throughout the year.

When the Town hired Dave Alley as the Chief Mechanic, we had high expectations. Through his efforts and those of Rod Bartlett, those goals have been reached. An aggressive preventive maintenance program and doing more "In house" are resulting in dollar savings and longer life for our equipment.

Overall the staff has improved interdepartmental coordination and cooperation partly as a result of a weekly staff meeting but much more as a result of their desire and effort to improve the delivery of service to the community. They began to address problems as a team and their response is indicative of their professionalism.

The whole area of labor relations has gone beyond even peaceful coexistence to a cooperative relationship with each side recognizing the other's sphere of legitimacy. During the year, problems arising in labor relations have been resolved, with very few exceptions, internally.

I would be remiss if I did not take this opportunity to express my appreciation to the Town employees. Adjusting to a new Town Manager can be trying. Employees at every level have consistently responded to this challenge in a truly professional manner. The citizens can be justifiably proud of all of our employees.

In closing, I congratulate and thank the Board of Selectmen for a job well done. As my supervisors, they have exhibited patience, understanding and, most importantly, effective leadership qualities so essential to me as Town Manager.

Respectfully,

Donald B. Young
Town Manager

Public Works Department

The year 1980 was the first full year of operation for the Public Works Department and many changes have taken place. Cooperation with the exchange of men and equipment between divisions has been improving steadily as a better understanding of the Departments resources is gained among the divisions. The ultimate goal of 100% utilization of all men and equipment within the department now appears to be obtainable as we continue to grow.

The Department's policy of performing all maintenance work and contracting major projects is working very well and appears to be a most promising direction to pursue. A preventive maintenance attitude is being developed in all divisions. An aggressive "PM" Program has been developed in the Vehicle Maintenance Division and has proven its value time and time again with fewer "on the job" breakdowns. This program has greatly reduced our vehicle down-time.

I would like to thank the Board of Selectmen, Building Inspector, Derry and East Derry Fire Departments, Planning Board, Police Department, Town Manager, Town Hall personnel, and all Division personnel within the Public Works Department for their support and cooperation during these times of change.

The following is a synopsis of completed projects and activities by the Public Works Department.

Highway Division

The Highway Division contracted all major portions of the 1980 Road Program, with the division concentrating on road maintenance and small drainage projects.

Contracted services of the Road Program included the rebuilding of Cemetery Road with new drainage, road base, and surface. An effort was made to maintain the rural aesthetics of Cemetery Road and still provide a safe travel way. Warner Hill Road recieved a new drainage system near Hampstead Road in the anticipation of road reconstruction in 1981.

The hot top overlay program was completed. Streets were first shimmed, the utilities were raised accordingly, and the overlay was placed. The streets involved were Cedar Street, Linwood Street, Thornton Street and a portion of Berry Road. One road at Forest Hill Cemetery was also completed under this program.

The road sealing program included the following streets: Al Street, Bill Street, Elaine Ave., Eleanor Ave., and portions of Hemlock Springs Road and Kendall Pond Road.

Infrared pavement repair techniques were utilized for the

second time this year with very satisfactory results. Work was concentrated on South Ave., North High Street, and Folsom Road. Particular attention was given to the railroad crossing on South Ave. and North High Street.

The following Road Programs were completed by the Highway Division - Several areas received new drainage systems or an upgrade of an existing system. Some of the streets involved were: Beaver Road, Beaver Lake Ave., Beaver Lake Road, Claire Ave., Coles Grove Road, Damren Road, Derryfield Road, Hood Park, Rollins Street and Windham Road.

In an effort to comply with existing statutes for handicap access, the division began a program to install wheelchair ramps in the sidewalks at major intersections. This program is approximately half complete and will be continued in 1981.

A town wide sign inventory was completed in an effort to gain State assistance through the Municipal Ways Sign Program. This program will qualify the Town for up to \$1,000 towards sign replacement.

The Highway Division has initiated the preliminary steps towards an Equipment Exchange Program with the Town of Londonderry. The first phase involved the exchange of the Town of Londonderry's road grader for a Town of Derry backhoe. The road grader worked on Derry's gravel roads while the backhoe worked on Londonderry's drainage program. The preliminary phase of the Equipment Exchange Program was very successful with savings for both communities.

The Highway Division purchased a new Caterpillar 920 front end loader this year. It is an excellent machine and the Town expects many years of fine service from this machine.

A security fence was installed around the Public Works compound on Fordway, which has greatly reduced the incidents of vandalism. The Bean Building has been insulated, helping to reduce the cost of heating the building. A new phone system has been installed allowing for a much improved answering and communication response time, a factor most important to a public service.

The majority of division man hours are directed towards general road maintenance. The following responsibilities are continual: hot top repairs and patching, unblocking and cleaning of drainage structures, repairing erosion problems, sign replacement, and roadside maintenance (litter pick-up and mowing). Winter maintenance for 1980 centered around sanding and salting with very few occasions requiring plowing. Many hours were required for slippery roads utilizing tons of salt. Since the winter didn't require excessive hours of road maintenance, much needed brush and tree cutting was done. The logs cut were milled into 10,000 board ft. of lumber and have been utilized in all divisions.

Vehicle Maintenance

The Vehicle Maintenance Division has been very progressive during 1980 and intends to continue in the same direction for 1981. Our Vehicle Maintenance Supervisor was hired in January and has initiated several programs which have been very beneficial. Supplies and parts are purchased at a rate that saves the Department up to 80% off list price. An extensive program of body work has been undertaken with completion in 1981. Several pieces of equipment have received new body parts and a fresh coat of paint. The new Public Works vehicle colors are dark brown and tan, and the results have been very good.

The most important program initiated has been preventative maintenance. An aggressive "P.M." program has resulted with

fewer "on-the-job" breakdowns. All pieces of equipment in the Public Works Department are subject in one form or another to the "P.M." program. This work is most important economically to the Department because on-the-job downtime is very expensive and time consuming. The attitude of aggressive "P.M." is being ingrained in all divisions.

A rebuilding program is being tried and the results have been very good. The most satisfying project was with the Army Surplus bulldozer that had been "deadlined. The Caterpillar D-7 engine was completely rebuilt, with repair to the block, water pump, new pistons and liners, and many other parts. To date the bulldozer has been working at the Landfill for two months with no major problems.

A new and larger stock room was built to improve inventory and help control the distribution of supplies. This has also allowed the division to enter into bulk purchases and gain the cost reduction benefits.

Training programs are an important aspect. Two mechanics have attended the 6V53 Series Overhaul course for Detroit engines, which was sanctioned by Detroit. This type of engine is utilized in all the six wheel dump trucks of the Public Works Department.

Again, the "P.M." program has allowed the Vehicle Maintenance Division to make necessary repairs prior to failure and improve the service of all pieces of equipment.

Landfill Division

The Landfill Division has continued to strive for the best operation possible under the existing conditions. A major problem in 1980, as has been for several years, is blowing papers. Several steps have been taken to lessen this problem with some success. Portable fencing to catch blowing papers was tried and the results were not quite satisfactory. Another action was two-fold. The main dumping area was moved to a lower location and the main entrance was moved to the west. Both actions were taken to lessen the effect the wind has on blowing the paper. An effort is continuing to have the dumping area out of direct crosswinds as much as possible, a very difficult problem.

The roadside slope was regraded this spring and vegetation grew quickly stabilizing the slope and improving the aesthetics.

Sand for cover material is becoming less abundant. If the present operation is to continue for several years, a new supply of cover material will be required. This consideration emphasizes the need to evaluate the future of solid waste disposal for the Town.

Buildings and Grounds Division

The primary responsibility of the Buildings and Grounds Division is the maintenance of the Town Hall and the Adams Memorial Building. One custodian was assigned to each building this year, which made an increase of one, and has greatly improved the daily cleaning of the buildings. The Buildings and Grounds Foreman's duties include carpentry, supervision of those operations which require several workers, and assisting in the daily cleaning of these buildings.

General upkeep includes cleaning of floors, windows, walls, and minor repairs. During 1980, major repairs were required for the oil burners and the air conditioners. Minor projects included installation of shelves, new security locks for the Police Department and rug repairs.

At the Town Hall, initial steps are being taken to conform to existing statutes on handicap access and the division is performing many of these tasks.

Two activities not related to building maintenance are preparations for voting on three occasions. Signs are made for all Town Departments whether informational or directional.

Cemetery Division

The Cemetery Division has had a very busy 1980 with funerals and the constant grounds maintenance. On several occasions, personnel from other divisions were required to assist in mowing and trimming to maintain the lawns. General maintenance consisting of mowing, trimming shrubs, trash pickup, and headstone repairs consume a majority of the man hours. Burials, marking new lots, and the placement of Veteran's stones take up the remaining man hours. As the Town grows, so so many services, the Cemetery being one of them.

Water and Wastewater Division

The Water and Wastewater Division experienced several changes during 1980. Water and Wastewater Superintendent Henry Trietel retired after four years of service to the Town. His experience will be missed. Hank was instrumental in developing the program to process the water and wastewater bills on the Town's computer system. "In-house" computerized billing should realize a cost savings through a more complete billing and follow-up procedure.

During the month of April, the Water Division was very concerned with reports that certain types of asbestos cement pipe may bleed tetrachloroethylene (TEC) into the water, which, at some locations, may be harmful. The division conducted an extensive investigation, with the assistance of an outside laboratory, and found no concentration of TCE in excess of the Federal restrictions. The Water Division was pleased to make this finding.

As a result of the study conducted by Amory Engineers on the Holmes Street storage tank, the division contracted the design of a new water main for portions of High Street and West Broadway. The design was based on the fact that if the new water main is installed, the Holmes Street storage tank could be safely abandoned. This would eliminate the continual maintenance problems that are associated with the Holmes Street storage tank.

During the winter of 1979-1980, and again during this winter of 1980-1981, the division has experienced a very low water level in the supply wells. With the continuation of drought conditions in the northeast, water conservation and the development of new supplies will be a major concern to the Town in the immediate future.

All the hydrants in Town received a fresh coat of paint this year and hopefully during 1981 the hydrants can be coded as to the fire flow capabilities. The water supply wells off Fordway were cleaned and disinfected this year, as they are every year.

Possible directions for expansion are being evaluated and hopefully during 1981 work will begin for such an expansion.

One road was resurfaced at the cemetery this year. This was done in conjunction with the Highway Division's overlay program, to obtain the best possible prices.

Rodney A. Bartlett
Public Works Director

The division began to update the preventative maintenance program with the rebuilding of several of the pumps. A water consumption study was completed for multi-family and elderly housing. These figures on consumption will assist on the allocation of water and wastewater service in the future.

The Wastewater Division continues to progress towards the start of construction of the new Wastewater facility. Negotiations for the intermunicipal agreements were very time consuming. Hopefully, 1981 will see the first phases of construction.

In conjunction with the sewer hookup ban, the division instituted Wastewater Discharge Permits to provide control and monitoring of wastewater hookups that are granted by the State of N.H. Water Supply and Pollution Control Commission. This program has been instrumental in the approval of the many change-of-use applications.

As with all divisions, the main focus is on preventative maintenance. The division is closely assessing the future of the system in conjunction with the planned new facility, and updating the "P.M." program so as to affect those parts of the system remaining in the service the longest.

The Town may be fortunate during 1981 to participate in a Federally Funded research program conducted by the American Public Works Association. The research program would involve the use of a new sealant for the pipe joints in a wastewater collection system. This would help reduce the high amount of groundwater inflow.

If this research is funded by the Federal Government in 1981, Derry will be participating with three other cities in the research program; Houston, Texas; Tampa, Florida; and Washington, D.C.

The Water and Wastewater Division looks forward to 1981 by supplying another year of dependable service.

Parks Department

The first year of the Parks Department as a separate unit has come and gone. Overall the working patterns remained the same. We did find it useful being able to utilize certain equipment from the Public Works Department as we are now a division of that department. However, the unbelievable amount of use which the many ballfields in Derry attain, definitely dictates most of our working hours in preparation of these areas.

In looking back over the year, perhaps the importance of the rapport amongst those working in this department has become

even more evident than before. Mike Jesson continues his outstanding contribution trying to keep those concerned happy with the upkeep of the parks and ballfields. This is a monumental task when you consider we prepared 238 areas for games just during the month of May, not to mention the task of mowing areas which we are responsible for in a prolonged mowing season such as we had in 1980. That, on top of several projects and just trying to keep the areas clean is a major task! For most of our help we rely greatly on the CETA program. Mary Baldasare, out of the local CETA office has been a tre-

mendous help to those in the Parks Department.

Another individual who works off and on as temporary and seasonal help is Russell Pouliot. Russ is one of those individuals who has the capacity to do so many things. Russ has been with the Recreation and Parks Departments for over ten years and has a thorough knowledge of many of our activities. He is a valuable asset to our team.

Some of our major projects completed in 1980 were the installation of new combination soccer-football goal posts at Buckley Field, painting and installation of posts and nets on the new Alexander-Carr Tennis courts, much tree care work done at MacGregor Park, new roof and repairs to the ceiling of bandstand and as Mike Jesson learned to drive the payloader, we regraded the entire area around home plate at Buckley Field to make for safer play there. We anticipate a mud problem in that area in the spring, but we will have to live with that for one season.

As many people know, there were many problems in the Hood Park area caused by those who have no respect for others who may use the park! We tried desperately to keep up with the glass and litter, but it soon became a losing battle. Once again we thank the CETA Youth Program for much help in trying to keep up the area. The Public Works Department was a big help in installing a catch basin at Hood Park where we had a severe drainage problem.

Special thanks to Mrs. Barbara Beliveau who spearheaded a group of neighbors to try to raise funds to help out in any way to help reconstruct the Hood Park building. The rebuilding of the beach house has met many obstacles along the way and it is hopeful it will go through the necessary red tape to be completed in 1981.

Carol Madden, the Swim Program Supervisor, and Gail Hepworth, the Playground Supervisor, did a fine job with the Easter Seal Swim Marathon in which many children and adults participated and earned enough money to purchase two canoes for use at the park! We are extremely fortunate to have dedicated ladies such as these working in our programs.

The tragedy which struck the Recreation Secretaries left a big gap in the Parks Department operation. Diane LaPlante and Karen Wittbrodt always have done everything we have asked and more.

Temporary secretaries, Priscilla Fairbrother and Mari Pickett, did a fine job filling in and have been very understanding of the many problems we face!

We would like to say we are proud to have played a small part in helping some fine ball teams to great seasons. The most outstanding has to be the Derry Demons Pop Warner Football Organization which saw that team become undefeated State Champions with a 13 wins and a no loss record.

Once again we would like to thank the West Side Community Center Advisory Board for allowing us to be housed in the Center, as the fine cooperation between that group and the Parks Department continues.

In closing, I have just recently found that I will now be supervisor in charge of the Forest Hills Cemetery and Town Buildings and grounds. I will do my best to make this new set up work, but I will miss being able to "roll up my sleeves" as often as I've done in the past. A sincere thank you to all who have helped us in 1980 and to those who try to understand the problems we face.

Donald Ball, Director
Derry Parks Department

Derry Police Department

"Law enforcement is a sacred trust -- a service to people who impose the laws under which they govern themselves. Enforcement of these laws is no mean responsibility. It is a vital function of our democratic system which, if conducted within the ethics of the service, engenders self-respect and public support. The mission of law enforcement today is to give the most effective and competent service possible and to gain more public cooperation and support, both moral and financial.

"Law enforcement cannot fulfill its crucial role in society without adequate public support. In assessing the merits of law enforcement, one should not look to popularity and statistical accomplishments alone. Rather, law enforcement should be judged on how well it discharges its responsibilities in keeping with the ethics of the profession."

--J. Edgar Hoover

We acknowledge that law enforcement agencies today are, and in fact should be, more service oriented. The average citizen is paying through his tax dollar for more effective service and should receive it without question. Today's police officer is better equipped to deal with contemporary problems than his counterpart of years ago, and is more deserving of the faith, respect, and support of the citizens of the community. Many apply for the position; few are selected.

Our selection procedure encompasses a written examination conducted by the State of New Hampshire. Those who successfully pass this exam are given an oral examination which is conducted by superior officers from departments other than our

own. Those candidates who remain, approximately 30% of the original total, are then given psychological testing, followed by a physical examination. A background investigation is then conducted, followed by a minimum of two interviews by ranking members of the Department. Only after the applicant has completed all phases of this process is his/her name submitted to the Town Manager who is the appointing authority. This process is tedious and time-consuming, but it insures a qualified applicant and leaves no room for external influence.

After appointment, the probationary officer attends 120 hours of classroom training within the Department, followed by eight weeks of training at the Police Academy. Upon graduation, the officer is certified by the State and returns to the Department to assignment to a training officer. While it is difficult to find the qualified applicant, it is yet harder to retain him. Private industry offers better salaries and benefits. During 1980 we lost four officers who felt conditions were better elsewhere. We also lost the services of Sgt. Alan Partington who had to retire due to injuries sustained when he was intentionally run down by a truck while apprehending an individual committing a theft. The loss of these officers, while not critical, adversely affects the overall operation of the Department and its various programs. It takes many years to train a good police officer, and to lose just one to another department or industry is a loss felt by the entire Department.

The policeman is an important part of our complex society. There is a popular conception that he is concerned only with

criminals and has little else to do. This is far from the truth. Law enforcement is only part of his job. He is principally concerned with handling people, most of them good people. The public's attitude towards police has been affected by certain prevailing myths. One is that they are engaged in a continuous offensive against society. Congenital police-haters are nourished on this misconception. In some communities, politicians thrive on police baiting. This practice is distinctly antisocial, and has played a part in aggravating the problem of law enforcement.

Good police officers understand their job. To them, law enforcement is not an end in itself, but merely a means toward achieving an orderly and peaceful society. The test of a good policeman is not discovered in his record of arrests, but in the record for crimes and disturbances of the area which he patrols. The world being what it is, there is an ever-present likelihood of trouble wherever human beings are found. The policeman is on the job to keep the problems to a minimum -- to prevent them, if possible.

It is unfortunate that little is heard of the positive aspects of law enforcement. Newspapers seem to prefer the bad news; it is more sensational, and often reported without checking facts. That law-breakers should view the police as an enemy is natural. The habitual offender is an enemy of society and is waging warfare continually against society.

Our generation is supposed to be progressive, and our legislatures have worked at a mad pace to make up for lost time and force the new society upon us. The general result has been a multitude of new laws creating new offenses, and bringing nearly everyone in close contact with the law. The best intentioned citizen now has a hard time going through a single day without violating some law, ordinance, or rule. More than ever, man is confronted by the omnipresent policeman who is hired and sworn by the same public to enforce these laws, ordinances, and rules, provided he enforces them against everyone else but "I." In such a climate, the problem of enjoying public good will is not an easy one for the police. It is the peculiar misfortune of the policeman that he cannot take himself out of circulation and thereby recapture the favor of the public. His job is inextricably involved in mixing into other people's affairs in one way or another. He has to be on the streets at all times, prepared to intervene on behalf of the public so that order may be maintained.

The decent and law-abiding people in the community belong on the side of law enforcement. The policeman needs them if he is to succeed in the job you have hired him to perform. The policeman labors under one handicap--his efficiency is judged by the absence of trouble. This is a negative

phenomenon. When things are quiet, no one thinks of the police. It is only when something happens that people start shouting, "Where are they?"

The public little realizes the tremendous potential for crime and disorder that is always present and that is kept largely under control by the police. Should a few days go by without trouble, the condition is never ascribed to efficient police work. This may explain why the police are more often the target of criticism than the recipients of bouquets.

The policeman has rights as well as responsibilities. If the citizen expects the policeman to protect his person and property, then he has the right in return of cooperation and support from the citizen. This obligation can hardly be discharged by the tendering of a weekly pay check. It must be remembered that the faithful and conscientious discharge of the policeman's responsibility involves him in numerous hazards. At times, what he does is accomplished at the risk of his life. His profession should be pursued under the most favorable, and encouraging conditions.

Today it is favorable, whether it be in the political arena, the press, or the cocktail party, to ridicule the police. Certain groups have exploited this fad in their own interest. The remedy lies with the public. It must realize that its own security and welfare is inextricably involved in the maintenance of law and order. It must remember that the blessings of an orderly society are available only where an efficient police force functions.

Edward B. Garone
Chief of Police

Report of the Derry Recreation Department

This was a year of changes and adjustments for our department. The Winter did not cooperate at all and we had the poorest ski year since we started in 1965. The Winter Playground continued to serve the youth even with the snow.

Our Winter programs included Jet Jr. basketball, Jr. Pin-up basketball, teenage basketball, Jets basketball and the Mens' basketball league. This Fall we added an additional Ladies basketball Program. Volleyball for men, women and coed was also popular. Fitness, yoga and aerobics are combined in the classes Mrs. Gorman teaches.

Tennis continues to be our most popular activity. It appears the newly completed facilities on Birch Street are going to be the most popular courts with the playground behind, thanks to Scott Hayward, and the off street parking, thanks to the Parks Department. The lighting is very good and surface condition is near perfect. The Pinkerton Academy tennis team used the facilities extensively and the Hood Jr. High groups also used the courts for instruction and mini courses.

Grasshopper baseball and the girls softball program increased in size. It is becoming increasingly apparent that the Town may need more baseball diamonds to accommodate the number of participants in this activity in the not too distant future.

Our playground at Hood Park went without a building this year and we tried to adapt with using a trailer as a substitute. A group of neighborhood folks have pitched in to help support an effort to replace the building and assist with the material needs of the program at that location. The playground at Alexander-Carr got off to a slow start due to the weather and the holiday....it never recovered. Perhaps at the future date a day camp or similar program can be established for that area.

Department vehicle problems were finally solved in July after more than six months of "no vehicle at all". The Ford Fairmont station wagon has the size and capacity necessary, as well as the gas mileage and economy desired.

The biggest blow to our operation happened at the end of the Summer when both of the girls in the office were struck down by accidents which have kept them out of work since. We have tried to adjust and used temporary and CETA help to fill in, but it has been difficult.

In the Fall the flag football league had some difficulties with volunteers and parents, we lost some good volunteers. The program finished up the season after a rocky start.

Indoor soccer was also popular during the off season. We also sponsored clinics for boys and girls in soccer.

In the future, we hope to return to a regular routine of

cooperation with all the other Town Departments and agencies. One area we would like to expand is the Senior Citizen Program. The possibility of commercial recreation nearby should also provide more for the teen population in years to come. Our biggest need is more ballfields or lighting of existing fields.

We welcome constructive criticism at any time and hope the public will be helpful.

Report of the Building Inspector/Health Officer

Since coming on board as Code Enforcement Officer and Health Officer, in June of 1980, it has been my responsibility to address the problems of the community as they relate to this office. It has been my intention to develop an attitude of persuasion when attempting to bring about compliance with zoning and code enforcement in the community. Looking back on the last six months and making an analysis of the success or failure of the approach, I am reassured in my belief that it is the correct approach to the problem of enforcement. This is not meant to indicate that those who would abuse the regulations the community has adopted can do so with impunity. It has been and will continue to be our policy to bring about compliance in every case brought to our attention.

We have instituted an ongoing program aimed at failing faulty septic systems. We feel we have had considerable success in curing some of the serious problems around our lakes and streams. This program has had a priority with this office because of the obvious health hazards involved. The cooperation of home owners, who find they have a failed system and are faced with an expensive cure, has been excellent.

An upgrading of standards for new construction was put into effect in July and related to electrical entrances, plumbing fixtures, venting, and a tightening of inspections. We feel the inspection coordination between departments has been improved and at this writing is working well.

During the summer of 1980 a number of complaints concerning inadequate well systems were brought to the attention of the Board of Selectmen. As a result a committee to draft a water supply ordinance was formed. After much study the committee recommended an ordinance that was adopted October 1, 1980. This ordinance will be an assurance that water systems built in the Town will be better able to meet the needs for which they are intended.

As our trailer parks get older they start to reflect the results of engineering practices, that while deemed adequate for the times in which they were designed, are now breaking down and causing serious health problems in some areas. Evidence of this is indicated by the increasing number of failed septic systems, deteriorating electrical supply systems, and community water supply systems. It would seem that a careful study of this problem would indicate that an effort must be made, through this department, to establish a program, together with park owners and tenants, that would update the mobile home parks that are sub-standard at present. Some considerable progress has already been made in this area but much more will need to be accomplished.

In the coming year we hope to initiate a more comprehensive compliance in the following areas:

1. Wood stove and wood stove chimney guidelines designed

to provide in cooperation with the fire districts, a safe and monitored construction program for this fast growing and relatively new area.

2. An expansion of the existing failed septic system program.

3. An updating of our permit fee schedule. This would involve fees more in keeping with the costs of making these inspections. It is our intent to bring licensed tradesmen into the permit process thus insuring their responsibility for the work they perform.

Permits Issued

TYPE OF PERMIT	NO. ISSUED	CONSTRUCTION COST
Single Family	145	\$5,082,000.

Schools	1	1
Wood Stove/Chimney	0	69
Electrical	0	140
Plumbing	0	35

It seemed appropriate to show a comparison between the permits issued in 1970 and those issued in 1980. As this is the end of a 10 year period we thought it might be of interest to the citizens and could be of some assistance in projecting a trend for the future.

Report of the Animal Control Officer

During the year my title "Humane Officer" was changed, at my request, to "Animal Control Officer", in order to better address the duties of this office. Nothing has really changed, except the title.

I answered 2,981 phone calls, picked up 350 dogs, and of that number 215 were returned to their owners, 61 were adopted and 69 were humanely euthanized. There were 14 farm animals killed by dogs, 37 people were bitten by dogs, and 127 dogs and cats were scraped off the roads, having been killed by cars. The score isn't any better this year folks, and I had hopes it would be.

One hundred twenty three nuisance abatements were issued to violators of the dog control laws, and more than 200 notices were sent to people who failed to license their dogs on time. In addition to the written notices, I made 305 phone calls to others who had not yet licensed. Those of you who received these calls, and notices might be interested to know that, you, the taxpayer, paid for all of those stamps and time consumed in performing this task. Perhaps you might like to consider licensing your dogs on time this year. I logged 10,804 miles chasing down strays and answering complaints, and \$1,699.00 was collected in pound fees.

In the coming year there will be additional fines imposed on delinquent dog owners, as well as the \$1.00 penalty per month that we already impose. The dog population in Derry has increased to the point that I no longer have time to give everyone that little personal touch of calling to remind you to license on time, or license before penalty time. You'll just have to remember to get your dogs licensed, the same way you have to remember to license your car and pay your taxes.

Moving on to a brighter note, the dog pound was painted this year, both inside and out, giving the place a much nicer appearance, and making it a more pleasant place to work, and

for you to visit. It's still crowded and there's no place for storage, but I'm in hopes of having an addition built on to the pound for office space, and that would be a vast improvement. I'd like to add that the highway men did the paint job, thus saving a considerable sum of money.

Some of you may have noticed the dog control question printed way down at the bottom of your November ballot, and even though you voted on it, I've received many questions about it. The question was put on the state ballot in order to give the towns, who had not yet adopted the dog control law, a chance to do so. Derry already had the law, so all we did was to ratify it. The end result being you must know where your dog is at all times, and it must be under the control of the owner or keeper. This means on your property, or accompanied by a responsible person off your property.

You may think you have the best dog in the world, but your neighbor may not. I'm asking you again this year to help make my job a bit easier, by keeping your dog under your control. Don't let him out to "run" just for a little while, early in the morning or late at night. This is when your dog teams up with other dogs, whose owners think the same way you do, and they find mischief to get into, which can be very costly to you in the long run. Be a good neighbor and take your dog in at night if it whines or howls. You may be able to sleep through its noise, but your neighbor may not be able to.

Thank you to everyone who gave me a helping hand during the year, and thus made my job a little easier, and to all of you who cared enough to adopt a stray dog or cat, from anywhere, not just from Derry's pound. I appreciate each and every one of you.

Respectfully submitted,
Florence Ouellette
Animal Control Officer

Report of the Derry Housing Authority

The Derry Housing Authority closes its second year of full time operation on a very optimistic note. The Town of Derry and the Derry Housing Authority have received nearly 1 million dollars in Community Development Block Grant funds over the past two years. The major portion of those funds are earmarked for acquisition of blighted and deteriorating buildings in the downtown area. The buildings will be razed to provide sites for a 60 unit elderly housing and 10-12 units of family housing, plus some Commercial spaces.

The Derry Housing Authority will take title to the Sargent Block, Cinema, and Chelby's Pizza, in December and razing should follow, within 60-90 days. The present sewer moratorium precludes immediate development of the site but planning for the elderly complex will continue. The Boles, Beaulieu, and Pillsbury Buildings will also be acquired to provide a site for 10-12 new family units. Our original intent was to rehabilitate the buildings but an engineering study indicated the cost to equal or exceed new construction. What we are now proposing is new construction for the entire block from Abbott Court to Central Street.

The balance of the Community Development Block Grant Funds are being used to support rehabilitation of existing housing in two key target areas, adjacent to downtown. This

help is being provided via an interest subsidy on conventional home improvement loans and in some cases direct grants to eligible property owners. The progress in this area lacks a high degree of visibility, however, we are making a significant impact in conserving and upgrading existing dwellings.

The Derry Housing Authority is continuing the momentum in Downtown Revitalization and has submitted a proposal for 1981 Community Development funds. This proposal centers around the development of the old American House site on the East side of Abbott Court. A residential/commercial building is proposed for that site by a private developer and the Derry Housing Authority will support his effort by using Community Development funds to improve the parking facilities on town land adjacent to the site and provide suitable landscape amenities to further enhance the general area.

In the area of providing Housing Assistance to the eligible Derry citizens the Housing Authority now operates its own Section 8 Housing Assistance payments program, and additional units will be sought for 1981.

We have had two busy years and we will continue to pursue our goals of revitalization of the downtown area and expanding housing opportunities.

John Brown
Executive Director

Report of Derry Conservation Commission

This has been another busy year for the Derry Conservation. The Commission has acquired two parcels of land containing sensitive wetlands, important in protecting the water quality in Derry. This was accomplished by gifts of fifty percent by the owners, Henry Weber and Lewis Builders, Inc., with the balance being paid from funds of the Heritage Conservation and Recreation Service. The Weber land is to be known as the "Weber Memorial Forest". Francis Cormier worked very hard in achieving these acquisitions.

The Commission was very gratified by the vote of the town at the 1980 Town Meeting, which approved the Conservation Corridor which the Commission presented by petition. This is an important step in the protection of the quality and quantity of our water. This year we are working on an ordinance for sewage disposal standards, to be presented by petition at the 1981 Town Meeting.

There have been fewer dredge and fill applications this year, but we have done site reviews on all, and intervened when we felt it was in the best interests of the town.

We have received the soil maps and the wetlands maps of Derry from the Soils Conservation Service.

We sponsored a meeting on Current Use for eligible property owners to inform them of the program.

We arranged a meeting with other Conservation Commissions in the area to discuss problems and exchange ideas.

All members attended the Annual Meeting of the N.H. Association of Conservation Commissions, with workshops and a visit to the new Conservation Center in Concord.

We hope to continue to execute our duties in the best interests of Derry.

Deborah Nutter
Chairman

Report of N.H. Municipal Association

"The New Hampshire Municipal Association has existed since 1957. It is a non-partisan, non-profit organization whose 223 member cities and towns share a common interest in better local government.

NHMA provides a wide variety of services to its member communities. Among the services provided are: legal services, technical assistance, group insurance programs, personnel services and representation of municipal interests before federal, state, and administrative bodies.

The ultimate goal of these services is to help elected and appointed officials provide more efficient and effective government at the local level. In its representation of municipal interests before the state legislature, one of the primary goals of the Association is preventing excessive property tax burdens being placed on local governments.

NHMA also conducts many workshops and seminars dealing with local needs and problems. These include programs on such topics as municipal liability, welfare administration, assessing, land use and planning law, budgeting and labor relations. The biggest and most important learning opportunity offered by NHMA is its annual meeting. Held every fall, this meeting provides local officials with valuable program sessions

designed to give local officials ideas and information they can put to use in their communities for the people they serve.

Further information about NHMA can be obtained from the Board of Selectmen or by contacting NHMA offices at 193 No. Main St., Concord, N.H. 03301.

Report of the Derry Visiting Nurse Association

The Derry Visiting Nurse Association has proudly served the Town of Derry since 1908. A rapidly growing population, earlier hospital discharges, longer life spans, escalating costs of institutional health care, increasing emphasis on prevention, and other factors combine to continually demand that home health agencies be effective and flexible in responding to a community's home health care needs. The Derry Visiting Nurse Association has done that over the years and will continue to do so.

Services are offered under four major program areas as follows:

- Care of Sick Program
 - Nursing Home Visits
 - Physical Therapy
 - Occupational Therapy
 - Home Health Aide Visits
- Homemaking Program
 - Homemaker Visits
- Maternal and Child Health Program
 - Well Child Clinics and Followup Visits
 - Immunization Clinics
 - Expectant Parents Classes
 - Parenting Classes
- Adult Health Promotion Program
 - TB Followup
 - Blood Pressure Clinics
 - Adult Health Home Visits

Everyone is aware of escalating health care costs. We are happy that some health care costs have been increasing at a much lower rate than institutional health care costs. One of the major factors in our increased costs is maintaining certification for reimbursement from Federal sources such as Medicare and Title XX. However, those Federal funds, combined with specific grants, allows our agency to provide services to Derry which cost the agency about four times as much as the Town appropriation. We feel this is appropriate utilization of agency resources. Federal funds and grants usually are restricted to specific categories of illness, age, and income. Many people needing our services simply do not fit those specific eligibility categories. So, it is important to emphasize that Town appropriations assist the agency to serve people regardless of income and age.

Derry represents approximately 40% of the population served by this agency. Last year, over 50% of all our services were for Derry residents. Following are some major statistics for fiscal year 1979-1980.

Skilled Nursing Home Visits	2764
Physical Therapy Visits	286
Occupational Therapy Visits	95
Home Health Aide Visits	1406
Homemaker Visits	1153

Children in Well Child Clinics	65
Expectant Parents Classes	46

We continue a strong commitment to assisting area residents toward maximum health.

Derry representatives on our Board of Directors are:
 Martine Banister, Roger Beliveau, Edna Bishop, Val Eshleman, Maris Eshleman, Marilyn Hilliard, Lucille Manning, Ray Martin, Alma Rogers, Rev. Howard Rogers, Glennard Ruedisueli, MD, John Sharp, MD

Respectfully submitted,

 David L. Siress, MSW
 Executive Director

Mental Health Center For Southern New Hampshire

The Mental Health Center for Southern New Hampshire began Year Three as a comprehensive mental health center on May 1, 1980. As a community mental health center, the following services were provided in accordance with standards of the National Institute of Mental Health: outpatient diagnostic, treatment and referral services, 24-hour emergency psychiatric intervention, partial hospital and inpatient psychiatric treatment, follow-up for individuals leaving New Hampshire Hospital, screening services for individuals requesting or requiring hospitalization at New Hampshire Hospital, services to children, the elderly, substance abusers (drug and/or alcohol), and, a preventative program of consultation and education.

Calendar year 1980 has been a year of working towards stabilization and setting future directions. Part of this process involved creating a new organizational structure, new business and clinical procedures and policies, and an upgrading of administrative procedures. Assessment of services and policies is continually being made to meet the changing needs of the people in the eleven-town catchment area.

The financial and statistical systems of the Mental Health Center have been and will continue to be improved with the implementation of an in-house computer system.

The Mental Health Center for Southern New Hampshire looks positively on the challenges of the new year. The Center will continue to provide quality services that are both accessible and available to the people of our service area.

During calendar year 1980 the Derry branch office of the Mental Health Center for Southern New Hampshire continued to provide mental health screening and diagnosis for all individuals seeking services from the two-town service area of Chester and Derry. In addition, clients from the other nine catchment area towns may be seen in the Derry branch as required. The Derry branch provides direct clinical services to a wide range of adults and children through use of individual, couples, family and group therapy, in addition to the other services and programs of the organization.

In addition to the four full time staff regularly found in the Derry branch office, other staff rotate into the office during the week to provide additional coverage. Clinic hours are Monday, Tuesday, and Friday 9:00 am until 5:00 pm, and Wednesday and Thursday 9:00 am until 9:00 pm. Ongoing consultation is provided to the local police by our Emergency Services team.

During 1980, our Family and Life Education program provided the following programs and services to the residents of Derry:

January 14, 1980: "Retts the Clown" program presented to E.D. class from the South Range School.

January 16, 1980: "Retts the Clown" program presented to pre-schoolers and their mothers at the East Derry Library.

January 16-17, 1980: "Money Management" workshop presented to the public at the Mental Health Center in Derry.

February 6, 1980: "Retts the Clown" program for pre-schoolers and their mothers at the East Derry Library.

February 7 - March 24, 1980: Eight-week course entitled "Stress Management and Relaxation", presented for the Derry Center for Adult Studies at the Hood Jr. High School.

March 10 - April 24, 1980: Six-week course dealing with "Changing Roles for Women" and "Stress Management", presented to the Jr. Women's Club of Derry.

April 10, 1980: Display, slide show, and workshop dealing with "Stress Management", presented for the Health Fair and Hood Jr. High School.

May 14, 1980: Presentation to the Derry Lion's Club entitled "Gray Itch".

May 28 and June 23, 1980: Testing and consultation services provided to the Derry Police Department.

July 9, 1980: Consultation with Derry Visiting Nurses Association.

July 17, 1980: Weekly meetings began with Parents Anonymous Group serving Derry and Salem.

August 27 and 28, 1980: Two-evening workshop entitled "You and Your Aging Parent", presented at the Mental Health Center in Derry.

September 7 - October 5, 1980: Five-week "Child Management" course offered at the Mental Health Center in Derry.

September 29 - October 27, 1980: Five-week course entitled "Stress Management", presented to the Derry Center for Adult Studies.

October 2, 1980: Workshop entitled "Issues on Aging", presented to the Nutfield Heights Senior Center.

October 2, 1980: Presentation on "Drug and Alcohol" problems, offered at Women's World in Derry.

October 2, 1980: Program dealing with "Suicide", presented to the Hood Jr. High School by the Mental Health Center Emergency Services Department.

October 20, 1980: Training session for nurses at Alexander-Eastman Hospital on symptoms of alcohol and drug dependency.

November 13, 1980: Inter-Agency task force presentation on "Sudden Death". Location: Hood Jr. High School.

December 1, 1980: Presentation to Derry CAP, dealing with Community Skills and Behavior Management Techniques.

During the twelve month period December 1, 1979 to November 30, 1980, the following services were delivered to Derry residents:

Clients Served:	1400
Direct Service Hours:	2826 1/4
Partial Hospitalization and Sustaining Care Programs (1/2 days):	2138
Inpatient Days:	155
Emergency Contacts:	640
New Requests for Service:	368

Newmarket Regional Health Center

The Newmarket Regional Health Center is a community health center offering general family care for all ages. It provides preventive, routine and emergency care as well as home visits. Use of health center services increased by 19% over the past year.

Sarah Oxnard, M.D., Michael Lewis, R.P.A., and Anne Fawcett, A.R.N.P., M.S.N. continue to provide care as members of the medical team. In addition, Barbara Janeway, M.S.N., joined the health center staff in November of 1980. Barbara is a recent graduate of the Yale University Family Nurse Practitioner Program. The medical team also includes registered nurses, a health aid and community health workers.

The community health workers coordinate preventive screening clinics to detect potential health hazards, hold informative workshops for the public and act as liaison between the medical providers and the patient. To make a medical appointment, call center at 603-659-3106 or toll-free at 1-800-582-7279.

The Newmarket Regional Health Center also operated a senior citizen transportation service. Service utilization

increased 19% area-wide to over 23,000 rides per year in 1980. The Transportation Program provides regularly scheduled bus services to the elderly of Derry and other area towns. The service enables seniors to remain independent, self-sufficient, and active by providing rides to needed services, including medical, shopping and recreational trips. The addition of a new van equipped with a hydraulic lift has increased our capability to transport the handicapped. This lift allows individuals confined to a wheelchair to use our service. For more information about the Senior Citizens Transportation Program or to arrange a ride for a senior citizen, call 659-2424, or toll-free at 1-800-582-7279.

The Newmarket Regional Health Center wished to express its deepest appreciation for the continuing support given by the town of Derry.

Sincerely,

Ann H. Peters
Executive Director

Report of Derry Public Library

1980 was a year of change for the Derry Public Library. Librarian Annie Ashton retired after nearly twenty years of service in February. The transition was, as is any major change, challenging for all those involved. I would like to begin my report by thanking Mrs. Ashton for making the difficult transition a smooth one.

After ten months in my new position I am pleased to report much growth, both personal and professional. Being the director of the Derry Public Library is interesting, educational, stimulating and constantly challenging. It is often difficult to realize the enormous rate at which the library world is developing. I hope that the progress the library has made this year is a step toward the realization of its full potential.

Routine procedures have been maintained with book circulation remaining steady and acquisitions continuing to develop the collection. There have been many changes made at the library. One of the new major focuses was on programming. Since March the library has tripled its children's programs with storyhours for preschoolers three times a month and a special two-year old storyhour once a week. The Derry Junior Women's Club has continued its support of the library by conducting many of these programs. It is to them and to the Library Volunteers that we owe much thanks. Begun during the summer, the volunteer program has grown to include approximately fifteen people. This group performs tasks from desk and clerical work to storytelling. It is often the support of these people that is most appreciated. During the new year it is hoped that other interested individuals will join this group.

Other Children's programs conducted throughout the year included bedtime storyhours during the summer, monthly film programs and various holiday parties. Activities for young adults included a very successful summer reading program entitled "Fishing for fun with books", film programs, a rug-hooking class, a checker/chess club and the First Annual Derry Public Library Pet Show. Adult programs included films, a holiday macrame class and a feature on the history of Derry. One

of the most successful and beneficial programs offered was a babysitting clinic for people aged 11 to 15 sponsored by the library, the Derry Junior Women's Club and the 4-H Extension Service of Rockingham County. Over 35 young people were awarded certificates for participation.

School and civic groups have come to the library for programs as well as introductions to the library world. This type of communication is greatly encouraged for all those interested. Books have been made available for shut-ins as well as area nursing homes throughout the year. Reader's advisory services are provided for patrons both in and out of the library. Various figures reflecting the past year's developments appear in the library's statistical chart accompanying this report.

In order to establish better communication between the library and the town, various meetings were held with the junior and senior high school librarians with the assistance of a library volunteer. The library is also pleased with the good working relationship between it and the Taylor Library in East Derry during the year.

In order to broaden relations and services with area libraries the Derry Library joined many library organizations in 1980. The library now actively participates in the Merri-Hill-Rock Cooperative, a group of area libraries with similar concerns, the Southeast District Advisory Council, comprised of urban and rural libraries, New Hampshire Library Association, New England Library Association and the American Library Association. All of these organizations promote communication and cooperation among all types of libraries for the improvement of each.

Our relationship with the State Library in Concord have flourished. We have needed and received the services of our District Consultant in Exeter various times during the year. Bookmobile service was extended for one extra year. The termination of this service will bring a more comprehensive van service to area libraries; not the end of this aid. Interlibrary loan continued with materials being borrowed and loaned to

supplement our collection. Library legislation is currently being considered which would establish criteria for library funding and development. The Derry Public Library was certified under the existing Stateside Development Program for 1980.

Some physical changes have also occurred at the library during the past year. A new door was added this past spring and painted to accent the facade of the building. An addition was made to the main desk creating a walkway for the use of the stairs which are now available. The children's room acquired a fish tank and fish during the summer.

The library has been the recipient of many generous gifts during the year including books from the Holaday family, monthly centerpieces and two beautiful Christmas trees from the Derry Garden Club, along with hanging plants and planters, and gifts from the Derry Lion's Club as well as many individual donors. Various Brownie, Girl Scout and Boy Scout Troops have contributed to the decoration and maintenance of the library. I would like to express my sincere thanks to all these people for their continued interest and support.

I would also like to take this opportunity to thank the Board of Library Trustees and the library staff members for their help in making the transition into my new position an easy one. Their support, concern and enthusiasm has eased these initial months into a bright, hopeful new year.

Other changes that have taken place include the raising of the overdue fine from two cents a day to five cents a day, a billing procedure for every overdue materials, an out-of-town library fee of ten dollars for a year's worth of service, the opening of the children's room one evening a week, the availability of a CETA employee for twenty weeks, the addition of sound recordings to the children's collection, and weekly publicity in local newspapers.

1980 promises to be a year of growth and progress for the library. We look forward to the addition of another full-time professional to our staff, opening the library eleven more hours for a total of fifty hours, serious work on weeding and developing the library's collection and continued good service. I

have enjoyed serving the people of Derry in my role as library director. I greatly appreciate the warmth with which I was welcomed and accepted into the community. I would invite any input from interested patrons concerning how the library can better serve Derry. Libraries and information centers are many things to many people. Help your library be what you would like it to be for you, your family, and your community. Thank you all for your help in this most challenging and rewarding position.

Taylor Library Report

Taylor Library has just completed another successful year, thanks to the Trustees and Patrons.

We would like to thank the Derry Junior Women's Club for the worthwhile Story Hour they have held on the third Wednesday of each month.

The N.H. State Library Bookmobile visited us four times this year and our own collection was supplemented by 524 adult fiction, 199 adult non-fiction, and 67 juvenile volumes. The N.H. State Library and neighboring libraries have filled numerous inter-library requests for our patrons which we are pleased to provide.

Having joined the surrounding towns in the Merr-Hill-Rock Coop helps us in getting a greater discount on book purchases. The co-operation of the other librarians in these times of rising costs and conserving energy add much for our patrons.

We would like to thank all who have donated bookmarks, books, paperbacks and gifts that have made our past year so enjoyable.

Respectfully submitted,
Annabell G. Hastings
Librarian

Report of the Derry Ambulance Service

The year 1980 has proved to be an active and busy one for the Derry Fire Department Ambulance service. This past year we have seen an increase in several areas. Specifically in ambulance runs, new equipment purchases and in the ever increasing demand for First-Aid and C.P.R. classes.

Below you will find the statistics on runs to the town of Derry, Londonderry and Chester. On close examination you will see a sharp increase in these areas. In the ten years of operation, we have experienced a 100% increase in runs to the towns serviced. This is mainly due in part to the increase in population and the establishment of several nursing care facilities in this locale.

Several new pieces of ambulance equipment have been acquired. The most significant is the addition of a portable hand held radio with repeater capabilities. With this radio it allows the E.M.T. the ability to communicate with the area hospitals in a twelve to fifteen mile radius, at the scene of an emergency, while away from the ambulance. In the area of training equipment we have acquired an intubation trainer. This piece of equipment is a specially designed manikin used in training medical personnel in the techniques of Advanced Airway Management. The acquisition of this specific tool has proved to be very useful in recertifying our E.M.T.'s to the level of State Registered EMT I's.

One service that has seen an ever increasing demand to this department is in the area of Public Education. I feel this increase is do mainly on the part of the General Public's desire to be prepared for a Medical Emergency, should they be faced with one. Through hard work and genuine dedication on the part of several volunteer's, this project has been realized. These dedicated individuals have spent well over 300 man hours in preparation and time to reach over 350 people, so they may gain the knowledge to be better prepared for a medical problem.

As we enter a new decade this department is committed to

providing you the taxpayer with the best possible service. By your continued faith and support in us, this task can be realized. THANK YOU for successful 1980.

Respectfully submitted,

Chief James J. Cote
Derry Fire Department

Donald F. Gelinas, Supervisor
Emergency Medical Service

Report of Forest Fire Warden and State Forest Fire Service

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost

of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

Derry Fire Department - 1980

As Chief of Department, I am pleased to report that the year 1980 was one of the "slowest" years in recent history in regards to heavy fire losses or multiple casualties. Although the number of fire calls increased, most of them were of a routine nature. I would like to think that most of the decrease of property loss due to fire is attributed directly to the Derry Fire Department Fire Prevention Bureau's program of stressing public awareness of fire safety. Since the inception of the Fire Prevention Bureau, statistics show that the amount of fire loss has declined and the amount of inquiries as to proper installation of heating devices has triples. I feel that if this trend continues, Derry's fire losses can and will be held to a minimum.

The year 1980 also saw a definite gain in the educational field insofar as the Derry Fire Department enjoys a 99% certification record with the State of New Hampshire in the Fire

Fighter I category. The department also has state certified instructors in the afore mentioned category.

This year, we also enjoyed the formation of the first Derry Fire Department Ladies Auxiliary. In the short time the ladies have been established, their assistance, both during and after fires has been invaluable to us.

The year 1980 also saw Derry host the 83rd Annual State Fire Fighters Convention. This is the second time in Derry's history the convention has been held here, the first being the 11th Annual Convention in 1908. Approximately thirty-five (35) towns participated with some 350 odd delegates attending, with Chief Cote being elected State President for the year 1981.

To summarize the year 1980, I think it is the year to use as an example in the future for further reduction of fire loss and increased education for its members.

James J. Cote
Chief, Derry Fire Department

1981 Warrant for Fire District Meeting

To the inhabitants of the Derry Fire District qualified to vote in district affairs:

You are hereby notified to meet at the Veterans Memorial Hall at 31 W. Broadway in said District on the 10th day of March, 1981, at 7:00 o'clock in the forenoon (morning) to act upon the following subjects:

ARTICLE 1. To choose all necessary District officers for the year ensuing.

ARTICLE 2. To hear the reports of agents, auditors and committees heretofore chosen and pass any vote relating thereto.

ARTICLE 3. To see if the District will vote to raise and appropriate the sum of Six Hundred Seventy Four Thousand Four Hundred Ninety One & 00/100 Dollars (\$674,491.00), or any part thereof by taxation or otherwise, to meet payments of principal and interest on debts of the District; for salaries of officers and agents of the District; and for all other necessary expenses arising in said District, and pass any vote relating thereto.

ARTICLE 4. To see if the District will vote to accept Sixty Five Thousand and Five Hundred Nine & 00/100 Dollars (\$65,509.00) in anticipated revenues or any part thereof to meet payments of principal and interest on debts of the District; for salaries of officers and agents of the District; and

for all other necessary expenses arising in said District, and pass any vote relating thereto.

ARTICLE 5. To see if the District will vote to authorize the Fire Commissioners to borrow money in anticipation of the taxes of the municipal year in which such loans are incurred and made payable therefrom by such, and pass any vote relating thereto.

ARTICLE 6. To see if the District will vote to authorize the Board of Commissioners to transfer all or any portion of its unreserved fund balance, if any remaining on hand at the end of each calendar year, to the Capital Reserve Fund established by the voters of the District.

ARTICLE 7. To see if the District will vote to authorize the Board of Commissioners to act as agents of the District and to expend the Capital Reserve funds in connection with the purposes for which said fund was established in accordance with New Hampshire Revised Statutes Annotated, Chapter 35, Section 15.

ARTICLE 8. To see if the District will authorize the Board of Commissioners to hire an independent accountant or accounting firm to audit the accounts of the District annually.

ARTICLE 9. To see if the District will vote to raise and appropriate the sum of Four Thousand Fifty & 00/100 Dollars (\$4,050.00) for the purchase of gasoline, fuel oil and necessary

maintenance supplies.

ARTICLE 10. To see if the District will vote to raise and appropriate the sum of Twenty Two Thousand & 00/100 Dollars (\$22,000.00) for the purchase of a computer terminal (so-called) for the purpose of recording and storing department and budgetary records and to computerize fire dispatching procedures.

ARTICLE 11. To see if the District will vote to raise and appropriate the sum of Twenty Thousand & 00/100 Dollars (\$20,000.00) for the purchase of a new digitized central receiving and sending unit to replace present central unit (for which replacement parts are unavailable) and to be connected to the present alarm system.

ARTICLE 12. To see if the District will vote to raise and appropriate the sum of Twenty Six Thousand Five Hundred Forty Four & 00/100 Dollars (\$26,544.00) for the purpose of employing three dispatchers.

ARTICLE 13. To see if the District will vote to accept the provisions of any article voted by the Town of Derry at its annual meeting, March 1981, whereby the town votes or has

voted to transfer the supervision and ownership of the Derry Ambulance Service to this, the Derry Fire District, including operation maintenance and ownership, and accept any monies from the Town of Derry so authorized, and authorize the Board of Commissioners of this District to negotiate any necessary agreement with the Town of Derry.

ARTICLE 14. To transact any other business which may lawfully come before such meeting including the appointment of any committees on any article embraced in this Warrant.

The polls for the election of officers of the District will remain open from 7:00 o'clock A.M. until 8:00 P.M. unless the District at the opening of the meeting votes to keep the polls open until a later hour. It is planned to take up the remaining articles in the Warrant at 7:30 P.M. on Monday, March 23, 1981 at the District Station at 131 East Broadway.

Given under our hands and seal this 20th day of February, 1981.

Ronald R. Boyle
Donald R. Chase
William McGrath

Derry Fire District Meeting March 17, 1980

Headquarters Station, Derry Village, N.H.

Present: James Cote, Fire Chief

Mervin Crabb, Deputy Chief

Leo Manning, Clerk/Treasurer

Donald Chase, Fire Commissioner

Ronald Boyle, Fire Commissioner

William McGrath, Fire Commissioner

Budget Committee Members

Fred Tompkins

George Katsakiores

May Casten

Eugene Dutra

Nancy McKinnon

Pat Dowling

Moderator David Saunders: This is your Fire District Meeting and we are going to operate under a few rules - the minutes of the meeting are going to be recorded and taken in shorthand, so if you have something to say, don't speak too fast or we won't be able to pick it up. Mrs. Davis is going to be taking this in shorthand. The only other rules are that there will be no motions on motions and no amendments on amendments and no consideration on motions after we have moved on to another motion. If you ask for a reconsideration, you have to have voted in the majority. We aren't going to recognize anyone who has spoken on it until everyone else who has not spoken has had a chance to speak. This will cut down on an ongoing debate. That's about all I have to say right now. I will now read the warrant. "To the inhabitants of the Derry Fire District qualified to vote in district affairs. You are hereby notified to meet at the Engine House at 32 West Broadway in said District on the 11th day of March, 1980 at 7:00 o'clock in the forenoon to act upon the following subjects:

Article 1: To choose all necessary District officers for the year ensuing.

(Results of the voting:)

Moderator:

David Saunders 1132

Henry E. Soucy 510

Anthony Travis 1

Jack O'Neil 1

J. Corley 1

David Rice 1

Ronald Hayward 1

Joseph Stancik 1

B. Dumas 1

Clerk & Treasurer:

Leo Manning 1555

Cecile Hoisington 1

Kenneth Hartman 1

Dr. Butterfield 1

Jack Hawkins 1

John Korbey 1

B. Dumas 1

B. Wainwright 1

Roland Ferland 472

William McGrath 852

Bruce Wainwright 500

John Monty 1

B. Dumas 1

Roger Beliveau 1600

Minzner 1

A. Panos 1

L. Wilkins 1

C. Watts 1

J. O'Neil 1

J. Korby 1

Total votes cast: 1914 ballots, 12 absentee ballots.

Article 2: To hear the reports of agents, auditors and committees heretofore chosen and pass any vote relating thereto.

This was all done on March 11th. We will take any motion that you care to make at the present time. On this side of the table is the Budget Committee, the three Fire Commissioners, the Fire Chief, the Deputy Chief and the Clerk of the District, Leo Manning, and two secretaries. The first motion you want to take up?

Chief Cote: I would like to take up Article 3.

Deputy Crabb: I second the motion.

Moderator: The motion has been made and seconded to take up Article 3.

Article 3: To see if the District will vote to raise and appropriate the sum of \$689,199.97 or any part thereof by taxation or otherwise, to meet payments of principal and interest on debts of the District; for salaries of officers and agents of the District; and for all other necessary expenses arising in said District, and pass any vote relating thereto.

Comments?

Mr. Ferland: I make the motion that we read the article item by item on the budget.

Moderator: The motion has been made and seconded that we go item by item on the budget; all those in favor say aye. Opposed? We will take the

budget up item by item. The first item on the budget is District Officers - the Budget Committee is recommending \$6,585.00 for the year - questions?

Mr. Ferland: Why the increase?

Chief Cote: It breaks down to the Commissioners' salaries, the Clerk and Treasurer, the Chief's expenses, the election expenses and legal expenses. We put in under the auditor, election means auditor, moderator, etc., and help. We also have an additional \$700. and that's to hire an auditing firm to go right through the books.

Moderator: Are there any other questions? Item #2 is Permanent Men - the Budget Committee recommends a total of \$489,062.00. Questions?

Mr. Woodside: Can you tell me how many men this would be and who it would be?

Chief Cote: That is everyone.

Mr. Woodside: Do you have a total there?

Chief Cote: 31.

Mr. Woodside: 31 - is this 31, I have to assume is because Mr. McGrath is no longer in the department as far as permanent men is concerned?

Chief Cote: It is still a 31-man department.

Mr. Woodside: Is that without Mr. McGrath?

Chief Cote: He has been replaced.

Mr. Woodside: Does that include the 2 secretaries?

Chief Cote: That's the whole department - there are 41 in the department, 10 are under the ambulance, and that's 31.

Mr. Woodside: This list I have here, it totals 32.

Chief Cote: That's correct. We went through that at the Budget Committee meeting and the number was readjusted down because we were still carrying Mr. McGrath. At that time he had not been taken off the roll because he had not retired. So we had to show him on the roll. Since then, as of February 1st, he has retired and we are back down to 31. That was all explained at the Budget Committee meeting.

Mr. Woodside: \$439,951.77 including Mr. McGrath's figure. I have a figure here ... does that include Mr. McGrath's figure?

Chief Cote: Well, the \$489,000, you have to remember, Mr. Woodside, that you have the figures of before any negotiations were brought up and added in. We chose not to go to a warrant article. We brought our figures to the Budget Committee, they accepted the figures, the cost of living and the negotiated package and adding them all up and readjusting Mr. McGrath's salary, it came up to \$489,062 and that is what was passed by the Budget Committee.

Mr. Woodside: This figure that I have, it has been adjusted downward, is that correct?

Mr. Tompkins: Mr. Moderator, may I state a clarification - there were three separate pieces of paper presented to the Budget Committee at one time or another and the paper that Mr. Woodside has is the one from 12/27. There was another of 1/17/80 and another of 1/21/80. There were numerous revisions to these. The salary figures were gone over by myself, the Chief, members of the committee, Mr. Conroy, the Deputy Chief and we looked into various numbers. Subsequent to that, figures were presented to the Budget Committee and it included those periods of time when Mr. McGrath was included for a month or so.

Mr. Katsakiores: As we were going through in the budget process, Mr. McGrath was to be on the payroll until February 1st. On February 1st they were going to move up a Lieutenant to replace a Captain and a Private was going to be moved up to a Lieutenant position. This was all submitted for budgeting purposes and that would allow the extra man they had on the bottom and #32 would be out of the picture. That's how we came down to 31. We had some money budgeted for #32 but once we agreed that when Mr. McGrath leaves on February 1st, then we would fund that position as a Captain, moving up a Lieutenant and split the difference between a Captain and a Lieutenant, then we took a Private and moved him up to a Lieutenant and these would make the differences so that we would have to fund

Mr. Woodside: You still have not answered my question. You have 32, going down to 31. You have made a shift, a change in personnel. The balance should stay the same. I would like to know why I have this figure here and not the \$489,062 I am being presented here with tonight.

Chief Cote: We readjusted all of our figures when the dispatchers were not approved and came out with \$433,996. Now you have retirement and bookkeeping and you have all the other things involved in that, that's what brings it up to 460 odd - these are all things that are in this memo - I don't want to break them down because it would take a long time, but the point is, it adds up to \$460,121 and that includes bookkeeping and retirement. Those numbers you don't have - you only have one sheet.

Mr. Woodside: You are telling me that's all plugged into this figure, I'll accept that - but this sheet that was submitted to the Budget Committee is plugged into the salaries for the year. Where do I see the full number on this?

Chief Cote: The full number is here in the \$460,121 - that is the full number with retirement, etc.

Mr. Tompkins: I have a sheet here showing each employee, the number of weeks and holidays and the rate of pay, etc. This assumes that a promotion of someone would take place because of Captain McGrath, at a certain rate of pay. You would multiply out what is step 1 and step 2. As Chief Cote has indicated, this figure of \$460,121 was arrived at on January 21, 1980. We had a public hearing on the budget. At that time management and representatives came to the Budget Committee in executive session to see what we could arrive at. On the basis of that presentation, we agreed that the settlement was within reason when we go through the arithmetic of the settlement and we agreed on \$489,062. If you care to examine my sheets, you may do so.

Mr. Katsakiores: You are asking about retirement and bookkeeping. The payroll was projected at \$38,148.25, the retirement was \$2,124 - this must be added to the base of 433 plus - then we add 6.5% for the cost of living raise - I don't know what the final figure is.

Mr. Woodside: Okay.

Mr. Ferland: What is the actual raise for the firemen this year? The cost of living or the negotiated raise?

Chief Cote: It is the negotiated raise - 6.6%.

Mr. Ferland: Can you answer me a question? Why did you spend \$5,000 more last year than you were appropriated for permanent men?

Chief Cote: Some of the bookkeeping, some of the replacements were posted under Permanent Men when they should have been put under Overtime. It should have been Overtime, and that would have been astronomical. But not knowing exactly which way to post it, I posted it under Permanent Men and that's one of the reasons we have that extra money in this year.

Mr. Ferland: You are saying that extra duty would be \$23,000?

Chief Cote: Something like that, yes.

Mr. Ferland: Did you have \$13,000 this year in overtime?

Chief Cote: On the bottom, on the revenue side we also had a reimbursement of \$12,000 something. You have to take and pay the men if they are out on sick leave and then when they get their checks, they reimburse the department, which is standard. That's carried under the appropriations credit.

Mr. Ferland: Your system works when a man is out sick and another man replaces him on overtime, when he receives a check for sickness benefits...

Chief Cote: If a man such as Mr. McGrath is out sick, if I had to replace him, the man that replaced him gets paid out of the overtime account, or extra duty account. We also paid Mr. McGrath. When that check came in, he brought it back to the department and that is an appropriation credit. But the man still gets paid out of the extra duty account.

Mr. Ferland: You have two pays going out. One is taken at one and a half times.

Chief Cote: No.

Mr. Ferland: Straight time for the extra man. So instead of 31 men, you have an extra man on the payroll.

Chief Cote: I have 31. We had 32 for one month then Mr. McGrath was relieved.

Mr. Ferland: What is your manpower here?

Chief Cote: 31 firemen.

Mr. Ferland: If one man goes out sick and you hire another one, then you would have 32?

Chief Cote: That is correct. Until such time as that man reimburses his check, then it goes back down to 31.

Mr. Ferland: If you have 31 firemen and two are out sick, you have 33 firemen? Are the checks for the full amount of the wages?

Chief Cote: They are whatever the compensation benefit is.

Mr. Ferland: If you have a man making \$40. a day and he goes out sick, does he still get his \$40. a day?

Chief Cote: No, it all depends on what he goes out on. If the man draws \$40. a day, if he goes out under fireman's fund, he is going to get 70% of \$40. - or if it's \$100., he is going to get \$70. We give him the 70% - when he draws that money, he reimburses the department for that. The same as the town, it that right?

Mr. Ferland: He gets 70%, we only get 30% back?

Chief Cote: He gets 70%, we get 70% back.

Moderator: We are only paying him what they are allowed, what he is going to get on a benefit from the compensation, then he reimburses the department.

Mr. Ferland: How does he reimburse us?

Moderator: From the insurance company.

Mr. Ferland: You pay a man 100% while he is working, the other is going to get only 70%, you pay him what Workmen's Comp. is going to pay him?

Chief Cote: Workmen's Comp. will pay everything less his income tax.

Mr. Ferland: When he gets his check, he reimburses you. You still pay a man full time for the time he is out.

Moderator: On the bottom of the page under 1979 expenditures, appropriations credit \$12,36\$...

Mrs. Casten: The fire department presented three different budgets to the Budget Committee to try to come up with something. The majority was not happy with the outcome of the budget - there was about \$20,000 that none of us could find. We have been told they were hiring an outside audit to find the money - perhaps that is why there is a discrepancy. Did they say when they were coming to audit the books?

Chief Cote: Well, we have a couple of discrepancies, May. I did not hire or put in money to hire someone to find your hypothetical \$20,000. I put in \$700 to have an auditing firm come in to show us how to do the books properly for the Budget Committee. On the \$20,000, I did have a representation from the Budget Committee come down, they did in fact find that all the money balanced, there was no question that money was posted where it shouldn't have been. As for your last question, I have one more company that I want to contact as far as bids on it to see what they can offer, then the Commissioners will make the decision. There is nobody at this time, no fixed company.

Mrs. Casten: We are not saying anybody took anything...

Moderator: We have the Chairman of the Budget Committee here, Mr. Katsakiores, maybe...

Mrs. Casten: Are you questioning me?

Moderator: I'm not questioning you, dear, but we do have the Chairman of

the Budget Committee here.

Mrs. Casten: Well, fine, I can still ask as a Budget Committee member.

Moderator: Well, you have made some inferences here...

Mrs. Casten: I have not made an inference, I have made a downright statement.

Mr. Katsakiores: I think what Jimmy is saying is true as to any discrepancies in the budgetary processes. By the same token, we want to make it perfectly clear that the Budget Committee did have some problems on the budget. We spent a lot of hours, we went over it with a fine tooth comb. Jimmy kept coming back with what we were looking for and in the final analysis, by the time we finished the budget, there was a rational explanation for every last dime. I can understand Mr. Ferland's problem. We do know you have this idea in your head that when they replace a sick man with another man, the fact of the matter is, there are many occasions when Jimmy replaced a man with another man and his 56 hours had already been served, he would be paid time and a half...

Chief Cote: No. Straight time.

Mr. Katsakiores: Oh, straight time. Well, that's another problem...

Mr. Wainwright: I would like to clarify a point. I just heard that the majority of the Budget Committee was not happy with the budget. Did they not approve the budget at the last public hearing? The majority of the Budget Committee did in fact approve the budget. Just to clarify one more point with Mr. Ferland - if a firefighter is called back after he has served his time, he gets paid straight time.

Moderator: Any other questions on Permanent Men?

Mr. Ferland: No man gets paid time and a half?

Chief Cote: Not for a full shift, Roland. If I can break it down. If a man comes in and is called back, when those men are called off duty, they are paid time and a half. If a man contracts to work a full shift, that's back on an emergency situation, it is time and a half.

Mr. Ferland: So time and a half is involved?

Chief Cote: Not for a full shift.

Moderator: Any other questions on Permanent Men? Mr. Tompkins?

Mr. Tompkins: Certain inferences have been made regarding the problems the Budget Committee had; one was with Permanent Men. Regarding the bookkeeping, instead of taking the funds from the Extra Duty account, they were taken out of the Permanent Men account. The Budget Committee was satisfied that the figures were correct. The bottom line figure was correct and we decided it was not worthwhile to go back.

Moderator: Any other questions under Permanent Men? If not, we will go on to Call Men. The sum is \$11,000. Any questions?

Mr. Woodside: You spent \$8,233 last year and asked for \$10,000 - this year you want \$11,000 - why the increase? When you stopped blowing the whistle, you said it was so that all call men wouldn't have to come to the fire. If this is the case, I would assume the budget would be going down, not up.

Chief Cote: We are authorized for 24 call men. We did not have last year a full 24 call men for the full year. That's one of the reasons we didn't spend all of our monies. Another reason is that the call men have to make a certain quota. If they don't make a certain quota, then they don't get a full year's pay. That's another reason why we didn't spend all the money here. What we have for the breakdown - we are authorized for 24 men; \$11 per man for insurance, one is \$6 a year, one is \$5 a year; we negotiated that last year - we pay their New Hampshire retirement insurance. That adds up to \$264. We also negotiated for the next couple of years that we would give them \$25 a year, including that, the whole total of full pay plus the \$25 plus the \$264 adds up to \$11,664 - we asked for 11 because I don't know at this point in time, because we have one man down, plus not everybody receives a full year's pay. We thought we would be comfortable with the \$11,000, the \$664 we just let it drop. It depends if the quota is made.

Mr. Woodside: You say full pay. Let's say we have 20 calls. Out of that only 5 of the total you have blown the whistle for call firemen to come in. If that's the case, would this figure substantially decrease?

Chief Cote: It doesn't have anything to do with the way you are asking it. The call men, we cannot operate on the permanent men that we actually have. We need more manpower. The call men are paid a flat rate per year, it's the old standard saying, if you make one or if you make 100, depending on how many calls you have that year. If we have 20 fire calls in one week, we blow the whistle five times and Ernie makes five calls, he makes 100%, he has to make a percentage of the calls that we call the call men. It has nothing to do with the amount of calls we have here, it's the amount of calls we ask the call men to come to.

Mr. Woodside: Okay.

Mr. Comeau: I've been a call man for 10 years and every year we have to argue about this part of the budget. We get \$475 a year, we value our lives more than that. I don't see why we have to argue for \$475 every year for call men, I really don't think so.

Mr. Cassidy: Even though those men come in when the whistle blows, they also come in when a silent alarm goes, if they hear it over their radio they come in; they are not just coming in when the whistle blows, they do respond to these fires.

Mr. Harvey Cote: In addition to their firefighting duties, they are required to attend two meetings a month, they are called away from their homes.

Moderator: Any other questions on Call Men? We will go on to Extra Duty Men; the amount is \$21,000.

Mrs. Casten: I think that somehow or other, it's my opinion, if a man takes a full duty for another man, he has already worked his shift, this man gets

straight time. I think this is the only department when a man replaces another man full time, he doesn't get time and a half. I think the Commissioners should stress this issue of extra duty. If a man has worked his 40 hours, he should get time and a half, this is the only department in town that doesn't.

Moderator: Do you want to make a motion to increase that account?

Mrs. Casten: No, no.

Chief Cote: May, I was just going to say, why don't you make a motion to increase that line from \$21,000 to \$30,000 - I would be more than glad to second it, because I completely agree with you.

Harvey Cote: For once I agree with May, let's amend that line to read if a man is called in on any off duty time, it should be time and a half. (Seconded from the crowd.)

Mrs. Casten: What about negotiations, that's why I didn't want to screw it up.

Chief Cote: I'm probably going to be the most unpopular man in here tonight, but before we get carried away, May does a very nice job of presenting things, and I'm behind her 100%, but I have to speak against it. I'll be the most unpopular man here....

Mrs. Casten: In that case, I second it...

Chief Cote: The reason I'm speaking against it is that we have negotiated a package, I firmly believe that Harvey and May are both right, we run very parallel at times and I'm really for it, it's just that I will go on record to say that we did officially negotiate a package and I'm trying to live up to my end of the negotiated package and if I get overruled, I'm sorry about that, but I did want it on the record that I want to stay with what we have.

Mr. Katsakiores: I too want to go on record to support Jimmy's position. I think we do have to recognize that we are involved in a bargaining unit and the Commissioners have that option because we are involved, but I feel it would be far beyond what we consider proper to add this to the pay package, there are other options that don't involve necessarily money.

Mr. Wainwright: Has the ambulance budget come before the town yet or are they completely separated from the fire negotiations?

Chief Cote: It has come before.

Mr. Wainwright: So would the ambulance people be getting this time and a half?

Chief Cote: That's a completely independent issue.

Moderator: Would you consider withdrawing your motion?

Mr. Harvey Cote: In light of the fact that the ambulance budget has been submitted, I will withdraw.

Moderator: Do you withdraw second? The motion has been withdrawn. Any other questions under Extra Duty? If not, we will go on to Building. The sum is \$38,000. Any questions? No questions? We will go on to trucks. \$15,000 - any questions? No questions? We will go down to alarms. \$19,500 - any questions?

Mr. Martin: Under the radio and maintenance, could you break that down; is this new radios acquired?

Chief Cote: The breakdown on the radios is in my desk drawer, but I assume you are talking about the extra 4-5? That's for radios to replace the obsolete radios that we have that we can't buy. We have a couple that we can't get repaired any more. We have submitted for approval four radios and that will put every first line vehicle on a 2-channel capacity so when we leave for a fire, we can go right to channel 2, so if we request help, everybody talks and the department that has the problem of the fire situation - you can't get through to order what they want. We are already licensed for 2 channels, but what we are doing now is replacing our obsolete radios and bring it up so we have a minimum of a 2-channel capacity.

Mr. Ferland: On the alarms, I notice some firemen working on the alarms.

I see Mr. Crabb sometimes - is that straight time, too?

Chief Cote: He doesn't get paid. Mr. Crabb is on salary and that's donated. If a man is working with him, he gets straight time.

Moderator: Any other questions on alarms? If not, we will move on to New Equipment - the total is \$15,500.

Mr. Woodside: I notice on this breakdown you have \$11,880 appropriated for 1979 and the amount expended was \$8,343. I assume that we have already spend all that money including the generator?

Chief Cote: There was \$8,300 credited to that account. In the middle of the year we got hit with unemployment - we paid that. I think what you're going to find is that the \$3400 that we paid would have been on the unemployment and that's the reason that number is like that.

Mr. Woodside: Explain the increase on the New Equipment.

Chief Cote: \$550 on a charger and essentials needed at Station #2; we have a set of warning lights if we leave either building on Broadway they will be run manually and will flash as the vehicle is coming out to give the pedestrians and drivers a warning that we are coming onto the macadam; the Budget Committee recommended that we have another vehicle for the deputy - that was passed for \$5,000; we put in for a typewriter, a new copy machine and some other assorted equipment such as boots, helmets, saws and odds and ends like that.

Mr. Tompkins: I would like to correct Mr. Cote - the Budget Committee did not recommend that you have another vehicle for the deputy chief, we recommended that...

Chief Cote: I stand corrected. We proposed to rent two vehicles for \$5,000 and the Budget Committee recommended that we buy one for department use for \$5,000.

Mr. Ferland: Regarding the generator - I was told that the generator was purchased and a check was put aside for payment.

Chief Cote: When you originally started that, Roland, you said that we told you that there was a generator in the original building and that is not so. The next year we came in for money for a generator which was last year. The generator came in but it was shipped back because it was regular gasoline, not LP gas. We never received it until February.

Mr. Ferland: Out of that \$11,880 you should have the generator in here.

Chief Cote: It is already bought.

Mr. Ferland: There is \$4,000 on the revenue side - you have \$15,500 including the generator in this line?

Chief Cote: No, it's not in there - that \$4,000 is for 1979, Roland. That is the breakdown for 1979.

Mr. Ferland: What will you spend on alarms this year? Under this new equipment you have \$3,000 for this year, \$3,000 for supplies, \$4,000 for the generator and \$1880 on the Taylor Mill, this comes out to \$15,500.

Moderator: We just went over that once.

Chief Cote: I'll go over it one more time, Roland. Hose \$3,000 same as last year; supplies, boots, coats and other supplies \$3,000 same as last year; copy machine, typewriter, the department vehicle, the signs and the warning lights and then the small starter and small stuff that we need at Station 2 - that adds up to \$15,500. I just went through it one more time.

Mr. Ferland: Where is the capital outlay?

Chief Cote: That's it, it was put in under a different line.

Mr. Ferland: Where is the capital outlay here? Did the Budget Committee recommend this thing?

Chief Cote: It was their budget.

Mr. Ferland: Where is the capital outlay of \$5,000?

Mr. Katsakiores: That was one area where the Budget Committee was not too happy about this list. But it is new equipment and it is the same as capital outlay. Once they have been audited, their program will be as it should.

Mr. Ferland: Then you should have put this under capital outlay.

Mr. Katsakiores: If you look at the State forms, they have the same categories...

Mr. Ferland: They hold the town this way, they hold the school this way, they hold East Derry this way, why can't we hold Derry this way?

Mr. Katsakiores: As soon as we are audited, we will realign every one of these accounts. If you look at the budget forms, you will see they have the same categories and it isn't broken down the way we would like it, but we chose to go along with them, inasmuch as there are going to be some changes when the new auditor recommends something other than what we've been doing and we are willing to wait for this. The areas that might be questionable will be covered.

Chief Cote: The Budget Committee was presented with this form, Capital Outlay Justification Sheet Request, for items costing \$500 or more, everything under new equipment is on this list. This list was voted on and it was passed on and then it went under new equipment. Every item \$500 or more was put on the Capital Outlay Justification Sheet and it was presented to the Budget Committee, exactly as all other departments had to do.

Mr. Ferland: That was your presentation to the Budget Committee. This is the Budget Committee's budget. They have a procedure that they follow for the whole town except for the fire district. To my way of thinking, they are breaking the law, not you, but they. They are supposed to have this under capital outlay. They do it for everybody else. They do it for East Derry, they do it for the schools, they do not do it here. They use the excuse of an audit. I think this is illegal. We fought this before with the police car and they lost it.

Mr. Katsakiores: If you would take that new equipment line, if you have a form to look at, you will see that down below they have capital outlay equipment. We could very well take that number and place it down there, but it wouldn't change anything. They might say to you, what do you have for capital outlay, and you would refer them to that line that says new equipment. It might be line 8 instead of line 32, so that's really the only difference, Roland, there is nothing illegal in that. If we haven't filled the form in exactly as specified by the Revenue Administration, we haven't complied with every line as they would like to see it, but I'm sure when they set their tax rate and they explain their position, that they are going to have an audit and we have been doing this all along, they have accepted our method of accounting for these lines and we will change it to comply.

Moderator: Any other questions under New Equipment? We will go on to the next one which is called Fire School for \$1600. Any questions? The next item is Clothing for \$3,900, any questions? The next one is Insurance for \$84,790, any questions?

Mr. Ferland: What is this insurance - fire insurance, Workmen's Comp?

Chief Cote: It breaks down to Fireman's Fund, Blue Cross/Blue Shield, unemployment insurance and then Bill DeRemer, that's vehicle insurance, liability, they are all under the one category.

Mr. Ferland: How much is the Workmen's Comp?

Chief Cote: \$8,000, \$8,500.

Mr. Ferland: Is that a 32% increase over last year?

Chief Cote: I don't have the exact percentage. It was 44% then it dropped back down to 37 or 38.

Mr. Ferland: Was there a Blue Cross increase this year?

Mr. Crabb: 7 or 8%, but there is another increase coming by the middle of summer and this will be 27%. We haven't budgeted for this.

Mr. Ferland: When you people negotiate, you must take into consideration insurance. Insurance is going at a fabulous rate. I would check on that because so many injuries happen to firement.

Chief Cote: That is nationwide, Roland.

Mrs. Casten: How many men were out for injuries this year? On sick leave?

Chief Cote: For the number who were out any length at all, I would say 10 or 11 for one reason or another.

Mrs. Casten: How many retired on compensation?

Chief Cote: One.

Mrs. Casten: Last year?

Chief Cote: None.

Nancy McKinnon: Could I have the breakdown of insurance that total up to \$84,790?

Chief Cote: Actually it adds up to \$85,498, it got readjusted at the last minute. (Figures were given to Ms. McKinnon.)

Mr. Ferland: Are the firemen fully insured.

Chief Cote: They are covered under Workmen's Comp, sure.

Mr. Ferland: You have 31 firemen and you have 21 call men, so there are 52 firefighters. This is \$1500 per man for insurance.

Chief Cote: Roland, it's 9.3 for permanent men for retirement. Under the New Hampshire Retirement System we pay \$6 a year to the Retirement System for the call men. If they were to get totally disabled, it's about \$1200 a year, a little over \$100 a month, for the \$6. It's \$260 odd dollars for the call men.

Moderator: Any other questions on Insurance? If not, we will go on to Clerical Supplies, \$600.

Mr. Woodside: You asked for \$500, you expended \$410, you are now asking for \$600, why the increase?

Chief Cote: Mainly the cost of supplies, the cost of stamps, printing envelopes, everything. We have a new reporting system for the State and we have to buy some new forms; the Fire Marshall is shooting for April 1st, but it may be the 15th. It's just the natural cost of everything rising.

Moderator: Any other questions? Principal on Debt, \$20,000.

Mr. Ferland: How many more years do we have on that?

Mr. Manning: This is the last year on the truck and on the building 14.

Moderator: Interest on Debt, \$6,182.00 - any questions? The total comes to \$732,719.00.

Chief Cote: I make a motion that we accept it as read.

Mr. Comeau: I second.

Moderator: The motion has been made and seconded that we appropriate the amount of \$732,719.00 - all those in favor say aye. Those opposed? The ayes have it and it is a vote and I so declare it. Now, on revenues.

Chief Cote: I make a motion that we accept them as read.

Mr. Ed Brown: Second.

Moderator: A motion has been made to take up Article 4 which is the Revenue section. Article 4 is as follows: "To see if the District will vote to accept \$43,519.21 in anticipated revenues or any part thereof to meet payments of principal and interests on debts of the District; for salaries of officers and agents of the District; and for all other necessary expenses arising in said District, and pass any vote relating thereto."

Mrs. Bouchard: There is a question about the amount for revenues, this \$42,255...

Chief Cote: There is a printing error. When he printed it, he used the \$42,255.72 which is on this handout sheet - he didn't add the...almost 13 - he just used that one number, he didn't add the column up, he just used the one number.

Mr. Ferland: Why is the tax revenue so low on the gas?

Chief Cote: Because that's all we used. Also there was one check that didn't come in until January 12th so we couldn't put it on this past year's.

Mr. Ferland: Why is the amount received from the State so high?

Chief Cote: They anticipated \$16,500 in 1979, they realigned their distribution system in the State and we ended up with \$42,255.72. This year we anticipated \$17,000 - I called the Revenue Administration and that was my understanding. The understanding of the Budget Committee was to use roughly the same figure that you received last year - I took that number to be \$16,500, so I went up to \$17,000 - they took it as the \$42,255.

Mr. Ferland: What is the source?

Chief Cote: Business profits tax.

Mr. Ferland: I think you're right and they're wrong.

Mr. Katsakiores: I'd like to make that point clear to give Roland some comfort or any others that think that the Budget Committee did not spend a lot of time on this. We were not exactly too easy on the fire department - it seems like we just took their figures. We met several nights with them and they came back on two different nights with different figures and we sent two or three men over on a Saturday to work with them and spent several hours on them to see if we could get together with these figures so we could have the best picture of what we are looking at. We were not exactly too kind to the Fire District, so don't get the idea that they just brought in some figures and the Budget Committee just accepted them - that's not what happened.

Mr. Bonner: I have a question on the extinguishers. What is the policy about the fire extinguishers and the public?

Chief Cote: We used to do the soda and acid which are almost extinct now and we would refill also at the price it would cost us for the dry chemical. But we've found over a period of time that they are having a lot of trouble filling dry chemical extinguishers; they keep seeping or need replacements and we don't have the parts, so now we recommend that we ship them right up to Manchester where they have the facilities to do this. We only do what we think we can do, that's all. The rest we have shipped out.

Mr. Ferland: What do we need from outside that we would get \$50? On Outside Fire Labor...

Chief Cote: If we burn something. Once in a while somebody requests that we burn something and they will give the department whatever...

Moderator: I have a motion that we accept it as read by Chief Cote and seconded by Mr. Wainwright. That we accept \$43,519.21 - all those in favor say aye. All those opposed? The ayes have it, it is a vote and I so declare it. I have a motion on the floor that we also accept the figure of taxation of \$689,199.79. Motion by Mr. McGrath, seconded by Chief Cote. All those in favor say aye. Those opposed? The ayes have it. *Article 5: "To see if the District will vote to authorize the Fire Commissioners to borrow money in anticipation of the taxes of the municipal year in which such loans are incurred and made payable therefrom by such and pass any vote relating thereto."*

Mr. Crabb: I make the motion that we accept it as read.

Chief Cote: I second the motion.

Moderator: I have a motion that we accept it as read - any questions? All those in favor say aye. Those opposed? The ayes have it and it is a vote. *Article 6: "To see if the District will vote to authorize the Fire Commissioners to establish a capital reserve fund, or to place in the hands of the Trustees of Trust Funds any monies that may be donated to the District, made available to the District, or not spent by the District from the monies appropriated for the previous year."*

Mr. Ferland: I am against this. What it does is create a fund and the money goes in this and they buy something from this. Every year we should know exactly what's in the budget and what we spent. I think you should turn the money back and if you need something, you come to the people and ask for it.

Moderator: I have a motion on the floor that we accept this motion as read. (Motion by Mr. Crabb, seconded by Chief Cote.)

Mrs. Casten: How much money is in it now?

Mr. Manning: \$1,000 some odd.

Mr. Chase: We are doing the taxpayers a service by having this capital reserve fund because we put X amount of dollars in this each year and when it comes time to buy a truck which costs between \$75,000 and \$85,000, we are not hitting the taxpayers of the district for this \$85,000. If we have \$50,000 in capital reserve, we would go to the taxpayers and ask for the difference. All the time this money is sitting in capital reserve, it's drawing interest. This is more of a benefit to the district.

(Question from the floor) Do you already have a capital reserve fund or are you starting another?

Chief Cote: You are taking a yearly article to maintain that same fund. Two or three years ago some of us lost our capital reserve fund so we reinstated the article in the warrant again. On the state statute it says that you have to have it on the books that you are maintaining this. As far as requesting monies for the capital reserve fund, as Mr. Ferland said, we are not requesting money for it. Any monies that are left over or that are made available from whatever source, this gives us the direction or authorization to put it into the capital reserve fund.

Mr. Katsakiores: I might clarify this a bit. Where there is no money in this particular article, it indicates that if they had money left over, it would be placed in the capital reserve fund. In essence, what he is really saying is that you can't put any money into the capital reserve fund until such time as it appears in the budget. They have no money to place in the capital reserve fund this year. But next year they could say we want to appropriate \$5,000 surplus from 1980 will be applied to the capital reserve fund and they could do it. But this year they cannot take any surplus and put it in the capital reserve fund. It must be allocated and appropriated. I'm not sure Jimmy agrees with that, but that is our interpretation.

Chief Cote: I don't.

(Question from the floor) Are you saying that in future years if we want to take some of our surplus money and put it in capital reserve we would need a warrant article listed in our budget?

Mr. Katsakiores: You need a warrant article to put in or take out. But it must be in the appropriated column and nothing this year is appropriated as a surplus to go into the capital reserve.

(Question from the floor) Why establish one if we already have one?

Mr. Katsakiores: This is just a formality they go through.

Mrs. Pat Dowling: For a point of clarification, we should change the wording to maintain instead of establish. By establish it means there isn't one already - to maintain says there is.

Chief Cote: I think you're right, Pat.

Moderator: Is that in the form of an amendment?

Mrs. Dowling: Yes.

Moderator: Seconded?

Mrs. Bouchard: Second.

Mr. Bonner: In other words, in that article about gifts or grants or if you have a federal estate grant, you could accept money if you had a place to hold it.

Chief Cote: You just hit why George and I don't agree. He is saying that if there is nothing in the appropriated line to put into the capital reserve fund, you can't do that. What I'm saying is if we have a gift or a grant or whatever, we can put it in the capital reserve fund by having an article in the warrant. We don't agree and I don't intend to challenge the legal aspects of it...

Mr. Katsakiores: We disagree on the gifts part of it.

Moderator: There is an amendment that we change the wording to instead of establish a capital reserve fund, we would change establish to maintain. I will read it over with the change: *Article 6: "To see if the District will vote to authorize the Fire Commissioners to maintain a capital reserve fund, or to place in the hands of the Trustees of Trust Funds any monies that may be donated to the District, made available to the District, or not spent by the*

District from the monies appropriated for the previous year."

Mrs. Casten: I just want to say that I am against the capital reserve fund. There are probably excellent reasons for it but I would prefer if there are monies unexpended, that they go into the general fund to lower taxes.

Mr. Ferland: How can you change the warrant?

Moderator: We aren't changing the warrant, we're voting on an amendment.

Mr. Ferland: The warrant - it has been posted. You can do that next year, but I don't think you can change it here.

Moderator: The question has been moved that we vote on the amendment on Article 6 to change the word from establish to maintain. All those in favor say aye. All those opposed? The ayes have it and it is a vote. Now we will vote to accept Article 6 as amended.

Mr. Ferland: I have a question - I understand that there is \$1,000 in here, right? You're saying they can't do that.

Mr. Katsakiores: If they have a capital reserve fund established, they can have a million in there. You won't see it on the balance sheet or in the budget. We're not asking for any money to be put into this.

Mr. Tompkins: The capital reserve fund is not carried in the budget.

Moderator: The question has been moved to vote on Article 6 as amended. All those in favor say aye. Opposed? The ayes have it and it is a vote and I so declare it.

Mrs. Casten: A point of order. I'd like to go on record and say it is my opinion that is is not legal to amend a warrant article.

Moderator: *Article 7: "To see if the District will vote annually by an article in the Warrant to authorize the Fire Commissioners to establish a contingency fund to meet the expenses that may arise during the year. Such fund shall not exceed one percent of the amount appropriated exclusive of capital expenses and amortization of debt by such village district during the preceding year. A detailed report of all expenditures from the contingency fund shall be made by the Commissioners and published with their report."*

Chief Cote: I make a motion that we accept it as read.

Mr. Crabb: Seconded.

Moderator: The motion has been made and seconded that we accept Article 7 as read. Any questions?

Mr. Ferland: What is this for, this contingency?

Mr. Chase: I remember a couple of years ago you told us if we ever had a problem, all we had to do was come back to the Budget Committee for this money. We tried and you wouldn't give us a dime.

Mr. Ferland: Why didn't you use the capital reserve?

Mr. Chase: You can't use the capital reserve unless you get the vote of the district. The idea of this contingency fund is so we would have the money to pay for it. We needed a truck and we couldn't have it...

Mr. Ferland: How did you pay for it?

Mr. Chase: We took it out of the next year. It sat here a year out of service.

Mr. Ferland: So you didn't need it, is that what you are saying?

Mr. Chase: We didn't have the money to replace it.

Mr. Ferland: So if it sat here for a year, you didn't need it.

Mr. Wainwright: Mr. Ferland, if you had a truck in your business and it went out of commission and you don't have the money to replace it, and you need it for your business and you don't have the money to fix it, you can't use it. That doesn't mean you don't need your truck.

Mr. Ferland: I agree, but...

Mr. Wainwright: So just because we couldn't fix the truck, doesn't mean that we didn't need it.

Mr. Tompkins: I don't know what the circumstances of that truck were all about and quite frankly, after all this, I don't think I want to know. But as I understand the law, if there is an emergency and there are no funds appropriated to cover that emergency, the Budget Committee can authorize to overexpend their budget by a certain amount. We had a problem recently in town with Derry Village School and the school district came to us and asked us to overexpend in the amount of \$350,000 which we agreed to do. If we agree that it is an emergency. So I don't understand your position because if you had an emergency, I know you could get it from the Budget Committee.

Chief Cote: What it was Fred, it was \$12,000 for the engine. We went to the Budget Committee and the Budget Committee agreed that we had a problem. Mr. Carter wrote a note to the Revenue Administration stating that in fact you people were agreeable that it was an emergency and we did need the extra \$12,000, and that was wonderful and everybody was happy. The answer came back from the Revenue Administration that you have our blessing to take it from another fund. So we said that's very nice. Then it dawned on us - the schools can, the town can, the highway can draw from the police, the police can draw from the rec. or whatever is under the town. The fire district has no other fund to draw the \$12,000 from. It has one budget. And even though we were authorized, this was the ruling we got.

Mr. Tompkins: You might have to go to a special meeting, then again, you might not, depending on what time of the year it is and whether the tax rate has been set. If you hadn't set the tax rate yet, you could go to the Budget Committee with the reasons for the emergency and money could be appropriated to cover the expenditures. A lot of people do that...

Chief Cote: It was after the rate was set, though, Fred.

Mr. Tompkins: If the tax rate is set, then you have a problem.

Mr. Chase: I'd like to say that we have had this problem in the past. We went through all the chain of command to replace the engine. The district sat her a year without a truck because nobody would give us the money. That's why we ask for a contingency fund because we don't want this problem again.

If we had a contingency fund and we lose an engine in one of these pieces of apparatus, we could go to the contingency fund and draw the money we need to put that piece of equipment back on the road. We have been through this hassle once before and we found out that we can't get the money. If there is a new law or a new way of going about it, fine, that's the route we should go. But we should have something there to protect the district. It's only one per cent of the budget.

Mrs. Casten: This contingency fund, you don't have any money in it, so if you have an emergency this year, you won't have any money anyway. This article doesn't give you any money.

Mr. Katsakiores: When they had that breakdown of that engine, we asked if the Revenue Administration would approve the \$12,000. The Revenue Administration ruled that if they could find it within their budget, or if they had a balance left in their budget, they could go ahead and spend that money, but they could not increase the bottom line of the budget. If you pass this particular article, no money can be applied to the contingency fund. They are allowed one percent of the bottom line. What they are really doing is they are hoping if they do have this kind of an emergency again and the Revenue Administration looks at this, and they might ask, have you a contingency fund, and if they have it this year and they say yes, then they might approve the \$12,000 as an overexpenditure. But at best, they aren't getting any money that they can draw on, but all they are allowed, if they do have an emergency, they would find a more favorable reception with the Revenue Administration to approve an overexpenditure of the bottom line.

Moderator: The question has been moved. All those in favor of Article 7 as printed say aye. Those opposed? The ayes have it, it is a vote and I so declare it. *Article 8:...* We must go back to Article 2. *Article 2: "To hear the reports of agents, auditors, and committees heretofore chosen and pass any vote relating thereto."*

Mr. Wainwright: Was there a committee appointed last year or two years ago to study the possibilities of a merger?

Moderator: It was dissolved.

Chief Cote: I make a motion that we accept the article as read.

Mr. Crabb: Seconded.

Moderator: The motion has been made and seconded to accept the article as read.

Mrs. Casten: I would think that somebody in the audience would make a resolution to have the Commissioners explore the time and a half feasibility where every other department in town has it.

Moderator: This doesn't come under this article.

Mrs. Casten: This is other business, isn't it?

Moderator: No, we are on Article 2. Any other questions on Article 2? Then we will move the question. All those in favor of accepting Article 2 as read say aye. Opposed? The ayes have it, it is a vote and I so declare it. We will now take up Article 8. *Article 8: "To transact any other business which may lawfully come before such meeting including the appointment of any committees on any article embraced in this Warrant."*

Mrs. Casten: Then I move that the Commissioners study the feasibility of giving the fire department time and a half after so many hours - I don't know about the hours - for permanent men, as every other town department.

(Seconded from the floor)

Moderator: There has been a motion made for the Fire Commissioners to look into the feasibility of paying the permanent firemen as every other town department - time and a half. The question is moved. All those in favor of the motion as stated - do you understand the motion? I'll go over it one more time. The motion has been made and seconded that the Commissioners study the feasibility of paying the permanent firemen the same as the other town departments time and a half...All those in favor say aye. Opposed? The ayes have it.

Mr. Raymond: I would like to make a motion to have the Commissioners make a feasibility study to incorporate the ambulance under the fire district.

Chief Cote: What you are saying, Gary, is you'd like the Fire Commissioners to talk to the Town Fathers about the feasibility of merging the ambulance with the fire?

Mr. Raymond: Yes, it's about time we did something. We spend so much time together, we sleep in the same building, eat together, our budgets are separate - let's put it all together now. Let's look into it.

Mr. Ferland: Well, if we put it all together, we will have no federal funding of any kind in the district. You are a corporation. All these ambulances you have now, we will have to pay for.

Moderator: There is a motion on the floor that the Commissioners be directed to study the feasibility of combining the ambulance service with the fire district. All those in favor say aye. All those opposed? The ayes have it and it is a vote.

Mr. Ferland: Going to May's motion, if you are going to get involved in time and a half, you should put a package together for time and a half for a man to work 8 hours a day for so many days. I have talked with Mr. Cote about this before and he said it would take more men and I agree. But I would like the study to include the 8-hour shifts, like the police department is. If you are going under the same rules, go under the same shifts.

Chief Cote: I'm all for that - I second the motion.

Moderator: I don't know if I have all this straight or not but I'll try. Jean will read back the motion to see if it's clear.

(Motion read back by the stenographer.)

Mr. Ferland: I would also like the Commissioners to study the feasibility of the 8-hour shifts as well as the time and a half. If you want to be on the same

rules as the police department, we should have it the same and have them study the 8-hour shifts and the time and a half.

Mr. Crabb: If you adopt this new platoon that you're going to need, you're talking at least \$200,000 more for payroll, insurance, and so forth. If you go on a 40-hour week or a 42-hour week, which will be a 4-platoon system, that's what it's going to cost. If you want to study it, it's all right with me, but it's still going to cost over \$200,000.

Mr. Ferland: You people are going to say to us, if we pay the men time and a half for 1000 hours, you are going to come up with this...If you go to a 4-platoon system it will be this...Then you can see if this line is bigger or if this line is bigger.

Mr. Crabb: Well, you can plan on the 4-platoon being over \$200,000.

Moderator: I just want to clarify the motion. The motion is for the Commissioners, in conjunction with May's motion, the study for the increase for permanent men, that the Commissioners study the feasibility...

Mr. Ferland: Of a 40-hour week, or a 48-hour week or a 54-hour week on an 8-hour basis...

Mrs. Davis: I have, the Commissioners, in conjunction with May's motion, to study the feasibility of a 40 or a 48 or a 54-hour week on an 8-hour basis, is that right, Roland?

Mr. Ferland: But they will also study the time and a half?

Mrs. Davis: Yes, that's her motion.

Moderator: Does everybody understand that? All those in favor, say aye. All those opposed? The ayes have it, it is a vote and I so declare it. Anything else under Article 8?

Mrs. Bouchard: I make a motion to include the minutes of the Fire District Meeting in the Town Report for the preceding year.

Mr. Ferland: Seconded.

Moderator: A motion has been made and seconded that the minutes of this and other Fire District meetings be printed in the following year's Town Report. All those in favor say aye. Opposed? The ayes have it and it is a vote and I so declare it.

Mr. Wainwright: I would like to make a motion to have the Board of Commissioners approach the East Derry Fire Commissioners and see if they can possibly work out some format in which the two departments can merge and if this can be done, to present the package to the voters or a report of the results of this meeting to the district inhabitants at the next Fire District meeting.

Mr. Ferland: I will second that.

Moderator: There is a motion on the floor to direct the Fire Commissioners to study the feasibility...Can you read it back?

Mrs. Davis: A motion to have the Commissioners approach the East Derry Fire Department to work out some format in which the two departments can merge and to present the package to the voters at the next Fire District meeting.

Mr. Wainwright: Maybe this won't work, but I'd like to have something presented to the voters as to the results of these meetings.

Moderator: The question has been moved. All those in favor of the motion say aye. Opposed? The ayes have it, it is a vote and I so declare it.

Mr. Ferland: I would like to go on record and say that this warrant is illegal. It gives the wrong place for the meeting for voting, the wrong time for voting...

Moderator: Where is that?

Mr. Ferland: The first line - the first paragraph. "You are hereby notified to meet at the Engine House at 32 West Broadway in said District on the 11th day of March, 1980 at 7:00 o'clock in the forenoon (morning) to act upon the following subjects." This was not the polling place.

Moderator: That is correct - we met there.

Mr. Ferland: Where?

Moderator: At the Engine House at 32 West Broadway.

Mr. Ferland: That is where you voted? That is the polling place at 32 West Broadway?

Moderator: That is the polling booth. We had the meeting and it was adjourned to the polling booth.

Mr. Ferland: Well, I suggest you do like East Derry does...

Moderator: The meeting was adjourned and the articles were read at the polling booth.

Mr. Ferland: At 7:00 you were there? Where were you at 7:00 o'clock?

Mr. Crabb: He read the warrant and I made the motion to adjourn across the street.

Mr. Ferland: Where were you at 7:00 o'clock?

Mr. Crabb: He was at the Engine House, Station 1, 32 West Broadway.

Chief Cote: I would suggest, Mr. Ferland, that you and our lawyer take that up at an appropriate time.

Mr. Ferland: I think you should change it...

Moderator: The meeting was open two minutes before 7:00 o'clock.

Mr. Ferland: Before?

Moderator: Two minutes before. You were all welcome to be there. Anything else to come before the meeting?

Mr. Castricone: I would like to make a motion to raise the bottom line.

Moderator: We can't do that, we cannot go back. Anything else?

Chief Cote: I make a motion that we adjourn.

Mr. Crabb: I second the motion.

Moderator: The motion has been made and seconded to adjourn. All those in favor say aye. All those opposed? The meeting is adjourned.

Meeting adjourned at 9:43 p.m.

Respectfully submitted,
Jean T. Davis

Report of the East Derry Fire Precinct

We would like to think we have entered the new decade with more enthusiasm than ever to preserve the dedication our department has for the residents of the East Derry Fire Precinct. In February of 1980, the Board of Fire Wards selected two firefighters of the year - one to represent the call firefighters and one to represent the permanent firefighters. Chosen were John Loder (call firefighter) and Fred Priestley (permanent firefighter). The presentation was to be conducted by the Veterans of Foreign Wars - Post 1617 of Derry in late Spring; but apparently, the awards were not received in time so the presentation has not yet been made by the Post. They are planning to honor these men at a Roast Beef Dinner at a later date.

The three officers of the East Derry Fire Department attended a week-long Arson Seminar in May of 1980 sponsored by the New Hampshire Arson Association and held at St. Anselm's College. The officers learned the in-depth probing into the world's fastest growing crime - ARSON.

Volunteer time and labor put in by firefighters of East Derry helped make the construction of the newly-built Training Tower possible. The majority of the building supplies were of no cost to the District, with only a minimal expense made for the setting of the poles. The Training Tower is located directly behind the Fire Station and will be used to conduct drills here at the Station for all firefighters on a weekly basis (for example: proper use of breathing apparatus in a smoke-filled area, rescue from heights, etc.).

At our Annual District Meeting in March of 1980, it was decided that the Board of Fire Wards would negotiate the installation of dry hydrants (or other reasonable types of fire protection) by developers in new developments within the District. This has worked quite well, thus far. Through the cooperation of the Derry Planning Board and Captain Gary Butterfield of the East Derry Fire Department, the developers are now officially asked to cooperate, where feasible, with the installation of dry hydrants into either existing ponds or waterholes made in wet areas within the development. Therefore, the cost is absorbed by the developer rather than the taxpayers of the East Derry Fire Precinct; and it provides a much greater water

supply for the outlying areas in regards to fire protection. This is being done in conjunction with the Fire Department's continuing program of installing dry hydrants in the District.

Again, we wish to express our sincere thanks to all of the taxpayers and residents of the East Derry Fire Precinct for their continued support.

Arthur E. Reynolds
Fire Chief
East Derry Fire Precinct

Total	\$243,250.00

1981 Warrant East Derry Fire Precinct

Derry, New Hampshire

February 23, 1981

To the inhabitants of the East Derry Fire Precinct qualified to vote in Precinct affairs:

Voters in District No. 1 are hereby notified to meet at the Veterans Memorial Hall in said Town of Derry on the 10th of March, 1981 at 7 o'clock in the forenoon and voters in District No. 2 are hereby notified to meet at the East Derry Fire House in said Precinct on the 10th day of March, 1981 at 7 o'clock in the forenoon to act upon all articles required to be voted on by Official Ballot, and all said voters (District No. 1 and District No. 2) within the East Derry Fire Precinct are to meet at 8 o'clock in the afternoon on the 25th of March, 1981 in the East Derry Fire House to act on all other articles in this warrant.

ARTICLE 1. To elect a Fire Ward for three years, a Treasurer for three years, a Precinct Clerk for one year, and an Auditor for one year.

ARTICLE 2. To hear the financial report of the Treasurer.

ARTICLE 3. To hear the Clerk's report.

ARTICLE 4. To see if the Precinct will raise and appropriate the sum of \$1,250.00 (one thousand two hundred fifty dollars) for the salaries of the Precinct Officers or Agent of the East Derry Fire Precinct and pass any vote relating thereto.

ARTICLE 5. To see if the Precinct will authorize the Board of Fire Wards to place \$5,000.00 (five thousand dollars) of surplus from existing 1980 budget in the Capital Reserve Fund as established in Article 7 of the 1975 Annual Meeting (the monies accumulated in this account shall only be used for the purchase of new equipment and expenditures from this

account shall be made in accordance with Chapter 35 of N.H. Revised Statutes Annotated or any amendments thereto) and pass any vote relating thereto.

ARTICLE 6. To see what sum of money the Precinct will raise and appropriate for the East Derry Fire Precinct the same to be expended under the direction of the Fire Wards.

ARTICLE 7. To see if the Precinct will authorize the Board of Fire Wards to send men and equipment to other towns and cities if requested to do so, in accordance with R.S.A. 154:24, and pass any vote relating thereto.

ARTICLE 8. To see if the Precinct will authorize the Board of Fire Wards to borrow money in anticipation of taxes on the negotiable note or notes of the Precinct, and pass any vote relating thereto.

ARTICLE 9. To transact any other business that may legally come before this meeting including the appointment of committees.

Given under our hands at said Derry, New Hampshire this 23rd day of February, 1981:

Fire Wards, East Derry Fire Precinct

1980 Derry Town Meeting Warrant

State of New Hampshire

To the Inhabitants of the Town of Derry qualified to vote in town affairs:

Voters in District No. 1 are hereby notified to meet at the Veterans Memorial Hall in said district, and the voters of District No. 2 are hereby notified to meet at the East Derry Fire House in said district, on the tenth day of March, 1981, at seven o'clock in the forenoon, to act upon the articles required to be voted upon by official ballot. By vote of the Selectmen, the polls for this meeting will remain open from seven o'clock in the forenoon until eight o'clock in the evening and so much longer as the Town at the opening of the meeting may vote.

Voters are further notified to meet at ten o'clock in the forenoon on the fourteenth day of March, 1981, at the Grinnell School auditorium to act upon all other articles in this warrant.

Article 1

To choose all necessary Town Officers for the coming year.

Article 2.

Are you in favor of the adoption of Amendment No. 1 to the existing town ordinance as proposed by the Planning Board? (This amendment makes reference to the Flood Insurance Rate Maps and Flood Boundary and Floodway Maps, and is required by the Federal Government if property owners are to obtain insurance on their properties.) (Ballot Question) The Planning Board approves adoption of this amendment.

PROPOSED AMENDMENTS TO DERRY ZONING ORDINANCE

AS PROPOSED BY DERRY PLANNING BOARD

Amend Section 2.1, deleting "Flood Hazard Boundary Map" and adding: The Flood Insurance Rate Maps (FIRM) and the Flood Boundary and Floodway Maps, date April 15, 1981 on file with the Town Clerk, Planning Board and Building Inspector. These maps as well as the accompanying Derry Flood Insurance Study are incorporated herein by reference.

Article 3

Are you in favor of the adoption of AMENDMENT NO. 2 to the existing town zoning ordinance as proposed by the Planning Board? (This amendment specifies the terms under which the property owners in the Conservation Corridor may obtain exceptions from the Board of Adjustment for various uses of their property. The amendment is required by the Federal Government if property owners in the Conservation Corridor are to obtain insurance on their properties.) (Ballot Question) *The Planning Board approves adoption of this amendment.*

Amend Section 2:4 to include the following:

No Special Exception shall be granted in the Conservation Corridor except under the following conditions:

- Sec. 2.4.1 Certification by a registered professional engineer is provided by the applicant demonstrating that development in the floodway shall not result in any increase in flood levels during the occurrence of the 100 year flood.
- Sec. 2.4.2 The placement of Mobile Home Parks is hereby prohibited in the Conservation Corridor and no Special Exception shall be granted for the placement of such Park in the Conservation Corridor.
- Sec. 2.4.3 The Building Inspector shall review all building permit applications for new construction or substantial improvements (meaning any repair, reconstruction, or improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure either (a) before the improvement or repair is started, or (b) if the structure has been damaged, and is being restored, before the damage occurred) to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a location that has a flood hazard any proposed new construction or substantial improvement (including prefabricated and mobile homes) must (i) be designed (or modified and anchored to prevent flotation, collapse, or lateral movement of the structure, (ii) use construction materials and utility equipment that are resistant to flood damage and (iii) use construction methods and practices that will minimize flood damage.
- Sec. 2.4.4 Where new and replacement water and sewer systems are proposed, the applicant shall provide the Building Inspector with assurance that the systems are located, designed, and will be constructed to minimize infiltration and avoid impairment by flood waters.
- Sec. 2.4.5 The applicant shall furnish and the Building Inspector shall maintain for public inspection and furnish upon request, any certification of flood-proofing, and information on the elevation (in relation to mean sea level) of the level of the lowest floor (including basement) of all new or substantially improved structures, and include whether or not such structures contain a basement, and if the structure has been flood proofed, the elevation (in relation to mean sea level) to which the structure was flood proofed.
- Sec. 2.4.6 The Building Inspector shall review proposed development to assure that all necessary permits (including WSPCC and Water Resources Board) have been received from those governmental agencies from which approval is required by Federal or State law including Section 404 of the

Federal Water Pollution Control Act Amendments of 1972, 33 USC 1334. It shall be the responsibility of the applicant to certify these assurances to the Building Inspector.

Sec. 2.4.7

In reverine situations, prior to the alteration or relocation of a watercourse, the applicant for such authorization shall notify the Special Board on Dredge and Fill and the Office of State Planning and submit copies of such notification to the Building Inspector and the Federal Emergency Management Agency. Further, the applicant shall be required to submit copies of said notification to adjacent communities, as determined by the Building Inspector.

Within the altered or relocated portion of any watercourse, the applicant shall assure to the Building Inspector, that the flood carrying capacity of the watercourse is and will be maintained.

The following requirements shall apply in specific zones designated on the Flood Insurance Rate Maps:

Sec. 2.4.8

In unnumbered "A" zones, the Building Inspector shall obtain, review, and reasonably utilize any base flood elevation data available from a Federal, State, or other source, until such other data has been provided by FEMA, as criteria for requiring that (i) all new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated to or above the base flood level, and (ii) that all new construction and substantial improvement of non-residential structures have the lowest floor (including basement) elevated or floodproofed to or above the base flood level.

Sec. 2.4.9

In zones "A1" through A30, for new construction and substantial improvements, the Building Inspector shall require that:

- a. Residential structures have the lowest floor (including basement) elevated to or above the base flood level.
- b. Non-residential structures have the lowest floor (including basement) elevated to or above the base flood level; or together with attendant utility and sanitary facilities, be designed so that below the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy.

Sec. 2.4.10

In zones A1 through A30, where floodproofing is used in lieu of elevation, a registered professional engineer or architect shall certify to the Building Inspector that the floodproofing methods used are adequate to withstand the flood depths, pressures, velocities, impact and uplift forces and other factors associated with the base flood.

Article 4.

Are you in favor of the adoption of the zoning ordinance as proposed by petition of the voters for this Town? (The proposed zoning ordinance and map recind the present zoning ordinance and map and, (1) attempts generally to zone areas of town in accordance with their current uses, and creates (2) three residential districts with minimum lot sizes ranging from 10,000 square feet or one acre, (3) an Agricultural/Rural Residential District with a minimum lot size of one acre, (4) a Mobile Home District, (5) a Downtown Business District, (6) a General Business District, (7) an Industrial District that excludes residences, (8) Conservation Corridors, and (9) authorizes Cluster Development.) (Ballot Question) *The Planning Board disapproves adoption of this amendment.*

PROPOSED ZONING ORDINANCE, DERRY, NEW HAMPSHIRE DECEMBER 1980

ARTICLE I. AUTHORITY & PURPOSE

Section I.1 - Title

This ordinance and the accompanying official Zoning Map shall be known and cited as the "Zoning Ordinance of the Town of Derry, New Hampshire".

Section 1.2 - Authority

This Ordinance has been prepared in accordance with authority conferred by Chapter 31, Sections 60-89 inclusive, New Hampshire Revised Statutes Annotated (NHRSA), 1955, and NHRSA 36-19-a, adopted 1973 (non-residential site review).

Section 1.3 - Purpose

To divide the Town into Districts and regulate the use of land and the construction of buildings in order: to promote the health, safety, convenience, and general welfare of the people of Derry; to encourage the most appropriate use of land; to ensure efficiency and economy of land development; to encourage housing for people of all income levels; and to ensure that Derry will be an attractive place in which to work and live.

Section 1.4 - Jurisdiction

The provisions of this Ordinance shall govern all land and all structures within the boundaries of the Town of Derry, New Hampshire.

Section 1.5 - Effective Date

This Ordinance has been enacted by the voters at an Annual Town Meeting, duly convened, on March 10, 1981, and is effective as of this date.

Section 1.6 - Repealer

The enactment of this Ordinance shall repeal and supercede as of its effective date, all previous zoning ordinances of the Town of Derry.

ARTICLE II. DEFINITION OF TERMS USED IN THIS ORDINANCE

In this Ordinance, certain words shall be interpreted as follows: the word "person" includes groups such as a firm, association, partnership, company, or corporation as well as an individual; the word "shall" is mandatory; the word "may" is permissive. Terms not defined shall have the customary dictionary meaning.

Other important terms used in this Ordinance are defined as follows:

1. **AGRICULTURE** - The use of land primarily for agricultural purposes, including raising crops, dairying, pastures, horticulture, and animal and poultry husbandry.
2. **APPROVED STREET** - A road maintained by the Town of Derry and/or the State of N.H.
3. **AUTOMOBILE JUNK YARD** - A yard, field or other area occupied by two or more unregistered, discarded, or junked motor vehicles; or occupied by bodies, engines, or other parts sufficient in bulk to equal two or more motor vehicles.
4. **BUILDING** - An enclosed structure built to provide shelter for persons, animals or property.
5. **BUILDING HEIGHT** - The vertical distance from the lowest point at ground level of the building to the level of the highest structural point. Special structures such as church steeples, factory smoke stacks, or barns and silos are not included in calculating building height.
6. **CAMPGROUND** - Any premise established for overnight or temporary camping use, for recreational purposes, not for permanent residence and for which a fee is charged.
7. **COMMERCIAL RECREATION FACILITY** - Outdoor privately-owned recreational facilities such as golf driving ranges, public golf courses or riding stables for which user fees are charged. Indoor privately owned recreational facilities such as movie theaters, bowling alleys, pools, and tennis and similar uses.
8. **DWELLING** - A building used in whole or in part and intended for human habitation.
9. **DWELLING UNIT** - A room or group of rooms providing living quarters for one or more persons, which has a separate entrance and facilities for sleeping and cooking, and has a bathroom.
10. **EARTH** - Sand, gravel, soil or construction aggregate.
11. **EDUCATIONAL INSTITUTION** - Classrooms and related facilities for the Derry School system, Pinkerton Academy or other learning facilities such as state, county and regional schools or schools sponsored by a recognized religious sect.
12. **EXCAVATION** - A land area which is used, or has been used, for the commercial taking of earth, including all slopes.
13. **FAMILY** - One or more persons occupying a premises and living as a single housekeeping unit, as distinguished from a group occupying a boarding house, lodging house, or hotel. Such unit shall not exceed five persons not related by blood or marriage.
14. **FRONTAGE** - A continuous part of a lot or lot line abutting on an approved street.
15. **GROSS FLOOR AREA** - The sum of the areas of the several floors of a building, including the area of enclosed porches. Unroofed porches, basements and attics used for storage, and accessory buildings used for storage, service, and parking are not included.
16. **GOVERNMENT STRUCTURE** - A building owned and operated by a government agency, but not including buildings for residential use.
17. **HOME OCCUPATION** - A business, trade, or occupation carried on by a person in his or her residence for a profit.
18. **KENNEL** - A fenced in area in which 4 or more dogs at least 4 months of age are kept for either a short or long term period.
19. **LOT** - An area of land in one ownership with definitive boundaries that can be ascertained from a recorded deed or recorded plan.
20. **LOT COVERAGE** - That portion of the lot that is covered by the buildings.
21. **LOT LINE** - A line dividing one lot from another lot or from a street right-of-way. A lot usually has a front

lot line on the street which it abuts, a side lot line separating it from lots of common frontage, and a rear lot line separating it from lots not in common frontage.

22. **LOT OF RECORD** - A parcel of land for which a legal description, dimensions, and ownership has been registered with the County Register of Deeds.
23. **MOBILE HOME** - A structure designed as a year-round dwelling unit and designed to be transported after fabrication on its own wheels. A mobile home must contain a toilet, a tub or shower, kitchen facilities, sleeping accommodations, and plumbing and electrical connections designed for attachment to outside systems.
24. **MOBILE HOME PARK** - A lot where 2 or more mobile homes are set up for living purposes.
25. **MULTI-FAMILY** - Three or more families.
26. **N.H.R.S.A.** - New Hampshire Revised Statutes Annotated, as amended.
27. **NON-CONFORMING** - A building, structure, or use which was legal at the time the use was established.
28. **PUBLIC RECREATION FACILITY** - Indoor or outdoor recreation facilities owned and operated by the Town of Derry or by a County, State, or Federal agency.
29. **ROOMING HOUSE** - A building of residential character, usually a converted large dwelling, several rooms of which are rented to guests who usually stay more than two weeks. A Lodging House is a similar building used primarily for transient guests, usually staying a few days. A Boarding House is a rooming house where meals are served to the guests.
30. **SAND AND GRAVEL PIT** - Excavation of earth for commercial use which is subject to regulations pursuant to Chapter 481 (NH Laws 1979).
31. **SETBACK** - The minimum required horizontal distance from a lot line to the nearest part of any principal structure or accessory structure.
32. **SIGN** - Any structure, letter, word, banner or the like designed to convey to the public information, directions, or advertising ideas.
33. **SINGLE-FAMILY DWELLING** - A detached dwelling unit designed and used exclusively as a single housekeeping unit for one family. A mobile home shall not be considered to be a single family dwelling.
34. **SPECIAL EXCEPTION** - A use permitted only after a public hearing and review and approval by the Board of Adjustment. Such uses may be permitted only if specific provision for such special exceptions is made in this Ordinance, and only according to the criteria set forth herein. If no such provision has been made in this Ordinance, the applicant's only recourse is to obtain a variance, rezoning of the property or an amendment of the Zoning Ordinance.
35. **STRUCTURAL ALTERATIONS** - Any change of the exterior dimensions of a building or structure, or any change in the supporting members of a building such as bearing walls, columns or beams. A property owner must obtain a building permit before undertaking any structural alterations.
36. **SUBDIVISION** - The division of a lot, tract, or parcel of land into two or more lots, plots, sites, or other divisions of land for the purpose, whether immediate or future, of sale or of building development.
37. **TWO-FAMILY DWELLING** - A detached structure containing two separate dwelling units.
38. **VARIANCE** - A relaxation of the strict interpretation of any provision of the Ordinance granted by the Board of Adjustment upon appeal pursuant to provisions of NHRSA 31:72 III. To be granted, all of the following four conditions must be present:
 1. A hardship must exist that is inherent in the land in question and which is not shared in common with other parcels of land in the district.
 2. The spirit and intent of the ordinance must not be broken by granting the variance.
 3. The granting of the variance will not adversely affect other property in the district.
 4. Not to grant the variance would result in injustice.
39. **USE, ACCESSORY** - Any use which is customarily accessory and incidental to a permitted principal use.
40. **USE, PRINCIPAL** - The main or primary purpose for which a structure or lot is designed or intended, or for which it is permitted to be used by this Ordinance.
41. **YARD** - The area of land on a lot not occupied by the principal building.
 - YARD, FRONT** - The area of land between the front lot line and the nearest part of the principal building.
 - YARD, SIDE** - The area of land between the side lot line and the nearest part of the principal building.
 - YARD, REAR** - The area of land between the rear lot line and the nearest part of the principal building.

ARTICLE III. GENERAL PROVISIONS

Section III.1 - Interpretation

Interpretation of what may not be clear in this Ordinance shall be according to the intent of the Ordinance and the Comprehensive Plan.

Section III.2 - Validity and Severability

If any section or provision of this Ordinance is declared by the courts to be invalid, such decision will not invalidate any other section or provision of this Ordinance.

Section III.3 - Conflict with Other Ordinances

This Ordinance shall not annul or in any way remove the necessity of compliance with any other rule, regulation, by-law, permit, or other provision of law. Whenever the regulations of this Ordinance differ from the regulations prescribed by any statute, ordinance, or other regulation, that provision which imposes the greater fee, restriction, or the higher standard shall govern.

Section III.4 - Non-Conforming Uses

III.4a - CONTINUANCE OF NON-CONFORMING USES

The use of land, building or structure, lawful at the time of adoption or subsequent amendment of this

ordinance, may continue even though such use does not conform to the provisions of this Ordinance.

However, this Ordinance shall apply to:

1. Any change of use.
2. Reconstruction or structural change of existing buildings or structures.

III.4b - DISCONTINUANCE OF NON-CONFORMING USES

A non-conforming use which is discontinued may not be resumed. The use of the land, building or structure shall thereafter conform to the provisions of this Ordinance. Upon evidence of economic or other hardship, the Board of Adjustment shall have the power to extend the time limits specified below.

A non-conforming use shall be considered discontinued:

1. When the premises have been devoted to another use, or
2. When the characteristic equipment and furnishings of the non-conforming use have been removed and have not been replaced with similar equipment within one year, or
3. When the intent of the owner to discontinue the use has been apparent for a period of at least one year.

III.4c - RULE OF PRECEDENCE

Whenever a non-conforming use is superceded by a permitted use of a structure, or structure and land in combination, such structure or combination of land and structure shall thereafter conform to the provisions of this Ordinance and the non-conforming use may not thereafter be resumed.

III.4d - EXPANSION OF NON-CONFORMING USES

After due notice and public hearing, the Board of Adjustment may permit the expansion of a non-conforming building or use provided that the proposed expansion does not increase the building floor area by more than 25% unless the buffer zone requirements can be met, and that the proposed expansion complies with all Performance Standards of this Ordinance. The Board of Adjustment shall review and decide upon lot size, set-back, and other dimensional requirements.

III.4e - RECONSTRUCTION IN THE EVENT OF CALAMITY

Any non-conforming building partially or wholly damaged by fire, flood, explosion, or other calamity may be reconstructed provided that the height is no more than that of the original building and provided that the non-conformity of yard dimensions shall not be increased. Such reconstruction limited to the same use must begin within one year from the date of the calamity and be completed within two years of the date of the calamity. Upon evidence of economic or other hardship, the Board of Adjustment shall have the power to extend the above time limits.

III.4f - TRANSFER OF OWNERSHIP

Ownership of land and structures which remain lawful but become non-conforming by the adoption or amendment of this Ordinance may be transferred and the new owner may continue the non-conforming uses subject to relevant provisions of this Ordinance.

III.4g - NON-CONFORMING LOTS OF RECORD

In any district in which single-family dwellings are permitted, a single family dwelling may be erected on any single lot of record even though the lot area does not conform to the requirements of a particular zone. However, lot coverage may not exceed 25% and the dwelling shall be built to conform with minimum yard requirements. Smaller yard dimensions may be permitted by variance. These provisions notwithstanding, residential lots with no town sewer shall be at least 30,000 square feet in area.

For new business uses on non-conforming lots of record in the Business Districts, dimensional and other requirements shall be determined by site plan review and approval by the Planning Board.

Where such a non-conforming lot is in the same ownership as an adjacent lot or lots, the non-conforming lot shall be combined with the adjacent lot or lots to the extent necessary to create a conforming lot if possible, or another non-conforming lot but to a lesser extent than the first lot.

RESTORATION OF UNSAFE PROPERTY

Nothing in this Ordinance shall prevent the strengthening or restoring to safe condition any part of a building or structure declared unsafe by the Building Inspector.

III.4i - EXISTING VARIANCES AND SPECIAL EXCEPTIONS

All variances and special exceptions approved by the Derry Zoning Board of Adjustment prior to the enactment of this ordinance shall be deemed to be variances and/or special exceptions under this Ordinance according to their respective terms.

III.4j - PENDING APPLICATION FOR BUILDING PERMITS OR LAND USE PERMITS

Nothing in this Ordinance shall require any change in the plans, construction, size, or designated use for any parcel of land, building, structure, or part thereof for which application for a building permit or use permit has been approved or upon which construction commenced prior to the enactment of this Ordinance or for which a plan recorded or unrecorded has been submitted to and approved by the Derry Planning Board prior to the enactment of this Ordinance to which the provisions of NHRSA 36:24a shall otherwise apply, provided that construction shall start within one year after the actual issuance of the building permit or land use permit.

Section III.5 - Amendment

The regulations, restrictions and boundaries set forth in this Ordinance may from time to time be amended or repealed. Procedures for amendment or repeal shall be in accordance with NHRSA Chapter 31:63 & 64.

Generally, a proposed amendment shall be enacted by the affirmative vote of a majority of the voters voting on the question under a proper article in the Warrant in any Annual or special Town Meeting. Zoning amendments

proposed by petition shall be heard only at the Annual Town Meeting. Zoning amendments proposed by the Planning Board may be heard at the Annual Town Meeting or at a Special Town Meeting. In case of protest against an amendment, signed by the owners of twenty percent of the land to be included in such change, or signed by the owners of twenty percent of the land abutting and within 100 feet of the affected land, the amendment shall not become effective except by the favorable vote of two-thirds of the voters at the Town Meeting session.

In either case, the Planning Board shall hold at least two public hearings on the proposed amendment or repeal. Notice of the time and place of each public hearing, together with the proposed change, shall be published at least 14 days prior to the hearing in a newspaper of general circulation in Derry.

ARTICLE IV. ESTABLISHMENT OF ZONING DISTRICTS

Section IV.1 - Zoning Districts

To implement the provisions of this Ordinance, the Town of Derry is hereby divided into the following Zoning Districts:

- ARR - Agriculture/Rural Residential District
- R1 - Single Family Residential District
- RZ - General Residential District
- R3 - Multi-family Residential District
- MH - Mobile Home District
- B1 - Downtown Business District
- BZ - General Business District
- B3 - Highway Business District
- I - Industrial District

Section IV.2 - Zoning Map

The Zoning Districts are located and bounded as shown on the official Zoning Map entitled "Zoning Map of the Town of Derry", dated March 10, 1981. The Zoning Map shall be an integral part of this Ordinance, and shall be filed in the office of Town Clerk.

Section IV.3 - Uncertainty of Boundary Location

Where uncertainty exists with respect to the boundaries of the various Districts as shown on the Zoning Map, the following rules shall apply:

1. Boundaries indicated as approximately following the center lines of streets, highways, railroad, or alleys shall be construed to follow such center lines.
2. Boundaries indicated as approximately following well established lot lines shall be construed as following such lot lines.
3. Boundaries shown as following shore lines or the center lines of streams shall be construed to follow such lines.
4. Boundaries indicated as being parallel to or extensions of the features listed above shall be so construed, and distances not specifically indicated on the official Zoning Map shall be determined by the scale of the map.
5. If a Zoning District boundary divides a lot, the regulations for the less restrictive portion of the lot shall be allowed to extend not more than 30 feet into the more restrictive portion, provided that the lot has frontage on a street in the less restrictive District. (For Districts B3 and I, the less restrictive portion of the lot shall be allowed to extend not more than 100 feet into the more restrictive portion.)
6. Where physical or cultural features existing on the ground differ from those shown on the Official Zoning Map, or in other cases of uncertainty not listed above, the Planning Board shall interpret the District boundaries.

ARTICLE V. USE REGULATIONS FOR ZONING DISTRICTS

Section V.1 - Applicability of Regulations

For each Zoning District, the use of land, buildings and structures shall be regulated as set forth in this Article. The Article describes regulations for each Zoning District.

Uses shall also conform to the provisions of Article VI, Conservation Corridors; Article VII, Cluster Development; Article VIII, Performance Standards, and other provisions of this Ordinance where applicable.

For each Zoning District, only those uses specifically listed as permitted uses, or uses substantially similar in nature to the listed permitted uses shall be allowed. Special Exception uses, as listed may be allowed after proper review by the Board of Adjustment. Otherwise, any other uses shall not be allowed, whether or not such uses are specifically prohibited in this Article, except by variance, rezoning or amendment of this Ordinance.

For any Zoning District, the Planning Board may require lot sizes larger than the minimum lot size for sites with poorly drained soils, steep slopes, or potential drainage or water pollution problems.

No use shall be permitted in any Zoning District that may be injurious, noxious or offensive to the neighborhood by reason of odors, fumes, dust, smoke, vibration, noise, or other cause. This general prohibition does not, however, restrict permitted agricultural uses in the Agriculture/Rural Residential District.

Lots proposed for development shall have frontage on an approved street. For single-family and two-family dwellings, only one principal building shall be built on a lot.

All non-residential uses shall require Planning Board review and approval of the site plan.

Section V.2 - Agriculture/Rural Residential District (ARR)

The intent of the restrictions in the ARR District is to protect the rural use and character of the land, while permitting low density development.

V.2a PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VIII of this Ordinance.

V.2b - PERMITTED STRUCTURES AND USES

Agriculture, cemetery, church or temple, conservation use, educational institution, forestry, housing for the elderly, public recreation facility, single family dwelling, owner-occupied two-family dwelling, summer cottage, apartment in an existing single family dwelling, and campground.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including roadside stands for the sale of produce, keeping of domestic animals for personal use and enjoyment (but not including a kennel), private garage, private swimming pool, signs, and temporary building for uses incidental to construction.

V.2c - SPECIAL EXCEPTIONS

The following uses may be permitted if expressly authorized by the Board of Adjustment: commercial recreation facility, government structure, automobile, i.e., "automobile junkyard" junkyard subject to State and Town regulations, kennel, lodge or club, public utility or communications structure, rooming or boarding house, rock quarry, sand & gravel pit, and home occupation.

V.2d - LOT AREA

Minimum of 1 acre (43,560 square feet).

V.2e - FRONTAGE

Minimum of 125 feet.

V.2f - MINIMUM YARD DEPTHS

35 foot front yard, 15 foot side yards, 30 foot rear yard for the principal structure.

V.2g - HEIGHT

Single-family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve proposed height in excess of 45 feet for all other buildings.

V.2h - MAXIMUM LOT COVERAGE - 25%**V.2i - SITE PLAN APPROVAL**

All non-residential uses shall require Planning Board review and approval of the site plan.

Section V.3 - Single Family Residential District [R1]

The intent of the R1 District is to encourage high standard residential developments with essentially one family homes and to prevent land uses which would be incompatible with this residential use.

V.3a - PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VIII of this Ordinance.

V.3b - PERMITTED STRUCTURES AND USES

Agriculture, church or temple, conservation use, educational institution, forestry, housing for elderly, public recreation facility, single family dwelling, two-family dwelling and apartment in an existing single family dwelling.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including gardening and growing fruits and vegetables, and the incidental sale of produce grown by the owner of a single-family dwelling; keeping of domestic animals for personal use and enjoyment (but not including a kennel), private garage, private swimming pool, signs, and temporary building for uses incidental to construction.

V.3c - SPECIAL EXCEPTIONS

The following uses may be permitted if expressly authorized by the Board of Adjustment: commercial recreation facility, government structure, public utility or communications structure, summer cottage, and home occupation.

V.3d - LOT AREA

Minimum of 1 acre (43,560 square feet) with neither town water or sewer.
Minimum of 20,000 square feet with town sewer.

V.3e - FRONTAGE

Minimum of 125 feet for 1 acre lots, minimum of 100 feet for 20,000 square foot lots.

V.3f - MINIMUM YARD DEPTHS

For 1 acre lots: 35 foot front yard, 15 foot side yards, 30 foot rear yard for the principal building. For 20,000 square foot lots: 35 foot front yard, 15 foot side yards, 20 foot rear yard for the principal building.

V.3g - HEIGHT

Single family and two family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve proposed height in excess of 45 feet for all other buildings.

V.3h - MAXIMUM LOT COVERAGE - 25%**V.3i - SITE PLAN APPROVAL**

All non-residential uses shall require Planning Board review and approval of the site plan.

Section V.4 - General Residential District [R2]

The intent of the R2 District is to encourage diversity in the type and density of residential development and related, compatible land uses.

V.4a - PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VIII of this Ordinance.

V.4b - PERMITTED STRUCTURES AND USES

Single-family dwelling, two-family dwelling, agriculture, church or temple, conservation use, educational institution, forestry, housing for the elderly, public recreation facility and apartments in existing single family dwellings.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including gardening and growing fruits and vegetables, keeping of domestic animals for personal use and

enjoyment (but not including a kennel), private garage, private swimming pool, signs, and temporary building for uses incidental to construction.

V.4c - SPECIAL EXCEPTIONS

The following uses may be permitted if expressly authorized by the Board of Adjustment: commercial recreation facility, funeral home, government structure, public utility or communications structure, rooming, boarding, or lodging house, and home occupation.

V.4d - MINIMUM DIMENSIONAL REQUIREMENTS - DETACHED SINGLE FAMILY DWELLINGS

	LOT AREA sq. ft.	FRONTAGE feet	FRONT YARD feet	SIDE YARD feet	REAR YARD feet
No town water or sewer	30,000	125	35	15	20
Town sewer	20,000	100	35	15	20
Town water and sewer	10,000	100	30	15	15

V.4e - MINIMUM DIMENSIONAL REQUIREMENTS - TWO-FAMILY DWELLINGS AND PERMITTED NON-RESIDENTIAL USES

	LOT AREA sq. ft.	FRONTAGE feet	FRONT YARD feet	SIDE YARD feet	REAR YARD feet
No town water or sewer	30,000	125	35	15	20
Town sewer	20,000	100	35	15	20
Town water and sewer	15,000	100	30	15	15

V.4f - HEIGHT

Single-family and two-family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve proposed height in excess of 45 feet for all other buildings.

V.4g

MAXIMUM LOT COVERAGE - 30%

V.4h - SITE PLAN APPROVAL

All non-residential uses shall require Planning Board review and approval of the site plan.

Section V.5 - General Residential District (R3)

The intent of the R3 District is to allow density of residential development and related, compatible land uses.

V.5a - PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VIII of this Ordinance.

V.5b - PERMITTED STRUCTURES AND USES

Single-family dwelling, two-family dwelling, multi-family dwelling, church or temple, conservation use educational institution, housing for the elderly, public recreation facility and apartment in an existing single-family dwelling.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including gardening and growing fruits and vegetables, keeping of domestic animals for personal use and enjoyment (but not including a kennel), private garage, private swimming pool, signs subject to Article VIII, Section VIII.1.1, temporary building for uses incidental to construction.

V.5c - SPECIAL EXCEPTIONS

The following uses may be permitted if expressly authorized by the Board of Adjustment: commercial recreation facility, government structure, public utility or communication structure, rooming, boarding, or lodging house.

V.5d - MINIMUM DIMENSIONAL REQUIREMENTS - DETACHED SINGLE FAMILY DWELLINGS

	LOT AREA sq. ft.	FRONTAGE feet	FRONT YARD feet	SIDE YARD feet	REAR YARD feet
No town water or sewer	30,000	125	35	15	20
Town sewer	20,000	100	35	15	20
Town water and sewer	10,000	100	30	15	15

V.5e - MINIMUM DIMENSIONAL REQUIREMENTS - TWO-FAMILY DWELLINGS AND PERMITTED NON-RESIDENTIAL USES

	LOT AREA sq. ft.	FRONTAGE feet	FRONT YARD feet	SIDE YARD feet	REAR YARD feet
No town water or sewer	30,000	125	35	15	20
Town sewer	20,000	100	35	15	20
Town water and sewer	15,000	100	30	15	15

V.5f - MINIMUM DIMENSIONAL REQUIREMENTS - MULTI-FAMILY DWELLINGS

Minimum lot size shall be 1 acre [43,560 s.f.] for multi-family dwelling structures. Maximum density shall be 12 units per acre.

Minimum frontage shall be 125 feet.

Minimum Yard Depths shall be: 30 foot front yard, 20 foot side yards, 30 foot rear yard for the principal buildings.

Multi-family dwellings shall be connected to the town water and sewer systems.

Recreation space of at least 15% of the gross lot area shall be provided.

V.5g - HEIGHT

Single-family and two-family dwellings shall not be higher than 45 feet. Multi-family dwellings shall not be higher than 60 feet, except by Planning Board review and approval. The Planning Board shall review and approve proposed height for all other buildings.

V.5h - MAXIMUM LOT COVERAGE - 30%

V.5i - SITE PLAN APPROVAL

All non-residential uses shall require Planning Board review and approval of the site plan.

Section V.6 - Mobile Home District (MH)

The intent of the Mobile Home District is to define existing mobile home parks and provide these areas with some room for future expansion. All mobile homes installed after the effective date of this Ordinance shall be located in a Mobile Home District and shall comply with the requirements of the State of New Hampshire.

V.6a - PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VIII of this Ordinance except VIII.10.

V.6b - PERMITTED STRUCTURES AND USES

Mobile homes as defined in this Ordinance; also: agriculture, forestry, church or temple, educational institution, public recreation facility, detached single family dwelling.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including gardening, keeping of domestic animals for personal use and enjoyment (but not including a kennel), laundromat, private garage, private swimming pool, signs subject to Article VIII, Section VIII.11, temporary building for uses incidental to construction and an office for the manager and staff of a mobile home park and sales or storage of mobile homes.

V.6c - SPECIAL EXCEPTIONS

The following use may be permitted if expressly authorized by the Board of Adjustment: home occupation.

V.6d - LOT AREA

The minimum size for a mobile home park shall be 200,000 square feet. Each mobile home space in a mobile home park shall contain a minimum land area of 5,000 square feet with town sewer and water and shall be at least 50 feet wide.

V.6e - SETBACKS

A mobile home park shall be set back at least 35 feet from any existing public street.

A mobile home shall be set back from the access drive or street at least 25 feet.

V.6f - HEIGHT

Single family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve proposed height for all other buildings.

V.6g - SANITARY STANDARDS

Sanitary regulations and standards relative to mobile home spaces and parks, as enacted by the State Board of Health as well as all regulations of the NHSPCC shall be adhered to.

V.6h - SITE PLAN APPROVAL

All non-residential uses shall require Planning Board review and approval of the site plan.

Section V.7 - Downtown Business District (B1)

The intent of the regulations for the B1 District is to enhance the general character of the traditional Downtown area of Derry.

V.7a - PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VIII of this Ordinance.

V.7b - PERMITTED STRUCTURES AND USES

Dwellings, whether one-family, two-family or multi-family.

Retail businesses where goods are displayed and sold mainly indoors, including but not limited to: antiques, art objects, baked goods, bicycles, books, cameras, candy, clothing, electrical equipment and appliances, furniture, food, hardware, jewelry, medicine, music, office equipment and supplies, optical products, paint and wallpaper, pets and related supplies, plumbing supplies, radio and televisions, shoes, sporting goods, tobacco products.

Offices and service establishments including but not limited to: appliance repair shop, banks, barber and beauty shops, bus depot, business or professional office, daycare center, funeral home, hospital or nursing home, hotels and motels, indoor commercial recreation and amusement facilities, insurance office, library, movie theatre, museum, newspaper office, offices for the sale of building materials, wood, coal and the like but where the products are not stored on the premises, parking garage and parking lot, post office, public utility or communication structure, restaurants and bars (not including drive-in eating places), rooming, boarding or lodging house, shoe repair shop, studios for art, photography, music and dance, travel agency.

Institutional uses such as church or temple, government offices, public or private educational facilities, and any other public use or use by a semi-public agency whose activities are primarily non-profit in nature.

Home occupation use, nursing home, and hospital.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including any accessory use permitted in District R2; also off-street parking facilities, and business signs.

V.7c - DIMENSIONAL REQUIREMENTS

Lot area, frontage, yard dimensions, and lot area per family for dwellings in District B1 shall be the same as for District R3, except that there shall be no density limitation for multi-family dwellings. For non-dwelling uses in the B1 District, there shall be no minimum lot size. Minimum Yard Depths shall not be required, except that when a non-dwelling use is adjacent to any R District, the minimum side yard of the non-dwelling use shall be 15 feet, and the minimum rear yard depth shall be 20 feet.

V.7d - HEIGHT

Single-family and two-family dwellings shall not be higher than 45 feet. All other buildings shall not exceed 60 feet in height.

V.7e - MAXIMUM LOT COVERAGE

For single and two-family dwellings: 30%. No limit for other uses.

V.7f - SITE PLAN APPROVAL

All uses other than detached single-family dwellings and two-family dwellings shall require Planning Board review and approval of the site plan.

V.7g - SEWER AND WATER

All uses in the B-1 District shall have town sewer and water.

Section V.8 - General Business District (B2)

The intent of the B2 District is to provide for a variety of business uses, including highway-oriented business use.

V.8a - PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VIII of this Ordinance.

V.8b - PERMITTED STRUCTURES AND USES

Any principal use permitted in District B1; and also: retail and service businesses serving motorists, including but not limited to drive-in theaters, drive-in restaurants, gas stations and motor vehicle service stations; retail sales involving outdoor display or storage of large amounts of merchandise such as building supplies, nursery stock, mobile homes and motor vehicles; outdoor commercial recreation or amusements facilities; shopping malls.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including any accessory use permitted in District B1.

V.8c - LOT AREA

For residential uses, same as District R-3. For non-residential uses, minimum of 20,000 square feet with town sewer. Minimum of (30,000 square feet) with neither town water or sewer.

V.8d - FRONTAGE

For residential uses, same as District R3. For non-residential uses, minimum of 100 feet.

V.8e - MINIMUM YARD DEPTHS

For residential uses, same as District R3. For non-residential uses, 40 foot front yard, 15 foot side yards, 20 foot rear yard.

V.8f - HEIGHT

Single and two-family dwellings shall not be higher than 45 feet. Multi-family dwellings shall not be higher than 60 feet, except by Planning Board review and approval. The Planning Board shall review and approve proposed height for all other buildings.

V.8g - MAXIMUM LOT COVERAGE - 30%

V.8h - SITE PLAN APPROVAL

All uses other than detached single-family dwellings and two-family dwellings shall require Planning Board review and approval of the site plan.

Section V.9 - Highway Business District (B3)

The intent of the B3 District is to provide larger areas for a variety of business uses, including highway-oriented business use.

V.9a - PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VIII of this Ordinance.

V.9b - PERMITTED STRUCTURES AND USES

One-family and two-family dwellings, and non-residential uses as permitted in District B2.

V.9c - REQUIREMENTS

Requirements for one-family and two-family dwellings shall be the same as in District R1. Requirements for non-residential uses shall be the same as in District B2.

Section V.10 - Industrial (I)

The intent of the Industrial District is to encourage the development of non-polluting light industries.

V.10a - PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VIII of this Ordinance.

V.10b - PERMITTED STRUCTURES AND USES

Places for the manufacture of various products, including but not limited to appliances, building materials, chemicals, clothing, food, furniture, instruments, office supplies, plastics, photographic and optical products, sporting goods, textiles, transportation equipment, wood products.

Other large-scale uses including but not limited to building materials storage and sales, freight terminal, fuel and storage tanks, mail-order house, printing & publishing, research or experimental laboratory, storage yards, truck terminal, warehouse, wholesale businesses, and sand and gravel pits.

Agricultural and forestry uses shall also be permitted.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including off street parking facility, signs, and temporary building for uses incidental to construction.

V.10c - LOT AREA

Minimum of 1 acre (43,560 square feet).

V.10d - FRONTAGE

Minimum of 150 feet.

V.10e - MINIMUM YARD DEPTHS
30 foot front yard, 20 foot side yards, 20 foot rear yard.

V.10f - HEIGHT
The Planning Board shall review and approve height for all proposed buildings.

V.10g - WATER AND SEWER
Town water and sewer shall be used if available. Otherwise, state-approved water and sewer systems shall be required.

V.10h - MAXIMUM LOT COVERAGE - 50%

V.10i - SITE PLAN APPROVAL
All uses shall require Planning Board review and approval of the site plan.

ARTICLE VI. CONSERVATION CORRIDORS

Section VI.1 - Purpose

The purpose of this article is to regulate uses in important wetland and watershed areas. The objective is to prevent the destruction of watershed areas and wetlands which provide flood protection, recharge or ground water supply, and augmentation of stream flow, and for protection of the community against the costs which may be incurred when unsuitable development occurs in swamps, marshes, along water courses, or in areas subject to floods. In the event of conflict between the requirement of this section and the permitted uses within a zoning district, the requirements of this section shall take precedence.

Section VI.2 - Location

The Conservation Corridors shall be all lands in the hundred year flood plain determined by the Federal Insurance Administration's Flood Hazard Boundary Map of September 18, 1979.

SECTION VI.3 - Permitted Uses

The following uses may be permitted, providing that they do not alter the existing topography; agriculture, forestry, wildlife management, outdoor recreation activities, construction and maintenance of public and private water supply systems, construction and maintenance of public sewer and utility systems.

Accessory uses and structures usually associated with these permitted uses shall be allowed provided that such accessory uses do not affect the existing topography, and that no accessory building is larger than 100 sq. ft.

SECTION VI.4 - Prohibited Uses

The following uses shall be prohibited; septic tanks and leach fields; the stockpiling of manure and the operation of pigeries and mink farms; amusement parks, race tracks and outdoor movie theaters; junk yards; and other intensive use of the land that would result in covering more than 20% of the site with impervious materials.

The Board of Adjustment may allow any use normally permitted in the underlying District in which the land is situated - including filling, excavating, or construction of a building or structure, but not including specifically prohibited uses - subject to all use and development regulations for the District, provided that the Board of Adjustment shall find that the proposed use will not significantly conflict with the purposes set forth in this Article.

Pre-existing septic tanks or leach fields, and pre-existing buildings or structures may be enlarged only by special exception of the Zoning Board of Adjustment.

Requests for special exceptions shall also require review and approval by the Planning Board, the Conservation Commission and the Health Officer. With the filing of the application for exception, copies of the plans for the proposed use shall be submitted to the aforementioned commissions and officials who shall respond, in writing, to the Zoning Board of Adjustment within thirty (30) days thereafter.

Definition: Site - As used in Conservation Corridor regulations, means that portion of the lot that falls within the Conservation Corridor.

ARTICLE VII. CLUSTER DEVELOPMENT

Section VII.1 - Purpose

The purpose of this Article is to provide special opportunities for builders, developers and land owners in order to encourage them to conserve open space and design subdivisions in harmony with the natural features of the land. This Article thus allows the Planning Board to issue special permits for a pattern of land development alternate to the standard subdivisions permitted in the residential Districts. These flexible standards apply only to detached single family dwellings and two-family dwellings.

Section VII.2 - Standards

VII.2a - NUMBER OF LOTS

The number of lots permitted for a cluster development shall not exceed the number of buildable lots that could be designed for the parcel following standard subdivision design practices and the dimensional and area requirements of the particular Zoning District.

VII.2b - DIMENSIONAL REQUIREMENTS - GENERAL

Except as provided in this section, all dimensions shall comply with the provisions of Article V, Sections V.2, V.3, and V.4.

VII.2c - LOT AREA

Minimum lot area for cluster developments for detached single family dwellings in the three residential Districts shall be:

Rural Residential (RR):	20,000 S.F.
Single Family Residential (R1):	10,000 S.F.
General Residential (R2):	7,500 S.F.

Minimum lot area for cluster developments for two-family dwellings shall be: R1 - 10,000 S.F., R2 - 7,500 S.F.

These are minimum standards. Larger lot sizes may still be required depending on soil conditions and the proposed method for handling water supply and sewage disposal.

VII.2d - FRONTAGE

Each lot shall have a minimum frontage of 50 feet.

VII.2e - LOT WIDTH

Each lot shall have a minimum width of 50 feet. In addition, each lot shall be so shaped, and the dwelling on it shall be so located such that the lot width along the front wall of the dwelling shall be a minimum of:

Rural Residential (RR):	100 feet
Single Family Residential (R1):	80 feet
General Residential (R2):	64 feet

Section VII.3 - Common Land

VII.3a - AMOUNT OF COMMON LAND

The area of common land shall be at least 20% of the total area of the Cluster Development parcel.

VII.3b - GENERAL REQUIREMENTS

The common land shall have a location, shape, size and character suitable to assure its use by all residents of the Cluster Development for purposes such as recreation or conservation. Paths, walkways, and other provisions shall be designed to ensure that the common land will be accessible to all residents of the cluster.

VII.3c - OWNERSHIP AND RESTRICTIONS

The developer shall work with the Planning Board to design a common land ownership system that is appropriate to the site, that does not place undue burden on town resources, and that assures the town of legitimate real estate tax receipts from common lands and associated common facilities. Where common facilities exist the state of N.H. Condominium Act shall apply.

Section VII.4 - Procedure for Approval

VII.4a - APPLICATION

The applicant shall submit an application in writing in such form as the Planning Board may require. The applicant shall also submit plans, reports and other documents as may be required by the Town's Land Subdivision and Control Regulations; the required material on perpetual restriction of the common land; and such additional information as the Planning Board may require.

VII.4b - CONDITIONS

If a special permit is granted, the Planning Board shall impose as a condition that the common land shall be conveyed forthwith, free of any mortgage interest or security interest, and subject to the terms of a perpetual restriction, and to any other terms of the permit. The conveyance and recording shall be completed as a prior condition for the Planning Board's release of any lots from the subdivision restriction covenant or, if there is no covenant, prior to the Building Inspector's issuance of a building permit for any lot.

ARTICLE VIII. PERFORMANCE STANDARDS

Permitted uses and uses permitted by special exception for any and all Districts shall conform to these performance standards, as applicable.

Section VIII.1 - Accessory Buildings

No garage or other accessory building shall be located in a required front yard. An accessory building or structure must be set back from side or rear lot lines at least 5 feet. In addition, no accessory building or structure shall be located nearer to a side or rear lot line than the height of said structure or building. For accessory buildings or structures greater than 35 feet in height, the setback from side or rear lot lines shall not be required to be more than 35 feet.

Section VIII.2 - Automobile Junkyards

No automobile junkyard shall be established, operated or maintained without first obtaining a non-transferrable permit from the Derry Board of Selectmen. The permit shall be valid until January 1 of the Year following. Recreation vehicles and farm vehicles shall not be counted in determining the necessity for a permit.

Before granting a permit, the Board of Selectmen shall hold a public hearing. Notice of the hearing shall be posted at least 5 days prior to the hearing in at least two public places in the Town of Derry and in a local newspaper. Abutters and the applicant shall be notified by certified mail of the time and place of the hearing.

No permit shall be granted for an automobile junkyard within 600 feet from the nearest edge of the right-of-way of any highway. This restriction may be waived if the proposed junkyard site is completely screened from the highway by a natural height of land.

Any automobile junkyard shall be screened by planting or fences of at least 6 feet in height and acceptable to the Board of Selectmen. The Board of Selectmen may also stipulate other reasonable requirements and conditions relating to the siting, operation, and use of an automobile junkyard. These conditions shall be attached to the permit.

Permit fees shall be assessed as prescribed by the Selectmen, and shall be payable in advance together with reasonable costs for publishing and posting the public notice. The applicant shall also be required to post a bond sufficient in value to cover the Town's costs for cleaning up the site should this become necessary. The bond amount shall be reviewed each year on issuing of a new permit, and may be changed as appropriate.

All other provisions of the State Law on automobile junkyards shall be observed, including state permits where location warrants according to NHRSA 249 b.

Section VIII.3 - Campgrounds

All recreational vehicles, tents, and camp shelters shall be located in an approved campground, and shall comply with the requirements of the State of New Hampshire.

All campgrounds shall conform with the following standards:

- Minimum parcel size of 10 acres.

- b. Campground lot lines shall be at least 1,000 feet distant from any existing resident dwelling, whether occupied or unoccupied.
- c. The campground shall be screened from town roads and other adjacent uses as required by the Planning Board.
- d. Site plan review and approval by the Planning Board shall be required.

A camping space shall:

- a. Contain a minimum land area of 2,000 square feet, not including roads and access drives.
- b. Have as part of the 2,000 square foot area a minimum of 200 square feet suitable for off-street parking.
- c. Be at least 40 feet wide.
- d. Be located at least 100 feet from any lot line which is not a body of water. This setback shall apply to any other buildings in the campground.

A service building or buildings for toilets and shower facilities shall be provided. No camping space shall be more than 300 feet from a service building.

Prior to the granting of an Occupancy Permit, written approval of the State Board of Health shall be furnished certifying that all facilities for water supply, toilets, sewage disposal, and solid waste disposal comply with the Board's requirements.

Permitted accessory buildings in a campground shall be limited to:

- a. An office for the manager and staff of the campground, which may be in a dwelling or in a service building.
- b. A service building, not to exceed 1,500 square feet of gross floor area, which may contain equipment and supplies, recreation rooms, and a shop for convenience goods primarily for the occupants of the campground, provided that no advertising device is visible from a town street or from adjacent lots.
- c. A service building or buildings for toilets and shower facilities.
- d. Other buildings or structures incidental to the recreational aspects of the campground including commercial recreational facilities as defined in this Ordinance and indoor commercial recreation facilities.
- e. Service buildings to accommodate bathers at beach or pool sites.

Section VIII.4 - Conversion of Dwellings

The conversion of any building into a dwelling, or the conversion of any dwelling so as to increase the number of dwelling units shall be permitted only if a new building for similar occupancy would be permitted in the particular District, and only when the resulting dwelling unit or units will comply with the parking and yard requirements for new construction in the particular District.

No existing structure may be converted for use by more than 2 families without special exception approval by the Board of Adjustment. These provisions notwithstanding, however, the addition of one dwelling unit within an existing, large single family house shall be allowed in any District according to the following provisions:

- a. The purpose of these regulations shall be to provide small additional rental units without adding to the number of buildings in the Town, and to enable owners of single family dwellings larger than required for their present needs to share space and the burdens of homeownership.
- b. The lot area of the existing single family dwelling shall not be less than 15,000 square feet.
- c. The dwelling unit shall be a use incidental to the single family dwelling and shall occupy no more than one-third of the gross floor area of the single family dwelling exclusive of any garage, shed or similar structure of accessory use attached to the single family dwelling.
- d. The dwelling unit shall have a minimum gross floor area of 350 square feet.
- e. No more than one such dwelling unit shall exist within the single family dwelling.
- f. No more than minimum exterior alterations shall be made to the single family dwelling. Necessary safety-related exterior alterations such as fire escapes shall be permitted.
- g. Either the dwelling unit or the single family dwelling shall be occupied by the owner of the property except for bona fide temporary absences.
- h. Floor plans of the dwelling unit and the single family dwelling, with a site plan showing the location of the single family dwelling on the lot, have been filed with the Building Inspector prior to or at the time of application to the Board of Adjustment.
- i. Application for a building permit or certificate of occupancy shall be made to the Building Inspector and no use or occupancy shall be allowed prior to the issuance of a certificate of occupancy by the Building Inspector.

Section VIII.5 - Elevation of Buildings Above Flood Level

All buildings in flood-prone areas shall have their first liveable floor at least one foot above the level of the 100 year flood elevation. In addition the ground level surrounding buildings shall be raised to an elevation not less than one (1) foot above the 100 year flood elevation. Such fill shall extend for a minimum horizontal distance of fifteen (15) feet from the outer surface of the building walls.

All land uses shall also comply with the provisions of Flood Zone regulations that the Town may enact in connection with the Federal Insurance Administration [FIA] program.

Section VIII.6 - Filling, Excavation or Other Earth Moving Activity

The following provisions shall apply to filling, grading, lagooning, dredging, excavation, processing and storage of

soil, earth, loam, sand, gravel, rock and other mineral deposits. Filling, grading, lagooning, dredging, and other earth-moving activities which would result in significant erosion, sedimentation, or impairment of water quality or fish and aquatic life are prohibited.

PERMIT REQUIREO - No owner shall permit any excavation of earth on his premises without first obtaining a permit therefor, except:

- a. Excavation that is incidental to the lawful construction or alteration of a building or structure or the lawful construction or alteration of a parking lot or way including a driveway on a portion of the premises where removal occurs.
- b. Excavation that is incidental to agricultural or silvacultural activities, normal landscaping or minor topographical adjustment.
- c. Excavation from an area contiguous to or from contiguous land in common ownership with, stationary manufacturing and processing plants in operation as of the effective date of this chapter which use earth obtained from such areas.
- d. Excavation from a granite quarry.

APPLICATION FOR PERMIT - Any owner subject to this chapter shall, prior to excavation of his land, apply to the Planning Board for a permit for excavation. The applicant shall also send a copy of the application to the conservation commission. Such application shall be signed and dated by the applicant and shall contain at least the following information:

- a. The name and address of the owner of the land to be excavated, the person who will actually do the excavating and all abutters to the premises on which the excavation is proposed;
- b. A sketch and description of the location and boundaries of the proposed excavation, the number of acres to be involved in the project and the municipalities and counties in which the project lies;
- c. A sketch and description of the access and visual barriers to public highways to be utilized in the proposed excavation;
- d. The breadth, depth and slope of the proposed excavation and the estimated duration of the project;
- e. The elevation of the highest annual average ground water table within or next to the proposed excavation;
- f. A plan for the restoration of the area affected by the excavation at least in compliance with RSA 155-D:5, including a timetable therefor as to fully depleted sites within the excavation area during said project; and
- g. Such other information as the regulator may reasonably require.

PROHIBITED PROJECTS - The Planning Board shall not grant a permit:

- a. Where an excavation is proposed below road level within 50 feet of any highway right of way unless such excavation is for the purpose of said highway;
- b. For excavation within 50 feet of the boundary of a disapproving abutter or within 10 feet of the boundary of an approving abutter unless approval is requested by said abutter;
- c. When the excavation is not permitted by zoning or other applicable ordinance;
- d. When the issuance of the permit would be unduly hazardous or injurious to the public welfare;
- e. Where existing visual barriers in the areas specified in RSA 155-D:3, III would be removed, except to provide access to the excavation;
- f. Where the excavation would substantially damage a known aquifer, so designated by the United States Geological Survey;
- g. When excavation is planned beneath or adjacent to inland surface waters in such manner that a permit is required from the water supply and pollution control commission, the water resources board, the special board on dredge and fill or other state or federal agencies with jurisdiction over the premises; but the regulator may approve the application when all necessary permits have been obtained; or
- h. Where the project cannot comply with the restoration provisions of RSA 155-D:6.

RESTORATION - Within 12 months after the expiration date in the permit therefore or the completion of the excavation, whichever first occurs, the owner of the excavated land shall restore, or cause to be restored, the area affected by the excavation to meet each of the following minimum conditions:

- a. Except for exposed rock ledge, said area shall be covered with vegetation suitable to prevent erosion and with soils suitable to sustain such vegetation;
- b. Debris resulting from the excavation shall be buried or removed;
- c. All slopes shall be graded to natural repose for the type of soil of which they are composed; and
- d. The elimination of any standing bodies of water created in the excavation project as may constitute a hazard to health and safety unless the regulator specifies different restoration.

APPLICATION FOR AMENDMENT - When the scope of a project for which an excavation permit has been issued is proposed to be altered so as to affect either the size or location of the excavation, the rate of removal or the plan for restoration, the owner shall submit an application for amendment of his excavation permit which application shall be subject to approval in the same manner as provided for an excavation permit.

HEARING - Prior to the Planning Board approving an application for an excavation permit or an application for an amended excavation permit, a public hearing shall be held on such application. A notice of said hearing shall be sent to all abutters and shall specify the grounds for the hearing as well as the date, time and place and at least 14 days' notice of the time and place of such hearing shall be published in a paper of general circulation in the town wherein the proposed excavation is to be located and a legal notice thereof shall also be posted in at least 3 public places in town; the 14 days shall not include the day of publication nor the day of the meeting, but shall include any Saturdays, Sundays and legal holidays within said period.

ISSUANCE OF PERMIT - If the Planning Board after the public hearing approves the application for a permit and

determines it is not prohibited by RSA 155-D:4 it shall, upon receipt of an excavation fee determined by the Planning Board not to exceed \$50 and the posting of a bond or other such surety with the municipal treasurer in an amount, as it requires, reasonably sufficient to guarantee compliance with the permit, grant a permit to the applicant for an excavation. A copy of the permit shall be prominently posted at the excavation site or the principal access thereto. A permit shall not be assignable or transferable within the prior written consent of the Planning Board. A permit shall specify the date upon which it expires. The Planning Board may include in a permit such reasonable conditions as are consistent with the purpose of Chapter 155 including the provision of visual barriers to the excavation.

APPEAL If the Planning Board disapproves or approves an application for an excavation permit or an application for an amended permit, any interested person affected by such decision may appeal to the Planning Board for a rehearing on such decision or any matter determined thereby. The motion for rehearing shall fully specify every ground upon which it is alleged that the decision or order complained of is unlawful or unreasonable and said appeal shall be filed within 10 days of the date of the decision appealed from. The Planning Board shall either grant or deny the request for rehearing within 10 days, and if the request is granted a rehearing shall be scheduled within 30 days. Any person affected by the Planning Board's decision on a motion for rehearing to the Planning Board may appeal in conformity with the procedures specified in RSA 31:77-87.

ENFORCEMENT.

- a. The Planning Board or its duly authorized agent may suspend or revoke the permit of any person who has violated any provision of his permit or this chapter or made a material misstatement in the application upon which his permit was granted, such suspension or revocation shall be subject to a motion for rehearing thereon and appeal in accordance with RSA 155-D:8 and 9.
- b. The Planning Board or a person affected thereby may seek an order from the superior court that the violator cease and desist from violation of any provision of his permit or this chapter and take such action as may be necessary to be in compliance with his permit and this chapter. If the superior court issues such an order the Planning Board or the person affected, as the case may be, shall have judgment for all costs and attorney fees in seeking such an order.
- c. To ascertain if there is compliance with this chapter, a permit issued hereunder or an order issued hereunder, the Planning Board or its duly authorized agent may enter upon any land on which there is reason to believe an excavation is being conducted or has been conducted since the effective date of this chapter.
- d. Whoever violates any provision of this chapter, a permit issued hereunder or a valid order issued hereunder shall be guilty of a misdemeanor if a natural person, or guilty of a felony if any other person.

REGULATIONS - The Planning Board may adopt such regulations as may be reasonably necessary to carry out the provisions of this chapter including adopting a permit fee schedule.

EXISTING OPERATIONS Any owner of an existing excavation in use as of the effective date of this ordinance and which is subject to the section may continue such existing excavation without a permit but shall perform restoration in compliance with RSA 155-D:5 within a reasonable period following the intended cessation of the excavation or any completed section thereof.

Section VIII.7 - Home Occupation

Home occupations shall be permitted in the residential districts by special exception. Permitted home occupations shall be limited to the following trades: lawyer, doctor, clergyman, real estate agent, insurance agent or similar recognized professional; artist, artisan or craftsman; tradesman or repairman (such as small appliance repairman) provided that:

- a. The home occupation is clearly incidental to the residential use of the structure;
- b. Such business use is not injurious, noxious or offensive to the neighborhood by reason of emission of odor, fumes, dust, smoke, vibration, noise or other cause;
- c. The residential use is established prior to the business use;
- d. The business use does not change the residential character of the dwelling and the property, and does not require external alterations that would change such residential character;
- e. The business use is conducted within the residential building or other existing structure, and does not exceed 25 percent of the total normal living area of the residence. The normal living area is defined as that portion of the residential building consisting of living room(s), kitchen(s), dining room(s), family room(s), den(s), and laundry room(s);
- f. Not more than one sign or other advertising device is displayed on the property and it does not exceed a size of three square feet;
- g. Not more than two persons not residing in the home are employed on the premises at the same time;
- h. Sufficient off-street parking for the employees, clients, and customers is provided, and where lot size permits, the parking area is not within 25 feet of the front line nor within 10 feet of side and rear lot lines;
- i. Not more than one business use will be conducted on the property;
- j. The business is not contrary to any covenants or conditions contained in the deed to the property.

In all cases, a person establishing a Home Occupation use shall fill out and sign a form that clearly states the nature of the business and all related criteria and conditions. The form shall also state that any breach of criteria or conditions constitutes a violation of the Zoning Ordinance.

Section VIII.8 - Number of Buildings on a Lot

Only one residential building or dwelling shall be situated on a lot.

Section VIII.9 - Off-Street Parking and Loading

VIII.9a - BASIC REQUIREMENT

In any district where permitted, no use of premises shall be authorized or extended, and no building or structure shall be constructed or enlarged, unless there is provided for such extension, construction or enlargement, off-street automobile parking space within three hundred [300] feet of the principal

building, structure, or use of the premises, in accordance with the schedule of parking requirements provided in this section. An area of two hundred [200] square feet appropriate for the parking of an automobile, exclusive of maneuvering space, shall be considered as one off-street parking space. No required parking space shall serve more than one use. No off-street parking facility shall have more than two [2] entrances or exits on the same street, and no entrance or exit shall exceed 33 feet or be less than 12 feet in width. Parking areas with more than two [2] parking spaces shall be so arranged that vehicles can be turned around within such areas and are prevented from backing into the street. Where Site Plan Review is required, the Planning Board shall include a review of proposed off-street parking layout and design.

VIII.9b - SCHEDULE OF MINIMUM OFF-STREET PARKING REQUIREMENTS

1. Dwelling, including multi-family structures	Two parking spaces per dwelling unit.
2. Public or publicly subsidized housing for low and moderate income families	One space for each dwelling unit.
3. Public or publicly subsidized housing for the elderly or handicapped	1/2 space for each dwelling unit.
4. Hotel, motel, boarding or lodging house, tourist home	One space for each bedroom, plus adequate space for employees.
5. Hospital or nursing home	One space per two beds plus adequate space for employees.
6. Campground	Once space for each campsite plus adequate space for employees.
7. Retail, service and related business use	One space for each 100 square feet of gross floor area excluding permanent storage area, staircases, corridors, and rest rooms.
8. Professional or general office	One space for each 200 square feet of gross floor area excluding permanent storage area, staircases, corridors, and rest rooms.
9. Restaurant, lodge, club, church, recreation use or other place of assembly	One parking space per three seats of rated capacity, or one space for each three persons to be expected on the premises at the time of maximum use, plus adequate parking for employees.
10. Auto service station	Two parking spaces for each service bay, plus adequate parking for employees.
11. Industrial uses	One parking space for each two employed persons on the largest shift, plus one space for each company vehicle, plus adequate space for customers as determined by the Planning Board.
12. Mixed uses	In the case of mixed uses parking requirements shall be calculated based upon the area of each use, and subject to the Planning Board's decision on parking spaces needed at times of maximum use.

The Planning Board may grant relief from the parking requirements of VIII.9b if the petitioner cannot comply and if the Board finds that the desired relief will not have a bad effect on the neighborhood or conflict with any provisions of this Ordinance.

VIII.9c - SUPPLEMENTARY PARKING PROVISIONS

Adequate spaces shall be provided to accommodate customers, patrons, and employees at drive-in establishments, open air retail businesses and amusement and other permitted uses not specifically enumerated. The Building Inspector shall determine these requirements on a case by case basis.

VIII.9d - OFF-STREET LOADING

In any district where permitted or allowed, commercial or industrial uses shall provide, as necessary, off-street loading facilities located entirely on the same lot as the building or use to be served so that trucks, trailers and containers shall not be located for loading, unloading or storage upon any public road or access drive. The Building Inspector shall review and approve proposed off-street loading spaces for all new structures and additions to existing structures.

The Planning Board may waive this requirement in the Downtown Business District.

VIII.9e - LAYOUT AND DESIGN OF OFF-STREET PARKING SPACES

The minimum width of aisles providing access to parking spaces shall be in accordance with the following schedule:

ANGLE OF PARKING	MINIMUM AISLE WIDTH
Parallel	12 feet
30	11 feet
45	13 feet
60	18 feet
90	23 feet

In parking lots with 5 or more spaces the parking lot shall be paved, and the surface of the parking lot shall be painted, marked, or otherwise delineated so that the location of parking spaces is apparent. To insure the availability of required parking spaces on a year-round basis, a strip of land not less than 6 feet in width shall be provided on at least 3 sides of a parking lot for the storage of snow plowed or removed

from the surfaced area of the parking lot. The snow storage area may not encroach on the area required for off-street parking spaces.

Required parking spaces for non-residential uses, where not enclosed within a building, shall be effectively screened from view by plant materials, fences, walls, or other means as may be required by the Planning Board.

Section VIII.10 - Sewage Disposal Standards

PURPOSE: To prevent pollution of all public or private water supplies, whether underground or surface sources.

The design and construction of all sewage disposal systems shall comply with the regulations of the State of New Hampshire Plumbing Code, and with the requirements of the New Hampshire Water Supply and Pollution Control Commission, if more restrictive than this ordinance.

For lots near or adjacent to streams and ponds, the minimum setback for underground sewage disposal systems shall be one hundred (100) feet from the normal high water mark.

NON-SEWERED LOTS: Every residential lot not served by Town sewer shall be subject to the following:

- A. RECEIVING SOIL. Every lot shall contain at least 22,000 square feet of contiguous natural in-place soil having the following characteristics:
1. The depth to ledge or impermeable stratum (soils in which the percolation rate is greater than 60 minutes per inch) shall be two (2) feet or greater.
 2. The depth to seasonal high water table shall be six (6) inches or greater.
 3. The slope of the land shall be 25 per cent or less.
 4. The soil must be a class included in Groups A through D inclusive as defined by the New Hampshire Water Supply and Pollution Control Commission (NHWSPPC) soils grouping for estimating lot size. The receiving soil shall not include filled lands except borrow or gravel pits renovated to meet the above specifications.
- B. RECEIVING LAYER. Every receiving layer shall contain an area of at least 4,000 square feet having the following characteristics:
1. The depth to ledge or impermeable stratum shall be eight (8) feet or greater without town water, and six (6) feet or greater with town water.
 2. The depth to ledge shall be at least five (5) feet of natural soil.
3. Land on which the depth to the seasonal high water table is one (1) foot or less shall be a minimum of seventy-five (75) feet distance from the leach field.
 4. Existing and proposed wells shall be a minimum of seventy-five (75) feet distance from the leach field.

C. MINIMUM LOT SIZES. Minimum areas for lots subject to the provisions of this article shall be determined by the following chart:

TABLE OF MINIMUM LOT SIZES (SQ. FT.)				
Percent Slope	Soil Groups			
	A	B	C	D
0-8	43,560	43,560	43,560	48,000
8-15	43,560	43,560	48,000	53,000
15-25	43,560	46,800	52,000	62,000
25-35	43,560	50,700	57,000	72,000

Soil classifications as defined by (NHWSPPC).

- D. TWO-FAMILY DWELLINGS. The amount of receiving soil and receiving layer shall be 150% of the single family requirements
- E. MULTI-FAMILY DWELLINGS. Multi-family dwellings shall be connected to the town water and sewer systems.

Section VIII.11 - Signs and Billboards

The following provisions shall apply to signs and billboards in all Districts where permitted:

VIII.11a - SIZE, LOCATION AND ILLUMINATION - GENERAL

No sign or billboard shall be erected adjacent to any public way in such a manner as to obstruct clear and free vision or where, by reason of its position, shape, color, illumination or wording the sign or billboard may obstruct the view of or be confused with any authorized traffic sign, signal or device or otherwise constitute a hazard to pedestrian or vehicular traffic.

Flashing, moving, or animated signs and billboards are prohibited, except for signs informing the public of time, temperature or weather, and barber poles.

No sign or billboard shall be more than 40 feet above ground level, except when attached to a building.

No sign attached to a building shall project above the roof line.

Public traffic and directional signs, and signs designating public activities shall be permitted in all Districts.

Existing signs that were lawful at the time of enactment or amendment of this Ordinance shall be allowed to continue to be used. However, if and when such signs are replaced, the new sign or signs shall conform to the provisions of this section.

VIII.11b - SIGNS IN RESIDENTIAL DISTRICTS

Signs or other advertising devices in Residential Districts shall be permitted as follows:

1. Not more than one sign or advertising device may be displayed on the property.
2. One sign not more than 3 square feet in area providing information about a Home Occupation or business.
3. One "for sale" or "for rent" sign not more than 6 square feet in area.

4. Temporary signs are permitted for a period not to exceed 30 days.
5. No sign shall project beyond a lot line. Signs larger than 6 square feet shall be set back at least 10 feet from the front line.

VIII.11c - SIGNS IN BUSINESS AND INDUSTRIAL DISTRICTS

Signs or other advertising devices in Business and Industrial Districts shall be permitted as follows:

1. Signs as permitted in the Residential Districts.
2. A maximum of 3 signs for a business or industrial establishment, whether attached to a building or free-standing.
3. Billboard type signs not permitted.
4. Temporary signs such as notices of special sales, etc. shall be permitted for a maximum of 30 days.
5. No sign shall be greater than 48 square feet in size.
6. No flashing or animated signs.
7. Whether attached to a building or free-standing, no part of any sign or advertising device shall be closer than 10 feet to lot line. However, in the Downtown Business District (B1), there shall be no setback requirements, provided that the sign does not project over a public sidewalk.
8. Site plan approval required for all permanent industrial or commercial signs.

VIII.11d - SPECIAL EXCEPTIONS

Special exceptions to these provisions may be granted by the Board of Adjustment.

Section VIII.12 - Site Plan Approval

VIII.12a - APPLICABILITY

Site Plan review by the Planning Board shall be required for the construction or enlargement of all uses as specified in this Ordinance. No building permit for these uses shall be issued except in conformance with a site plan duly reviewed by the Planning Board.

VIII.12b - REVIEW PROCEDURES

1. An application for site plan approval shall be submitted to the Building Inspector with 4 copies of the site plan. The Building Inspector shall submit 3 copies of the site plan to the Planning Board, together with his recommendations on the number of parking spaces needed.
2. The site plan shall show all relevant information, including zoning boundaries, existing and proposed topography, all existing and proposed buildings and uses, building elevations, parking and loading areas, driveways, walkways, sewage disposal and water supply facilities, drainage, lighting signs, planting, fences & other landscaping.
3. The Planning Board shall review the site plan and submit to the Building Inspector its written recommendations on the plan's technical quality and on the advisability of approval. The Planning Board shall consider matters such as: effect on adjacent properties, traffic, parking, waste disposal, setbacks, open space, design character, height, density, and conformance with all applicable provisions of the Zoning Ordinance.
4. The Building Inspector shall give due consideration to the Planning Board's recommendations, and, if site plan approval is granted, he shall include in the building permit such conditions and requirements that will ensure compliance with the terms of site plan approval. If any of the Building Inspector's decisions relative to the site plan differ from the Planning Board's recommendations, he shall state his reasons in written form.

Section VIII.13 - Soils

All land uses shall be located on soils upon which the proposed uses or structures can be established or maintained without causing adverse environmental impacts, including severe erosion, mass soil movement, and water pollution, whether during or after construction.

Section VIII.14 - Swimming Pools

All swimming pools, whether public or private, except wading pools less than 18 inches deep, shall be completely enclosed by a fence to prevent unsupervised access by small children. The fence shall be at least 4 feet above the ground for in-ground pools, or at least 30 inches above the top of above-ground pools.

Section VIII.15 - Vision Clearance

For a distance of twenty feet from the intersection of any two streets, no wall, fence, sign, or other structure and no hedges, trees, or other growth shall be permitted which will materially impede vision between a height of 3 to 7 feet above curb level.

Section VIII.16 - Water Quality Protection

No activity shall store or permit the discharge of any treated, untreated, or inadequately treated liquid, gaseous, or solid materials of such nature, quantity, obnoxiousness, toxicity, or temperature that may run off, percolate, or wash into surface or ground waters so as to contaminate such waters or cause nuisances, such as objectionable shore deposits, floating or submerged debris, oil or scum, color, taste, or unsightliness or be harmful to human, animal, plant, or aquatic life.

Section VIII.17 - Buffer Zone

Before any building, parking lot, or drive can be constructed that is non-residential in nature and abuts a residence or residential district, a buffer zone will have to be established with the following minimum characteristics:

1. It shall abut a residence or Residential District and be a minimum of 50 feet wide.
2. It shall be landscaped and maintained with the purpose in mind to diminish the effect of lighting, sound

and odor created by the non residential use

- (a) Minimum plantings for the buffer zone shall be three rows of coniferous type trees running parallel with the Residential District. These trees shall have a minimum height of six feet and be planted at a distance of 12 to 16 feet on center. They shall be staggered so as to present a more dense buffer zone. Natural growth will be considered to reduce the required minimum planting.

Landscaping of the buffer zone shall be approved by the Planning Board.

ARTICLE IX. ADMINISTRATION AND ENFORCEMENT

Section IX.1 - Enforcing Agency

The provisions of this Ordinance shall be administered and enforced by an appointed Building Inspector.

The Building Inspector shall institute or cause to be instituted in the name of the Town actions that may be necessary to enforce this Ordinance.

Section IX.2 - Building Permit Required.

Ordinary repairs to buildings may be made without application or notice to the building official; but such repairs shall not include the cutting away of any wall, partition or portion thereof, the removal or cutting of any structural beam or bearing support, or the removal or change of any required means of egress or rearrangement of parts of a structure affecting the exitway requirements; nor shall ordinary repairs include addition to, alteration of, replacement or relocation of any standpipe, water supply, sewer, drainage, drain leader, gas, soil, waste, vent or similar piping, electric wiring or mechanical or other work affecting public health or general safety.

Section IX.3 - Application for Building or Use Permit

All applications for building or use permits shall be submitted in writing to the Building Inspector on forms provided for the purpose, according to the provisions of the Building Code of the Town of Derry.

Section IX.4 - Building Permit Renewal

Building permits shall be valid for one year from the date of issuance. Said permit may be renewed for a further period of one year, provided that construction under the original permit was commenced during the first year. For new buildings, "construction commenced" shall mean the completion at least of the foundation. The renewal permit fee shall be \$2.00. After a foundation is constructed, buildings must be completed within one year unless the time is extended by the Building Inspector for good cause. All permits issued prior to the enactment of this ordinance shall expire one year from the date of enactment of this Ordinance unless renewed under the above provision.

Section IX.5 - Construction Permits Required

Separate plumbing, gas, or electrical permits shall be required in a situation where there are any of these items being installed or altered without a permit already having been issued for this work with a total construction permit.

Section IX.6 - Neighborhood Compatibility

No permit shall be issued for construction or alteration unless the proposed structure will present a reasonable appearance and will be in keeping with the neighborhood and unless the building is to be finished on the exterior in a permanent manner and is to be suitably painted on the outside whenever the same is of wood or a material customarily painted. This is intended to eliminate the erection of structures obviously out of place for the neighborhood where they are located, and which may be a detrimental effect on property values and neighborhood character. When an objection, on account of the appearance of a proposed structure as above indicated, is raised by a majority of the families residing or owning property within a radius of 500 feet of the property in question, the Board of Adjustment shall hold a public hearing to receive evidence on both sides and shall have the authority to decide whether the permit shall be issued or not.

Section IX.7 - Fees

Before a permit may be issued, the applicant shall pay a fee as follows:

Town Structures	No Fee
New use or business not involving construction	\$5.00
Business Signs	\$5.00
Cost of construction less than \$200	No Fee
Cost of Electrical or plumbing work less than \$200	\$2.00
Cost of construction at least \$200 but less than \$20,000	\$1.50/\$1000 cost
Cost of construction at least \$20,000 but less than \$100,000	\$2.00/\$1000 cost
Cost of construction \$100,000 or more	\$2.50/\$1000 cost

Cost of construction shall be determined by the Building Inspector from current building costs.

Section IX.8 - Occupancy Permit

Prior to the occupancy of any structure requiring a building permit, the person or organization that received a valid building permit shall secure an occupancy permit from the Building Inspector according to the provisions of the Building Code of the Town of Derry.

Section IX.9 - Violations and Legal Action

When any violation of any provision of this Ordinance shall be found to exist, the Building Inspector shall send a written notice to the individual or organization responsible for the violation. In the case of a violation of the Zoning Ordinance involving construction, the written notice may be a stop work order. Upon receiving a stop work order,

the responsible person shall secure any dangerous or unsteady parts of the construction project, and then shall cease all further construction activities.

In the case of violation of the terms of any special permit or conditional use, the permit shall not be suspended or revoked without a public hearing. Written notice of the hearing shall be sent to the permittee not less than 5 days before the hearing. The notice shall state the time and place of the hearing, and shall also contain a statement of the alleged violation of any conditions or restrictions inserted in the permit. After the public hearing, The Town agency that granted the permit shall make a decision within 30 days.

If a violation of any provision of this Ordinance is not immediately corrected as directed by the Building Inspector, the Board of Selectmen shall institute any and all actions and proceedings, either legal or equitable, that may be appropriate to enforce this Ordinance.

Section IX.10 - Fines

Any person or organization who violates any of the provisions of this Ordinance shall be guilty of a misdemeanor and on conviction shall be fined not more than \$10.00 for the offense. Each day such a violation continues to exist after notification shall constitute a separate offense.

ARTICLE X. BOARD OF ADJUSTMENT, APPEALS & SPECIAL PERMITS

Section X.1 - Authority

All appeals based on a decision of the Building Inspector shall be decided upon by the Board of Adjustment in accordance with the provisions of this Ordinance.

Applications for certain other special permits, including but not limited to: earth moving of more than 2,000 cubic yards, Cluster Development and relief from off-street parking requirements shall be decided upon by the Planning Board in accordance with the provisions of this Ordinance.

Section X.2 - Board of Adjustment

X.2a - ESTABLISHMENT AND ORGANIZATION

A Board of Adjustment is hereby established in accordance with state law as set forth in RSA 31:66 and the provisions of this Ordinance.

The Board of Adjustment may in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions or variance to the terms of this Ordinance in harmony with its general purpose and intent, and in accordance with rules as set forth in this Ordinance.

The Board of Adjustment shall consist of 5 members, and up to 5 alternate members all appointed by the Board of Selectmen. One member may also be a member of the Planning Board. Members of the Board of Adjustment and their terms of appointment shall be the same as for the existing Board of Adjustment. New members thereafter shall be appointed for terms of 5 years.

Members may be removed by the Board of Selectmen with cause, and only after a review of written charges and a public hearing. Vacancies shall be filled for the unexpired term.

X.2b - GENERAL PROCEDURES

The Board of Adjustment shall elect a chairman, a vice-chairman, and a secretary from its own membership, and shall adopt rules necessary for the conduct of its business.

Meetings shall be held at the call of the chairman and at such other times that the Board may determine necessary. The chairman may administer oaths and compel the attendance of witnesses. All meetings shall be open to the public.

The Board of Adjustment shall keep minutes of its proceedings, showing the vote of each member upon each question or absence or failure to vote, and shall keep records of its other official actions. These records shall be immediately filed in the office of the Board, and shall be public records.

Three members of the Board of Adjustment shall constitute a quorum. The Board shall act by resolution. The concurring vote of three members of the Board of Adjustment shall be necessary to reverse any order or determination of the Building Inspector, or to grant any variance or special exception permit.

X.2c - POWERS AND DUTIES

1. **ADMINISTRATIVE APPEALS:** To hear and decide where a person or organization appeals a decision made by the Building Inspector in the enforcement of this Ordinance.

2. **VARIANCE APPEALS:** To authorize upon appeal in specific cases such variance from the terms of this Ordinance as will not be contrary to the public interest, where owing to special conditions a literal enforcement of the provisions of the ordinance will result in hardship, and so that the spirit of the Ordinance shall be observed and substantial justice done.

3. **SPECIAL EXCEPTION PERMITS:** To hear and decide special exceptions for which the Board has authority under the terms of this Ordinance.

An exception may be granted only for a use which is specifically listed in this Ordinance as a permitted exception in the District in which the exception is requested, or for substantially similar uses, and only if the Board is satisfied that the welfare of the zone or neighborhood in which the proposed use or structure is to be located will not be adversely affected. In granting an exception, the Board may require appropriate conditions or safeguards. Violations of such conditions shall be deemed a violation of this Ordinance.

X.2d - ADMINISTRATIVE APPEAL PROCEDURE

Appeals to the Board of Adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the municipality affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time, as provided by the rules of the Board, by filing with the officer from whom the appeal is taken and with the Board, a notice of appeal specifying the grounds thereof. The

officer from whom the appeal is taken shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

An appeal stays all proceedings under the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Adjustment after notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case proceeding shall not be stayed otherwise than by a restraining order which may be granted by the Board or by the Superior Court on notice to the officer from whom the appeal is taken and cause shown.

X.2e- VARIANCE APPEAL PROCEDURE

A person or organization may file an appeal for a variance with the Board of Adjustment. The appeal shall be made in writing on forms provided for this purpose. The form shall be accompanied with any plans or other documents that would assist the Board in their evaluation of the appeal.

X.2f- SPECIAL EXCEPTION PERMIT PROCEDURE

A person or organization may file a request for a special exception permit with the Board of Adjustment. The request shall be made in writing on forms provided for this purpose. The form shall be accompanied with any plans or other documents that would assist the Board in making their decision.

The Board of Adjustment may, at its discretion, request the Planning Board to review the special exception request. Recommendations from the Planning Board to the Board of Adjustment on such matters are not, however, binding.

X.2g- HEARINGS AND DECISIONS

The Board of Adjustment shall hold a Public Hearing on any appeal within 30 days of the filing of the appeal. The Board shall give the public notice thereof, as well as notice to the parties in interest, and decide the same within a reasonable time. Upon hearing any party may appear in person or by agent or attorney.

In exercising these powers, the Board of Adjustment may affirm, reverse, or modify the decision of the administrative officer, and to that end shall have all the powers of the officer from whom the appeal is taken.

X.2h- MOTION FOR REHEARING

Within 20 days after any order or decision of the Board of Adjustment, any person or party directly affected by the decision may apply for a rehearing in accordance with M.H.R.S.A. 31:74.

Section X.3 - Appeals to the Superior Court

Any person aggrieved by any decision of the Board of Adjustment, or any decision of the legislative body of such municipality in regard to its plan of zoning, or any taxpayer, or any officer, department, board or bureau of the municipality, may apply to the Superior Court within thirty days after the action complained of has been recorded.

Article 5.

Are you in favor of AMENDMENT NO. 1 as proposed by petition of the voters for this Town? (This amendment creates three business zones. Single and multi-family dwellings are allowed in all three zones. No minimum lot size in Downtown Business District for non-dwelling uses. Highway Business Zone (Crystal Avenue and area south of Downtown Business District) have minimum lot sizes ranging from 10,000 square feet to one acre, depending on nature of use and availability of water and sewer.) (Ballot Question) *The Planning Board disapproves adoption of this amendment.*

PETITION NO. 2 TO AMEND ZONING ORDINANCE Town of Derry

In accordance with NHRSA 3163b, we the undersigned voters of the town of Derry do hereby petition the following zoning changes:

To delete Section 1.100 of the present zoning ordinance and replace with the following:

DOWNTOWN BUSINESS DISTRICT [B1]

The intent of the regulations for the B1 District is to enhance the general character of the traditional Downtown area of Derry.

The B1 Zone shall include all that land within the following bounds: Commencing at a point in the geographical center of Birch Street, so called, and South Avenue, so called, thence proceeding along the center line of the right-of-way of South Avenue, to a point 200 feet east of Birch Street, thence turning and proceeding north along an imaginary line 200 feet east of the center line of the right-of-way of Birch Street to the intersection of an imaginary line extending through the center of the right-of-way of Pearl Street, so called, through Crystal Avenue, so called, 200 feet east of Crystal Avenue. Thence turning and following said imaginary line through the centerline of the right-of-way of Pearl Street, thence continuing on the same course crossing Martin Street, so called, at the intersection of Pillsbury Street, so called, thence along the center line of said Pillsbury Street to the geographical centerpoint of the intersection of Maple and Pillsbury Streets. Thence turning and running south to the geographical center of the intersection of Maple Street, so called, and West Broadway, so called. Thence continuing south along an imaginary line 200 feet west of Central Street, to the point of beginning.

Also, it shall include the area beginning at the Londonderry-Derry Town Line and running along the northerly side of West Broadway, so called, to Dickey Street, so called, thence along the westerly side of Dickey Street to the Londonderry-Derry Line.

UNCERTAINTY OF BOUNDARY LOCATIONS

All distances are measured from the center of the street or road. Where a boundary line of a zoning district divides a lot in single ownership upon the effective date of these amendments, or amendment to the zoning map, either zoning district may be interpreted as extending no further than twenty-five (25) feet into the adjacent district.

PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in this Ordinance

PERMITTED STRUCTURES AND USES

Dwellings whether one family, two-family or multi-family.

Retail businesses where goods are displayed and sold mainly indoors, including but not limited to: antiques, art objects, baked goods, bicycles, books, cameras, candy, clothing, electrical equipment and appliances, furniture, food, hardware, jewelry, medicine, music, office equipment and supplies, optical products, paint and wallpaper, pets and related supplies, plumbing supplies, radio and televisions, shoes, sporting goods, tobacco products.

Office and service establishments including but not limited to: appliance repair shop, banks, barber and beauty shops, bus depot, business or professional office, daycare center, funeral home, hospital or nursing home, hotels and motels, indoor commercial recreation and amusement facilities, insurance office, library, movie theatre, museum, newspaper office, offices for the sale of building materials, wood, coal and the like but where the products are not stored on the premises, parking garage and parking lot, post office, public utility or communication structure, restaurants and bars (not including drive-in eating place), rooming, boarding or lodging house, shoe repair shop, studios for art, photography, music and dance, travel agency.

Institutional uses such as church or temple, government offices, public or private educational facilities, and any other public use or use by a semi-public agency whose activities are primarily non profit in nature.

Home occupation use, nursing home, and hospital.

Accessory uses, building and structures usually associated with these permitted uses shall be allowed, including off street parking facilities, and business signs.

DIMENSIONAL REQUIREMENTS

Lot area, frontage, yard dimensions, and lot area per family for dwellings in District B1 shall be the same as for District B2, except that there shall be no density limitation for multi-family dwellings. For non-dwelling uses in the B1 District, there shall be no minimum lot size. Minimum Yard Depths shall not be required, except that when a non-dwelling use is adjacent to any residential District, the minimum side yard of the non-dwelling use shall be 15 feet, and the minimum rear yard depth shall be 20 feet.

HEIGHT

Single-family and two-family dwellings shall not be higher than 45 feet. All other buildings shall not exceed 60 feet in height.

MAXIMUM LOT COVERAGE

For single and two-family dwellings: 30%. No limit for other uses.

SITE PLAN APPROVAL

All uses other than detached single-family dwellings and two-family dwellings shall require Planning Board review and approval of the site plan.

GENERAL BUSINESS DISTRICT [B2]

The intent of the B2 District is to provide for a variety of business uses, including highway-oriented business use.

The B2 Zone shall include all that land within the following boundaries: Commencing at a point at the geographical center of the intersection of Birch Street, so called, and South Avenue, so called, thence proceeding in a northeasterly direction along the center line of the right-of-way of South Avenue, to a point 200 feet east of the center line of the right-of-way of Birch Street. Thence turning and proceeding southerly along an imaginary line 200 feet east of the centerline of said Birch Street to West Running Brook. Thence turning in a southwesterly direction and following said brook to a point intersected by an imaginary line drawn from the geographical center of the intersection of Highland Avenue, so called, and Highland Court, so called, proceeding through the intersection of McGregor Street, so called, and Pleasant Street, so called, thence turning northerly following said imaginary line to the geographical center of the intersection of said Highland Court and Highland Avenue. Thence turning and following an imaginary line in a westerly direction 200 feet south of the centerline of South Avenue to the centerline of Birch Street. Thence turning north and proceeding along the centerline of Birch Street to the point of beginning.

Also all of the lands bounded as follows: Commencing at a point along the centerline of West Broadway 300 feet more or less west of the geographical center of Maple Street, so called, and West Broadway, so called. Thence proceeding north along an imaginary line intersecting the geographical center of Rollins Street, so called, and Maple Street, so called. Thence following along the centerline of the right-of-way of Rollins Street to a point 200 feet west of the westerly sideline of Crystal Avenue, so called. Thence turning and running north along said imaginary line 200 feet west of the sideline of Crystal Avenue to a centerline of the right-of-way of Folsom Road, so called, thence along the centerline of Folsom Road in a southwesterly direction to the geographical center of the center line of the right-of-way of Franklin Street Extension, so called, and said Folsom Road. Thence proceeding in a northwesterly direction along the centerline of the right-of-way of Franklin Street Extension, to a point 200 feet northwesterly along said centerline of the geographical intersection of Laraway Court, so called, and Franklin Street Extension right-of-ways. Thence turning in a northeasterly direction and following an imaginary line 200 feet northwesterly of the centerline of Laraway Court to the land of Tinkham Industrial Park, now or formerly. Thence turning and running southerly along said Tinkham Industrial land, to the southern most point of said Tinkham land. Thence turning and running northeasterly along said Tinkham Industrial Park (land) to the geographical center of the right-of-way of Route 28, known as Manchester Road. Thence turning and running south along the center line of Manchester Road to the geographical center of the intersection of Pinkerton Street, so called, and Manchester Road. Thence proceeding along the centerline of said Pinkerton Street to the geographical center of the intersection of the Pinkerton Street right-of-way, so called, and Peabody Road, so called. Thence along said centerline of the right-of-way of Peabody Road to the geographical center of the intersection of Peabody Road and Perley Road, so called. Thence turning in a westerly direction and running along the centerline of said Perley Road to a point of the easterly boundary of land of the Cooperative School District #1 of the town of Derry, thence proceeding along and following the northerly bound of said property line to a point 200 feet easterly of the Crystal Avenue right-of-way and lands now or formerly of the Granite State Acceptance Corporation. Thence proceeding south along an imaginary line 200 feet east of Crystal Avenue to a point intersecting a line extending along the centerline of the right-of-way of Pearl Street to a point 200 feet east of Crystal Avenue. Thence turning and proceeding along said imaginary line extending through the centerline of the right-of-way of Pearl Street, so called, from Crystal Avenue. Thence turning and following said imaginary line through the centerline of the right-of-way of Pearl Street thence continuing in the same direction crossing Martin Street, so called, at the intersection of Pillsbury Street to the geographical centerpoint of the intersection of Maple and Pillsbury Streets. Thence turning and running south to the geographical center of the intersection of Maple Street and West Broadway. Thence turning and running southwesterly along the centerline of said West Broadway right-of-way to the point of beginning.

UNCERTAINTY OF BOUNDARY LOCATIONS

All distances are measured from the center of the street or road. Where a boundary line of a zoning district divides a lot in single ownership upon the effective date of these amendments, or amendment to the zoning map, either zoning district may be interpreted as extending no further than twenty five feet into the adjacent district.

PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in this Ordinance.

PERMITTED STRUCTURES AND USES

Any principal use permitted in District B1, and also: retail and service businesses serving motorists, including but not limited to drive-in theaters, drive-in restaurants, gas stations and motor vehicle service station; retail sales involving outdoor display or storage of large amounts of merchandise such as building

supplies, nursery stock, mobile homes and motor vehicles; outdoor commercial recreation or amusements facilities; shopping malls.

Accessory uses, building and structures usually associated with these permitted uses shall be allowed, including any accessory use permitted in District B1.

MINIMUM DIMENSIONAL REQUIREMENTS - NON-RESIDENTIAL USES

	Lot Area Sq. Ft.	Frontage Feet	Front Yard Feet	Side Yard Feet	Rear Yard Feet
No town water or sewer	30,000	100	40	15	20
Town sewer	20,000	100	40	15	20
Town water and sewer	20,000	100	40	15	20

MINIMUM DIMENSIONAL REQUIREMENTS - DETACHED SINGLE FAMILY DWELLINGS

	Lot Area Sq. Ft.	Frontage Feet	Front Yard Feet	Side Yard Feet	Rear Yard Feet
No town water or sewer	30,000	125	35	15	20
Town sewer	20,000	100	35	15	20
Town water and sewer	10,000	100	30	15	15

MINIMUM DIMENSIONAL REQUIREMENTS - TWO-FAMILY DWELLINGS

	Lot Area Sq. Ft.	Frontage Feet	Front Yard Feet	Side Yard Feet	Rear Yard Feet
No town water or sewer	30,000	125	35	15	20
Town sewer	20,000	100	35	15	20
Town water and sewer	15,000	100	30	15	15

MINIMUM DIMENSIONAL REQUIREMENTS - MULTI-FAMILY DWELLINGS

Minimum lot size shall be 1 acre [43,560 sq. ft.]

Maximum density shall be 12 units per acre.

Minimum frontage shall be 125 feet.

Minimum yard depths shall be: 30 foot front yard, 20 foot side yards, 30 foot rear yard for the principal buildings.

Multi-family dwellings shall be connected to the town water and sewer systems.

Recreation space of at least 15% of the gross lot area shall be provided.

HEIGHT

Single and two-family dwellings shall not be higher than 45 feet. Multi-family dwellings shall not be higher than 60 feet, except by Planning Board review and approval. The Planning Board shall review and approve proposed height for all other buildings.

MAXIMUM LOT COVERAGE — 30%

SITE PLAN APPROVAL

All uses other than detached single-family dwellings and two-family dwellings shall require Planning Board review and approval of the site plan.

HIGHWAY BUSINESS DISTRICT (B3)

The intent of the B3 District is to provide larger areas for a variety of business uses, including highway-oriented business use.

The B3 Zone shall include all that land within the following bounds: All lands 600 feet either side of Route 28, so called, from Lawrence Road, so called, to the Windham Town line. Also, all land commencing at a point located 200 feet north of the geographical center of the intersection of Berry Road, so called, and Route 28. Thence proceeding easterly 600 feet from the centerline of Route 28 to a point thence turning and proceeding along an imaginary line 600 feet northeasterly of Route 28 to West Running Brook, thence along the centerline of the water course of West Running Brook southwesterly to a point 600 feet southwesterly of the center line of Route 28 By-Pass, so called. Thence turning and proceeding in a southeasterly direction along an imaginary line 600 feet westerly of the centerline of Route 28 By-Pass to a point of the centerline of Route 28, thence following the center line of Route 28 of an easterly direction to a point at the geographical center of the intersection of Route 28 and Brady Avenue, so called. Thence turning southeasterly and following the western bound of tax lot #5-13 to a point thence turning and running in a northeasterly direction along the southern bound of tax lot #5-13 to the western bound of tax lot #5-11, thence turning in a southerly direction and proceeding along the western bound of tax lots #5-11, #5-10, and #5-9 to a point located on the western bound of tax lot #5-9 which is 600 feet in the southwesterly direction of the center line of Route 28. Thence proceeding along an imaginary line 600 feet westerly of the center line of Route 28 to a point thence turning 90° northeast to run along an imaginary line of the north bound of tax lot #5-6-1 extended, to the point of beginning.

UNCERTAINTY OF BOUNDARY LOCATIONS

All distances are measured from the center of the street or road. Where a boundary line of a zoning district divides a lot in single ownership upon the effective date of these amendments, or amendment to the zoning map, either zoning district may be interpreted as extending no further than 25 feet into the adjacent district.

PERFORMANCE STANDARDS

One-family and two-family dwellings, and non-residential uses as permitted in District B2.

MINIMUM DIMENSIONAL REQUIREMENTS - NON-RESIDENTIAL USES

Non-residential uses shall be the same as in District B2.

MINIMUM DIMENSIONAL REQUIREMENTS - DETACHED SINGLE & TWO FAMILY DWELLINGS

	Lot Area Sq. Ft.	Frontage Feet	Front Yard Feet	Side Yard Feet	Rear Yard Feet
No town water or sewer	43,560	125	35	15	30
Town sewer	20,000	100	35	15	20

Article 6

Are you in favor of adoption of AMENDMENT NO. 2 as proposed by petition of the voters for this Town? (This amendment prevents residential development in both the northerly (Manchester Road) and in the southerly (Bowers Road and Route 93) Industrial Zones. (Ballot Question) *The Planning Board disapproves adoption of this amendment.*

PETITION NO. 3 TO AMEND ZONING ORDINANCE Town of Derry

In accordance with NHRSA 31:63b, we the undersigned voters of the town of Derry do hereby petition the following zoning changes:

Delete Section 1.260 of Article I of the present zoning ordinance and substitute the following:

All of the lands within the following bounds: commencing at a point in the geographical center of Shutes' Corner, so called, at the intersection of Rt. 28, so called, and Windham Road, so called, thence proceeding south along the center of the Windham Road right-of-way to the Windham line, thence turning westerly along said Windham line to the land of I-93 right-of-way, thence turning northerly along the eastern bound of the I-93 right-of-way to the intersection of the eastern bound of I-93 and the western bound of land of the B&M Railroad, thence following the western bound of land of the B&M Railroad to the center of the Kendall Pond Road right-of-way, thence turning east along a line in the center of Kendall Pond Road right-of-way to the point of beginning.

Delete Section 1.280 of Article I of the present zoning ordinance and substitute the following:

Commencing at a point on Kendall Pond Road, so called, at the intersection of the Kendall Pond Road right-of-way and the western bound of I-93, thence proceeding south westerly along the center of Kendall Pond Road right-of-way to the intersection of Gamache Road, so called, thence proceeding southeasterly along Gamache Road to a point 1000 feet from the western bound of land of I-93, thence continuing a southeasterly direction along a line 1000 feet from the western bound of land of I-93 to a point on the southeast side of the Fordway Extension right-of-way, thence following a line along the eastern bound of the Beacon Hill Road, so called, right-of-way in a southerly direction to the Windham town line, thence turning easterly along the Windham town line to the land of I-93, thence turning north following a line of the western bound of I-93 to the point of beginning.

Amend the present Derry zoning ordinance to add a Section 1.321 to include the following:

PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards of this Ordinance.

PERMITTED STRUCTURES AND USES

Places for the manufacture of various products, including but not limited to appliances, building material, chemicals, clothing, food, furniture, instruments, office supplies, plastics, photographic and optical products, sporting goods, textiles, transportation equipment, wood products.

Other large-scale uses including but not limited to building materials storage and sales, freight terminal, fuel & storage tanks, mail-order house, printing & publishing, research or experimental laboratory, storage yards, truck terminal, warehouse, wholesale businesses, and sand and gravel pits.

Agricultural and forestry uses shall also be permitted.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including off street parking facility, signs, and temporary building for uses incidental to construction.

LOT AREA

Minimum of 1 acre [43,560 square feet].

FRONTAGE

Minimum of 150 feet.

MINIMUM YARD DEPTHS

30 foot front yard, 20 foot side yards, 20 foot rear yard.

HEIGHT

The Planning Board shall review and approve height for all proposed buildings.

WATER AND SEWER

Town water and sewer shall be used if available. Otherwise, state-approved water and sewer systems shall be required.

MAXIMUM LOT COVERAGE - 50%

SITE PLAN APPROVAL

All uses shall require Planning Board review and approval of the site plan.

Article 7.

Are you in favor of adoption of AMENDMENT NO. 3 as proposed by petition of the voters for this Town? (This amendment establishes minimum lot sizes and soil qualities consistent with the New Hampshire Water Supply and Pollution Control Commission guidelines for non-sewered lots.) (Ballot Question) *The Planning Board disapproves adoption of this amendment.*

PETITION NO. 4 TO AMEND ZONING ORDINANCE

Town of Derry

We, the undersigned registered voters of the Town of Derry, do hereby petition the Planning Board of the Town of Derry to place the following zoning amendment on the Warrant for the March 1981 Town Meeting as provided by RSA 31:63-b:

To see if the Town will vote to amend the Derry Zoning Ordinance by adding a new section as follows:

SEWAGE DISPOSAL STANDARDS

Purpose: To prevent pollution of all public or private water supplies, whether underground or surface sources.

The design and construction of all sewage disposal systems shall comply with the regulations of the State or New Hampshire Plumbing Code, and with the requirements of the New Hampshire Water Supply and Pollution Control Commission, if more restrictive than this ordinance.

For lots near or adjacent to streams and ponds, the minimum setback for underground sewage disposal systems shall be one hundred (100) feet from the normal high water mark.

NON-SEWERED LOTS: Every residential lot not served by Town sewer shall be subject to the following:

A. RECEIVING SOIL. Every lot shall contain at least 22,000 square feet of contiguous natural in-place soil having the following characteristics:

1. The depth to ledge or impermeable stratum (soils in which the percolation rate is greater than 60 minutes per inch) shall be two (2) feet or greater.
2. The depth to seasonal high water table shall be six (6) inches or greater.
3. The slope of the land shall be 25 per cent or less.
4. The soil must be a class included in Groups A through D inclusive as defined by the New Hampshire Water Supply and Pollution Control Commission (NHWSPPC) soils grouping for estimating lot size. The receiving soil shall not include filled lands except borrow or gravel pits renovated to meet the above specifications.

B. RECEIVING LAYER. Every receiving layer shall contain an area of at least 4,000 square feet having the following characteristics:

1. The depth to ledge or impermeable stratum shall be eight (8) feet or greater without town water, and six (6) feet or greater with town water.
2. The depth to ledge shall be at least five (5) feet of natural soil.
3. Land on which the depth to the seasonal high water table is one (1) foot or less shall be a minimum of seventy-five (75) feet distance from the leach field.
4. Existing and proposed wells shall be a minimum of seventy-five (75) feet distance from the leach field.

C. MINIMUM LOT SIZES. Minimum areas for lots subject to the provisions of this article shall be determined by the following chart:

TABLE OF MINIMUM LOT SIZES (SQ. FT.)

Percent Slope	Soil Groups			
	A	B	C	D
0-8	43,560	43,560	43,560	48,000
8-15	43,560	43,560	48,000	53,000
15-25	43,560	46,800	52,000	62,000
25-35	43,560	50,700	57,000	72,000

Soil classifications as defined by (NHWSPPC).

- D. TWO-FAMILY DWELLINGS.** The amount of receiving soils and receiving layer shall be 150% of the single family requirements.
- E. MULTI-FAMILY DWELLINGS.** Multi-family dwellings shall be connected to the town water and sewer systems.

Article 8.

Are you in favor of adoption of AMENDMENT NO. 4 as proposed by petition of the voters for this Town? (This amendment creates two apartment zones, one northerly of Webster's Corner and westerly of Route 28 By-Pass and the other southerly of Tsienneto Road and Northerly of Pinkerton Street. Further, apartments may be built only in the two apartment zones and in the Business District.) (Ballot Question) *The Planning Board disapproves adoption of this amendment.*

PETITION NO. 5 TO AMEND ZONING ORDINANCE

Town of Derry

In accordance with NHRSA 31:63b, we the undersigned voters of the town of Derry do hereby petition the following zoning amendment:

Add to Article II, Section 7 requirements of the present Derry Zoning Ordinance the following:

Multiple dwellings shall be allowed in only those zoning districts where the use is specifically permitted.

Add to Article I of the present Derry Zoning Ordinance the following:

MULTI-FAMILY RESIDENTIAL DISTRICT

The intent of the Multi-Family Residential District is to allow density of residential development and related compatible land uses.

The Multi-Family Residential District shall consist of all the lands within the following bounds: Commencing at a point in the geographical center of Route 28 By Pass, so called, 1000 feet north of the geographical center of Webster's Corner, so called, thence proceeding westerly along the center of and following the course of West Running Brook to a point where West Running Brook intersects with Beaver Brook, thence along and following the course of the center line of Beaver Brook in a northerly direction to where Beaver Brook crosses Route 28 By Pass, thence at the geographical center of the right-of-way of Route 28 By Pass turning and running southeasterly along the said By Pass 28 to the point of beginning

It shall also include a certain parcel of land bounded as follows: Commencing at a point at the geographical center of the intersection of Tsienneto Road, so called, and Pinkerton Street, so called, thence proceeding northeasterly along the centerline of Tsienneto Road to the geographical center of the intersection of Tsienneto Road and North Main Street, so called, thence turning and running southeasterly along said North Main Street to the land now or formerly of Sarah H. and Herbert MacGregor, thence turning and running in a southwesterly direction along the northern boundary line of said MacGregor land to the intersection of land of MacGregor and Pinkerton Academy land, thence following along land now or formerly of Pinkerton Academy to a point where Pinkerton Academy land abuts land now or formerly of Edward Smith and Herbert Hood, thence proceeding southerly along the boundary line of the Smith/Hood land to the geographical center of the Pinkerton Street right-of-way, thence in a westerly direction along the center line of Pinkerton Street right-of-way to the point of beginning.

Article 9

Are you in favor of adoption of AMENDMENT NO. 5 as proposed by petition of the voters for this Town? (This amendment authorizes the installation of a mobile home on any lot which meets the lot size restrictions for a residential dwelling.) (Ballot Question) *The Planning Board approves adoption of this amendment.*

PETITION NO. 6 TO AMEND ZONING ORDINANCE

Town of Derry

To the Board of Selectmen and the Planning Board Town of Derry

In accordance with NHRSA 31:63b, we the undersigned registered voters of Derry, N.H. petition to amend the zoning ordinance as follows:

Article 1 section 1.370. All Mobile Homes installed after the enactment date of this ordinance shall be located in an existing legally operated Mobile Home Park, the mobile home zone, a location presently occupied by a Mobile Home provided it meets with Article II, section 6, except that a landowner or lessee may accommodate the trailer or mobile home as a non-paying guest for a period or periods not to exceed 30 days in each calendar year, or in the residential zone in accordance with all provisions of the zoning code.

This amendment strikes "solely" from line 2 of the present code. It also adds to line 8 "or in the residential zone in accordance with all provisions of the zoning code."

Article 10.

Are you in favor of adoption of AMENDMENT NO. 6 as proposed by petition of the voters for this Town? (This amendment prohibits the location of a mobile home on any lot unless that lot is located on a road which is accessible to emergency vehicles in all seasons.) (Ballot Question) *The Planning Board approves adoption of this amendment.*

PETITION NO. 7 TO AMEND ZONING ORDINANCE

Town of Derry

To the Board of Selectmen and the Planning Board of the Town of Derry

In accordance with NHRSA 31:63b, we the undersigned registered voters of Derry, N.H. petition to amend the zoning ordinance.

Article III section 2 add to line 9 the following:

No mobile home shall be located on a lot unless the lot is located on a road which is accessible to emergency vehicles in all seasons.

Article 11

Are you in favor of adoption of the amendment to the existing town building code ordinance as proposed by the Planning Board? (This amendment establishes building application fees on the basis of the proposed square footage of the building rather than on the applicant's estimated cost for construction.) (Ballot Question) *The Planning Board approves adoption of this amendment.* To Amend that portion of the building code relating to permit fees.

To delete Section 118.2 and substitute therefore the following:

118.2 - New Construction and Alterations

Fees for building permits shall be as follows:

"All residential construction and alterations shall pay permit fees at the rate of \$.04 (4¢) per square foot of living area. Garage footage shall be included in this fee whether detached or part of the main structure."

Commercial, Industrial, Institutional & All Other Construction

"\$10.00 minimum fee. If the cost of construction or alteration is at least \$20.00 but less than \$20,000.00, \$1.50 per

\$1,000.00 of cost. If the cost of construction or alteration is \$100,000.00 or more, the fee shall be \$2.50 per \$1,000.00 of cost.

Article 12

Are you in favor of decreasing the Board of Selectmen to three members?

Article 13

To see what sum of money the Town will raise and appropriate for the operational expenses of the Town for the forthcoming year.

Article 14

To see if the Town will vote to raise and appropriate the sum of \$25,278, such sum representing the cost to the Town of funding all cost items relating to increased economic benefits offered by Selectmen to the members of the International Brotherhood of Police Officers, Local #565.

Article 15

To see if the Town will vote to raise and appropriate the sum of \$30,151, such sum representing the cost to the Town of funding all cost items relating to increased economic benefits offered by the Selectmen to the members of the American Federation of State, County and Municipal Employees, Local #1801.

Article 16

To see if the Town will vote to raise and appropriate the sum of \$13,757, such sum representing the cost to the Town of funding all cost items relating to increased economic benefits offered by the Selectmen to the members of the Derry Chapter of the International Association of Fire Fighters, Local #2620.

Article 17

To see if the Town will vote to appropriate the sum of \$39,581 from the Building Improvements Capital Reserve Account for making capital improvements of a permanent nature to the Police Station, Animal Control Building and/or Town Hall.

Article 18

To see if the Town will vote to appropriate the sum of \$25,000 from the Parking Lot Capital Reserve Account for the purpose of development of a parking lot in the downtown area and/or for acquisition of land for the same purpose.

Article 19

Whereas the Town of Derry has filed with the United States Department of Housing and Urban Development a preapplication - in the amount of \$163,000 - for financial assistance for a community development project in the Town of Derry, and it is likely that the Department of Housing and Urban Development will approve such preapplication in the amount of \$163,000.

Therefore, the Town does hereby approve and ratify all such actions heretofore taken in connection with this project and does authorize the Selectmen to do all things necessary to pursue and complete this project and does also authorize the Selectmen to accept any sum of money up to \$163,000 in connection with this project and to expend the same.

Article 20

To see if the Town will vote to raise and appropriate the sum of \$43,782 for the purpose of recruiting, establishing and training a pool of Special Police Officers.

Article 21

To see if the Town will vote to raise and appropriate a sum of money equal to the amount of money deleted by the Derry Budget Committee from the money requests submitted to the Derry Budget Committee by the Selectmen.

Article 22

To see what sum of money the Town will vote to raise and appropriate as an amount of money to be used to settle the suit brought by Lottie Bunker against the Town of Derry, the Selectmen being authorized, as a part of such settlement, to purchase for the Town a portion of the Bunker property.

Article 23

To see if the Town will authorize the Selectmen to make application for and to receive and expend up to \$25,000 of funds that may become available to the Town under "The Comprehensive Employment and Training Act of 1973" as amended (CETA) for the purpose of providing federally subsidized training and employment opportunities to benefit both residents of the community and the community-at-large.

Article 24

To see if the Town will vote to participate in a Rockingham County Mosquito Program and to see what sum of money the Town will appropriate for such purpose.

Article 25

To see if the Town will vote to allocate and authorize the withdrawal of \$240,000 from the General Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. Said funds representing 1981 entitlements plus unencumbered carry-over funds and interest earned, for use as set-offs against budgeted appropriations for the following specific purposes and in the amount indicated herewith or take any other action hereon:

Selectmen's Office

A. Computer Addition/Programming	20,000
B. Wage and Classification Manual	5,000
C. Postage Meter/Scale	3,200
D. Typewriter - Town Manager	850
E. Typewriter - Finance	850
F. Fire Proof Files - Building Insp.	1,100

Police Department

A. Three replacement cruisers	20,000
B. Copier	1,000
C. Typewriter	850
D. Special Police Division	43,782

Public Works

A. Pressure Cleaner	3,000
B. Portable Welder	2,000
C. Gas Boy Key-Loc	2,217
D. Highway Improvements	126,151

Recreation Department

A. Hood Park Building	5,000
-----------------------	-------

Cemetery

A. Road Improvements	5,000
	<u>240,000</u>

Article 26

To see if the Town will vote to authorize the Selectmen and Treasurer to borrow, in anticipation of taxes, sums of money sufficient to pay current maintenance and operation expenses of the Town all in accordance with the provisions of RSA 33:7.

Article 27

To see if the Town will vote to amend the Ordinance regulating the use of Parks and Playgrounds of the Town of Derry to read as follows:

On and after April 1, 1981, all parks and playgrounds in the Town of Derry shall be closed to all vehicles from dusk until dawn, unless involved in a regular scheduled recreation

program under the responsibility of the Recreation Director of the Town of Derry, N.H.

Any person violating the terms of this ordinance shall be fined not more than twenty dollars (\$20.00).

Article 28.

To see if the Town will vote to amend the Ordinance regulating the use of Parks and Playgrounds of the Town of Derry to read as follows:

On and after April 1, 1981, all parks and playgrounds in the Town of Derry shall be closed to all vehicles from dusk to dawn, unless involved in a regular scheduled recreation program under the responsibility of the Recreation Director of the Town of Derry, N.H.

Any person violating the terms of this ordinance shall be fined not more than twenty dollars (\$20.00).

Article 29.

To see if the Town will vote to transfer responsibility for the ambulance service to the Derry Fire District and to authorize the Selectmen to enter into an intergovernmental agreement with the Derry Fire District relative to such transfer of responsibilities, the effective date of transfer to be January 1, 1981. Further, as a part of the agreement to be entered into, the Selectmen are authorized to see for nominal consideration or otherwise and/or lease to the Derry Fire District any personal property or fixtures owned by the Town at the time of transfer and which are part of the Town property used in connection with the ambulance service.

Article 30.

To see if the Town will vote to rescind the provisions of the Municipal Budget Law.

Article 31.

To hear reports of agents, auditors and committees heretofore chosen, and pass any vote relating thereto.

Given our hands and seals this 21st day of February, 1981.

Janet M. Conroy
Paul P. Collette
William R. Carter
Eunice M. Campbell
Scott Gerrish

Warrant for Special Election

March 10, 1981

State of New Hampshire

To the Inhabitants of the Town of Derry qualified to vote in town affairs:

Voters in District No. 1 are hereby notified to meet at the Veterans Memorial Hall in said district, and the voters of District No. 2 are hereby notified to meet at the East Derry Fire House in said district, on the tenth day of March, 1981, at seven o'clock in the forenoon, to act upon the following article. By vote of the Selectmen, the polls for this meeting will remain open from seven o'clock in the forenoon until eight o'clock in the evening and so much longer as the Town at the opening of the meeting may vote.

Article 1. To choose a person to represent the Town in the General Court of the State for the ensuing two years.

Given under our hands and seals at Derry this 18th day of February, 1981.

Janet M. Conroy
Paul P. Collette
William R. Carter
Eunice M. Campbell
Scott Gerrish
Selectmen of the Town of Derry

PETITION NO. 1 TO AMEND ZONING ORDINANCE

Town of Derry

In accordance with NHRSA 31:63b, we the undersigned voters of the town of Derry do hereby petition the following zoning change:

To delete the present Zoning Ordinance of the town of Derry and to replace with the attached Zoning Ordinance and accompanying Zoning Map.

Warrant for Special Town Meeting
March 14, 1981
State of New Hampshire

To the Inhabitants of the Town of Derry qualified to vote in town affairs:

Voters are hereby notified to meet at the Grinnell School in Derry, New Hampshire, at 10:00 a.m. on Saturday, March 14, 1981, to act upon the following articles:

Article 1.

To see if the Town will vote to petition the Representatives and Senators who represent the Town in the General Court to support in the current session of the General Court, the concurrent resolution to amend the State Constitution to limit the annual increase in spending by the state or any city, town, or other governmental unit of the State to five percent. By Petition.

Article 2.

To see if the Town will vote to amend the Ordinance regulating the use of Parks and Playgrounds of the Town of Derry to read as follows:

On and after April 1, 1981, all parks and playgrounds in the Town of Derry shall be closed to the public from 10:00 p.m. until 7:00 a.m., unless such public is attending a recreation program sponsored by or authorized by the Town of Derry.

Any person violating the terms of this ordinance shall be fined not more than one hundred dollars (\$100.00) for each offense.

Article 3.

To see if the Town will vote to authorize the Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from State Federal or other governmental unit or a private source, which becomes available during the 1981 fiscal year, provided that such expenditure be made for purposes for which a town may appropriate money and that such expenditure not require the expenditure of other Town funds. Further, that the Selectmen hold a public hearing prior to accepting and expending such money.

Article 4.

By request of the Derry Planning Board: To see if the Town will vote to accept the following streets:

Michael Ave.	Derryfield Road
Partridge Lane	Emerald Drive
Carberry Drive	Elwood Road
Wentworth Drive	Dattilo Road
Debbie Terrace	Daniel Road
Wryan Road	Winter Hill Road
Mirra Ave.	Prosperity Drive
Gloria Terrace	Hampshire Drive
Independence Drive	Ledgewood Drive
Rocky Circle	

Article 5.

To see if the Town will direct the Selectmen to convey to the Greater Derry Boys' Club the old East Derry Town Hall, and to see on what terms and conditions the Town will authorize such conveyance.

Article 6.

To see if the Town will vote to direct the Selectmen to convey to the owners of Map 32, Lot 30, on the 1980 Derry Property Tax Maps a portion of land adjacent to such lot, and to determine the terms and conditions of such conveyance.

Article 7.

To see if the Town will vote to direct the Selectmen to convey a portion of Lot 39 on the 1980 Derry Property Tax Map 23 to Roland Gagnon, and to take any and all other actions necessary and to establish the terms and conditions of such transfer.

Article 8.

To see if the Town will authorize the Selectmen to investigate various methods for the disposal of solid waste and to authorize the Selectmen to enter into a contract for the disposal of solid waste subject to the requirement that any contract requiring the appropriation of money be ratified at a subsequent Town Meeting before the contract becomes effective.

Given our hands and seals at Derry this 26th day of February, 1981.

Selectmen of the Town of Derry

Minutes of the 1980 Town Meeting

STATE OF NEW HAMPSHIRE TOWN OF DERRY

PROCEEDINGS

March 15, 1980
10:00 A.M.

Grinnell School Auditorium
Derry, New Hampshire

Re: Minutes of the 1980 Town Meeting

Present:

Paul Collette, Selectman
Janet Conroy, Selectman
William Carter, Selectman
Eunice Campbell, Selectman
Scott Gerrish, Selectman

Donald Young, Town Manager
Gerald M. Zelin, Esquire, Town Counsel
Cecile R. Hoisington, Town Clerk

Ronald Hayward, Moderator

Court Reporter Samuel S. Gray, C.S.R.
(Whereupon at 10:10 a.m. the meeting was called to order.)

THE MODERATOR: I am going to call the meeting to order. It's now ten after ten. I waited ten minutes. I don't see many more people. A few comments before we start. The Warrant Articles, if you're going to speak, please use one of the microphones when speaking and let's not have any running debate and let's keep all our motions in a positive vein so when we vote yes we will know we're voting yes, and we don't end up voting no which means yes. Let's keep them in a positive vein.

As far as the rules for the meeting on reconsiderations, if anything is to be reconsidered, it must be reconsidered right after we vote or right after the vote is taken on that article or matter. I will not entertain motions to reconsider once we move on to something else.

As far as any decisions on whether a vote requires a two-thirds majority or just a simple majority, if that decision has to be made, I will be using, to make that decision, the New Hampshire Town Meeting Handbook which is published by the New Hampshire Municipal Association for all such rulings so we don't have seventeen different years of Robert's Rules out there on whether or not it will require a two-thirds vote and so forth, and I will entertain a motion to accept those two rules for the meeting, to adopt those rules on reconsideration and what we're going to use to determine all votes.

MRS. JOHNSON: So moved, Mr. Moderator.

THE MODERATOR: Moved by Mrs. Johnson. that we adopt those rules. Seconded by Mr. Woodside. All those in favor signify by saying, "Aye." Opposed? I declare the motion passed.

(Whereupon the salute to the flag was given.)

THE MODERATOR: The first article that will be taken up in the deliberate section of the Town Meeting is Article 8.

ARTICLE 8: To see what sum of money ---

MRS. CASTEN: On page what, please?

THE MODERATOR: In the green section of your book, page 11c.

ARTICLE 8. To see what sum of money the Town will raise and appropriate for the operational expenses of the Town for the forthcoming year.

MR. KATSAKIORES: For the purposes of putting the budget to a motion, I move that the bottom line of \$4,063,666, subject to changes due to action on Warrant Articles, be moved at this time.

THE MODERATOR: Seconded by Mr. Carter.

MRS. CONROY: I move to amend the bottom line to read \$3,968,616, such sum representing the deletion of all Warrant Articles, except revenue sharing, even if they are recommended by the Selectmen and/or the Budget Committee, since they will be voted on separately, and the addition of \$39,360 representing a seven percent cost of living adjustment for non-union employees; also included in this number is the cost of the agreement with the ambulance unit representing a cost of living increase of 6.6% and economic benefits of .4%, a seven percent total package, \$10,000 representing an adjusted bill for Workmen's Compensation, \$70,000 representing the higher interest rates for TANS, there is an offsetting adjustment in revenues from investments, and \$3,000 representing an increase in the street lighting account.

MR. KATSAKIORES: Seconded.

THE MODERATOR: Seconded by Mr. Katsakiores. Any discussion?

MRS. CASTEN: Before the meeting starts, would you please segregate the non-voters so we know where they are so there will be no question as to the validity of this meeting?

THE MODERATOR: If there's any person in this hall, with the exception of this front desk up here, which are the people from the newspapers, I don't think that's a problem, who is a non-voter, who is not registered to vote in the Town of Derry, would you please step over there under that basket on the right-hand side. There is one other exception and that's Donald Young, our Town Manager. So if there are any people here who are not registered voters, please sit over there in the back by the score board. Thank you.

Is there any discussion on Janet's motion, her amendment? If there is no discussion ---

MR. KATSAKIORES: I think you should explain it, shouldn't you? This is

going to be their only opportunity.

THE MODERATOR: Why don't you explain it.

(After discussion, the following ensued.)

THE MODERATOR: First, I would like to vote on this and then I will come back to you once I get a figure, okay, and then if you have a question on the Police Department or something, I think then if you have a question you can ask for an explanation, and they can give it to you. If you want to change something that's the time to amend it in that line, to lower or raise that figure. So if we have three or four of those, let's do it. Then whatever we end up with for a line, a bottom line, then we will vote on it. We will vote on it and then go to the Warrant Articles. I am not trying to tell you if you have a question you can't question the Police Department, and if you want to delete \$20,000, that you don't have a chance to do that. You can do it. This is the idea now. We want to get on that amendment and all the other things that we have to do for the salaries and insurance and everything. They didn't get them signed when they were supposed to, and they were not printed in this because they were still having discussions. Now they know the figures, so they're putting them in. If you have a question on this after we vote, fine, bring up the question and we will get an answer up here for you.

MR. FERLAND: If you do bring it down, will it delete the bottom line some more?

THE MODERATOR: Yes. If you take \$20,000 out of the Police Budget line for certain things, that's going to delete this figure of three million nine sixty-eight to three million nine forty-eight.

MR. FERLAND: So in other words, people on the floor are going to have to come here and amend it because the original motion is already on the floor, and she amended it so when we vote on the amendment, we have to make another amendment after that?

THE MODERATOR: Right, and before you make the amendment, if you have a question on it, ask the question. When you get the explanation, I will entertain a question from the floor on like the Police Department or Highway Department if you have specific things. Finally, I will take a vote on the total budget. Nobody, I am not trying to put anything over on you, but I really hate myself to get into this and go through line by line in this white thing which means Elm Tree Disease, \$250, Blister Rust, twenty-five and all that, that takes us two weeks. We're trying to avoid some of that and still if you have questions, we will handle them.

MR. WEBSTER: I'm a little confused here. We're budgeting, we're talking about the Selectmen's Budget of four million one fifty-two, and what we're voting on has been amended to three million nine sixty-eight.

THE MODERATOR: You're voting on the Budget Committee's Budget recommended at \$4,063,666 and that's been reduced to \$3,968,616.

MR. WEBSTER: Could you explain the difference between the Budget Committee recommendation and the three million nine sixty-eight?

THE MODERATOR: There are Warrant Articles in here. Most of them are not recommended by the Budget Committee so if you left it the way it was, if the Warrant Articles passed, this four sixty three would go up anyway. There is one in here, the beach property over on Beaver Lake, that is in here. Now that's been taken out to come down to the figure, but also things have been added that had to be added for contracts and for insurance and for things, the correct figures now that they have them, that's supposed to be put back, so exactly what's been taken out won't match with this figure because things have been added. It had to be because they didn't know it.

MRS. FERLAND: What are you asking us to do now? Is it to vote on M-7 or this?

THE MODERATOR: On the M-7.

MRS. FERLAND: That's what I thought. Now before I even attempt to vote on this, the reason I personally would like to go line by line is that on the M-7 form you tell me for instance, that the Police Department was appropriated, in 1979, \$13,035 yet I go up on the white sheet and you tell me \$513,907 was appropriated.

THE MODERATOR: On the green sheet, it reads five-one-three-nine-0-seven for 1979.

MR. GERRISH: She's reading the capital outlay appropriation.

MRS. FERLAND: Okay, I'm sorry.

THE MODERATOR: Okay. Does everybody understand now, this is just an amendment to change the figures. All those in favor ---

MRS. CASTEN: I want to know what I'm voting on. Now in this new white sheet the Budget Committee Budget was \$4,063,666, okay? Now the Selectmen's Budget was \$4,152,515. I would like to know if this three million nine seventy-eight, I don't know the correct figure and that's what I'd like to know, what I'm supposed to be voting on. What was the correct amendment, the total figure and is that going to increase the four million or decrease the four million? Maybe I'm tedious, but we're going to add a minimum of ten dollars per thousand on our tax rate, and I happen to think that's very important so whether it's tedious or not, it's just as tedious for me, believe me. I want to know the exact total, please, that Mrs. Conroy recommended. It's three million something, I didn't get it.

THE MODERATOR: \$3,968,616.

MR. CARTER: I don't think it will increase the tax rate by ten dollars but what we're doing here today is that figure of three million nine-six-eight-six-one-six, we have removed the Warrant Articles so there will be further discussion. For example, the beach property which would be the next Article is not included in that figure, but you will have a chance to vote on it in the War-

rant Article. The Warrant Articles with the salaries, salary adjustments, at the time of the Warrant Articles we did not have a contract so that was just figured on whatever was on the table at the present time. We now have, as we get to those articles, an agreement. We have figures to be placed into the budget.

MRS. CASTEN: Thank you very much, Bill, but Mr. Moderator, my problem is that when the budget was presented I said that seven million was in the wrong category, that it had to be brought out to the Budget Committee and the Selectmen did not know that. My one question which was, you know, you talk about Elm Tree Disease and everything, there was \$300 in there for other properties and nobody, not one Selectman, there was three of them there, and not one of them knew what that was for so my suggestion is that we go line by line, and we defeat this amendment.

MR. CARTER: If there was seven million dollars somewhere in the wrong line in a four million dollar budget, I don't know how it got there or where it was.

THE MODERATOR: The question has been moved and it's seconded. All those in favor signify by saying, "Aye." Opposed? Okay. Now we will vote on the amended figure of three million so actually now Article 8. would read, well, the bottom line of the budget would read \$3,968,616. All those in favor signify by saying, "Aye." Opposed, "No." I declare the motion passed. All right. Is there any questions on the budget anyone wants to bring up now for clarification and then possible amendment?

(After discussion the following ensued.)

MRS. WOODSIDE: I would like to amend the budget to delete \$8,640. Building has come to a standstill. He doesn't need an assistant.

MR. WOODSIDE: Seconded.

THE MODERATOR: It's been moved and seconded that \$8,640.58 be deleted from the \$3,968,616 which would be the removal of the assistant to the Building Inspector. Is there any discussion?

(After discussion the following ensued.)

THE MODERATOR: The question has been moved and seconded. All those in favor signify by saying, "Aye." Opposed, "No." Okay. We will vote on this. One other thing, could I ask the mover of that amendment and the second, instead of having it read eight-six-four-0-five-eight, have it read eight-six-four-one so we don't have to deal with pennies in the additions and subtractions? Okay, agreed.

MRS. WOODSIDE: Before we make that figure, how much of an additional cost factor would there be in there for things such as office equipment, desk, filing, insurance, Blue Cross - Blue Shield?

THE MODERATOR: I don't know. I don't think they know the exact figure, but if you delete the position, there is not going to be any Blue Cross - Blue Shield for him because there is no position. All right. The motion has been moved and seconded that we delete \$8,641 which was allocated for the assistant to the Building Inspector which would now have the bottom line read three million nine-five-nine-seven-five. All those in favor signify by saying, - - -

MRS. WOODSIDE: You're voting to move the question or voting on the amendment?

THE MODERATOR: All those in favor of deleting \$8,641 signify by saying, "Aye." Opposed, "No." I think the "Ayes" have it, but I will take a hand vote -- wait, if there is a question - - - I will rule the "Ayes" have it, but if there is a question, I will take a vote. Could we have a hand vote? Standing vote. All those in favor stand Those opposed please stand. The results are eighty-one yes, forty-four no. The vote is in favor of the amendment, eighty-one yes and forty-four no. I declare the amendment passed. The position of assistant to the Building Inspector for \$8,641 is defeated. The bottom line now reads three-nine-five-nine-nine-seven-five. Are there any other questions on the budget?

(Discussion ensued concerning the following categories: Derry District Court, Planning and Zoning - Supplies and Expenses, Public Welfare, Road Program, Salary Increases, and Employees Insurance.)

MRS. FERLAND I would like to make an amendment, please, Mr. Moderator, if I may.

THE MODERATOR: Feel free. Go ahead.

MRS. FERLAND: That we continue paying the employees' Blue Cross-Blue Shield, however that we eliminate their dependents.

THE MODERATOR: It's been moved to pay Blue Cross-Blue Shield for only employees and not their dependents. Seconded by Mr. Ferland.

(After discussion the following ensued.)

THE MODERATOR: If there is no further discussion, I would like to vote on this amendment that we eliminate Blue Cross-Blue Shield for employees' families. All those in favor signify by saying, "Aye." Opposed, "No." I declare the motion is defeated. If there is no other questions on - - - You've got another question?

(Discussion ensued concerning the Recreation Department, Parks Department, and the Highway Department-Capital Outlays.)

MR. CARTER: Mr. Moderator, in keeping with the budget I would like to move to amend to reduce the dump truck for \$35,000 out of the Capital Outlay at this time.

MR. WOODSIDE: Seconded.

THE MODERATOR: Seconded by Mr. Woodside.

(After discussion the following ensued.)

THE MODERATOR: If there's no further discussion, all those in favor of deleting from the Capital Outlay \$35,000 for the dump truck signify by saying, "Aye." Opposed, "No." Okay. In effect now what we have done, in that amendment, by reducing it by \$35,000 we have moved to amend the bottom line to three million nine hundred and seventy-four thousand nine hundred and seventy-five. That's where it stands right now. We reduced it by \$35,000 which gives us a bottom line now, as amended, of three million nine hundred

and twenty-four thousand and seventy-five.

MRS. JOHNSON: Mr. Moderator, I would like to move the question on - - -

THE MODERATOR: On Article 8?

MRS. JOHNSON: Yes.

THE MODERATOR: Are there any more questions on Article 8)? Okay, I will entertain that, Carolyn, after the next two questions.

(Discussion ensued concerning the Highway Department and Renovations to the Town Hall.)

MR. WOODSIDE: If that's the case, if I am correct, I would like to make an amendment to - - -

MR. COLLETTE: That forty-three hundred dollars that shows there should be deleted because it was replaced by the fifteen thousand dollars, the Warrant Article to do the study and engineering. I move to amend that to remove the forty-three hundred dollars.

MR. CARTER: Seconded.

THE MODERATOR: Okay. It has been moved and seconded that we delete the forty-three hundred dollars for renovations to the Town Hall under the Capital Outlay which would give us an amended bottom line figure of three million nine hundred and twenty thousand six hundred and seventy-five. All those in favor signify by saying, "Aye." Opposed? I declare the motion passed. Any other questions?

(Discussion ensued concerning Base Station Equipment.)

MR. WOODSIDE: I seconded Mrs. Johnson's motion to move the question.

THE MODERATOR: It already has been. All right. We will answer your question if we can, and then we will go, it has been moved that we cut off debate and vote this thing, and I think in fairness I think there's been plenty of discussion. We will hear you and then do it.

(Discussion ensued concerning Microfilm and further discussion on Base Station Equipment.)

THE MODERATOR: Let's go. We're now going to vote on Article 8 as amended, the bottom line as amended, which will be \$3,920,675 subject to any changes due to action on the Warrant Articles which will be coming up later.

MRS. SABELLA: This equipment concerning Mr. Daley that we're talking about, was that given prior approval by the Selectmen or was that purchased and then the Selectmen were informed?

MR. COLLETTE: Mr. Daley had purchased this equipment.

THE MODERATOR: Okay, that's the answer. I was in the middle of a vote and we're not going back into this. We're now going to vote on this. I thought the question was a point of order. We're not going back into this thing. All those in favor of the bottom line as amended subject to changes due to any action on the Warrant Articles signify by saying, "Aye." Opposed, "No." I declare the motion has passed. The next article to come before us is Article 9.

ARTICLE 9. To see if the Town will vote to raise the sum of \$80,00 by taxes, and to appropriate this sum and an additional sum of \$30,000 from the Land Acquisition Capital Reserve Fund for the purpose of acquiring the property known as Property Tax Map 50, Lots 37 and 45 for the sum of \$110,000

THE MODERATOR: Mr. Collette moves to approve it as printed. Seconded by Mrs. Conroy. Now its open for debate.

Discussion ensued on Article 9. Assistant Moderator Zolla in the chair briefly during discussion on Article 9.)

THE MODERATOR: It is moved by Bill Carter and seconded by Mrs. Conroy that this woman be allowed to speak. All those in favor signify by saying "Aye." Opposed, "No."

(Whereupon a non-registered voter, Mrs. Janet Helmbrecht, from the Gallery of Homes Real Estate in Manchester, was allowed to address the meeting concerning Article 9.)

(After discussion the following ensued.)

MRS. FERLAND: Mrs. Casten made a motion that non-registered voters are to sit in the stands. Why was she allowed to sit in the audience?

THE MODERATOR: Anyone who is not, maybe some people came in after we started, we do have more people here. If there's anyone here who is not a registered voter in the Town, you must sit over there by the scoreboard.

MR. COLLETTE: I suppose if somebody wanted to make an amendment to the Warrant Article that says that the Town must check with the State to make sure that the leach field and facilities are in order before we pass papers or before we purchase it, I don't see why we couldn't make that kind of an amendment.

MRS. IVES: I so move.

MR. COLLETTE: Now that the motion is made, I would like to speak on it.

(After discussion the following ensued.)

FROM THE FLOOR: We just made an amendment and I'd like to clarify the amendment.

THE MODERATOR: Well, I don't have the amendment yet of what you want to say. We've been working on it without voting on it here. Paul gave us a bunch of words.

MRS. JANES: I would like to move that a professional, on the amendment, that a professional appraisal be done on the property by a certified appraiser and that the Town will spend no more than \$110,000 to purchase the property, if the appraisal comes in higher.

THE MODERATOR: Who is going to pay for it?

MRS. JANES: To spend no more than \$110,000 no matter what the appraisal amount is.

THE MODERATOR: Who is going to pay for this appraisal?

MRS. JANES: It depends now. As I said the cost can be split between the sellers and the buyers.

(After discussion the following ensued.)

THE MODERATOR: The question has been moved and seconded. All those in favor of moving the question signify by saying, "Aye." Opposed? Okay, we will now vote on the amendment which would include that, and I'm paraphrasing, and I'm not sure I have everything you people want, we have it in the record, that a professional, this would be adding to the article, that a professional appraiser or appraisal will be done on the property by a professional appraiser and okayed by the State on the septic system and after that is done, the Town will be directed not to pay in excess of \$110,000 for the property. Is that it basically? Okay. So we will now vote on it. If you vote that down, then we will be back to \$110,000 in the Warrant Article. If you vote no, we will be back to square one and back to what it was originally. All those in favor of adding the amendment signify by saying, "Aye." Opposed, "No." I declare the amendment is defeated. Now we will vote on Article 9 as it is printed. It is a secret ballot. What we will do is vote this by secret ballot. We are going to try to do Article 13 now before we go to lunch. If it goes as long as that one did, I am not sure if we want to go to lunch at three o'clock. That's the only thing. We could ballot now and go to lunch and come back and discuss Article 13. I know I'm getting off base here. I would say before we come back or maybe this might tend to cut down some discussion of Article 13. I might say when Article 13 comes up we are going to discuss whether or not we want to vote by ballot for the Police Chief, we're not going to discuss the Police Department, the officers in the Police Department, the Police Chief and what have you. The only thing we're speaking to is whether or not you want to elect your Police Chief. No personalities or what have you. It might not take that long. The first one that starts discussing personalities of the Police Chief or his department is out of order and is sitting down. We're going to go just on the validity of what you want to do, whether to vote for a Police Chief period. So, if anybody wants to move to take up Article 13, I will take it up now. Mrs. Willis moves to take up Article 13 at this time, seconded by Arthur Hobsch. All those in favor signify by saying, "Aye." Opposed, "No." We will now take up Article 13.

MR. ZOLLA: I would like to make a motion that we limit debate on Article 13 in time to no more than thirty minutes.

MR. RYANSON: Seconded.

THE MODERATOR: It's been moved to limit the debate on Article 13 to thirty minutes. All those in favor signify by saying, "Aye." Opposed, "No." Okay. We will have thirty minutes for debate. We will have a ballot on that also. I will entertain a motion to act on Article 13 at this time. Mr. Woodside moves we adopt the motion, seconded by Mr. Ferland. Now it's open for discussion. I will recognize one of the signers of the Petition if they want to go first since it may be Petition.

(After discussion the following ensued.)

MRS. MAC KINNON: I would like to move at this time that we postpone this indefinitely.

THE MODERATOR: It's been moved by Mrs. MacKinnon and seconded by Mr. Collette to postpone indefinitely any action on this article. It is open for debate. What you will do if this passes, you will never, this will die a natural death at this meeting. It cannot be taken up again. It's over. That's the effect of it. It is open for debate.

(After discussion the following ensued.)

THE MODERATOR: We're speaking on the motion to postpone indefinitely. If there is nothing to be said on that, I will take a vote on it. All right. It has been moved. There's no more discussion on the motion to postpone indefinitely. So you understand, if you vote yes, there is no more discussion, no more article on an elected Police Chief at this meeting and through its end, whatever night we finish if we don't finish today. It cannot be acted upon again. It's done for this meeting. Okay. If you vote no, we're back to the discussion, and we will ballot on it sometime later by secret ballot. This will be a voice vote on this. All those in favor of postponing Article 13 indefinitely signify by saying, "Aye." Opposed, "No." The "Ayes" have it. I declare the article postponed indefinitely. It is one-thirty. I will entertain a motion to break for lunch for an hour until two-thirty. I will open the polls at this time to ballot on Article 9, and you can ballot before you go to lunch or when you come back, and we will leave them open until quarter of two at this time. That will give you a chance to get back. At quarter of two I will close the polls and start the meeting. We're going to start the meeting again at two-thirty. I will leave the polls open until three o'clock, okay, on Article 9 in case you get stuck for lunch. It's been moved to adjourn for lunch at this time.

(Lunch recess at 1:30.)

(Reconvened at 2:35.)

THE MODERATOR: It now being two-thirty or a little after, I would like to call the meeting back to order. The next article to be acted upon is Article 10.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$7,042, such sum representing the cost to the Town of funding all cost items related to increased economic benefits offered by the Selectmen to the members of the International Brotherhood of Police Officers, Local No. 565.

THE MODERATOR: Mrs. Conroy moves to accept the article as printed. Seconded by Mr. Gerrish. Is there any discussion?

MRS. CONROY: I would like to move to amend the article to read \$14,954.

MR. GERRISH: Seconded.

THE MODERATOR: Moved by Mrs. Conroy to amend the article, the figure in Article 10 to read \$14,954. Seconded by Mr. Gerrish. Could we have an explanation?

(After discussion the following ensued.)

THE MODERATOR: Is there any question? If not, all those in favor of the amendment signify by saying, "Aye." Opposed? I declare the amendment has passed. We will now take up the article as amended. To see if the Town will vote to raise and appropriate the sum of \$14,954, such sum representing the cost to the Town of funding all cost items related to increased economic benefits offered by the Selectmen to the members of the International Brotherhood of Police Officers, Local No. 565. If there is no discussion, all those in favor signify by saying, "Aye." Opposed? I declare Article 10 has passed.

All right. Article II.

ARTICLE II. To see if the Town will vote to raise and appropriate the sum of \$10,132, such sum representing the cost to the Town of funding all cost items related to increased economic benefits offered by the Selectmen to the members of the Association of Supervisory Police Officers.

MR. GERRISH: Move to accept it as printed.

THE MODERATOR: Mr. Gerrish moves to accept it as printed. Seconded by Mrs. Campbell.

MRS. CONROY: I move to amend the article to read \$14,965.

THE MODERATOR: It's been moved to amend the article to read \$14,965. Seconded by Mr. Gerrish. Is there any question? This is Article II.

(After discussion the following ensued.)

THE MODERATOR: Any further discussion? If not, all those in favor of the amendment to Article II signify by saying, "Aye." Opposed? I declare the amendment has passed. We will now vote on Article II as amended. To see if the Town will vote to raise and appropriate the sum of \$14,965, such sum representing the cost to the Town of funding all cost items related to increased economic benefits offered by the Selectmen to the members of the Association of Supervisory Police Officers. All those in favor signify by saying, "Aye." Opposed? I declare Article II has passed.

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$6,986, such sum representing the cost to the Town of funding all cost items related to increased economic benefits offered by the Selectmen to the members of the American Federation of State, County and Municipal Employees, Local No. 1801.

THE MODERATOR: Mrs. Campbell moves to accept the article as printed, seconded by Mr. Carter.

MRS. CONROY: Mr. Moderator, I move to amend the article to read \$11,194.

THE MODERATOR: It's been moved to amend the article so that the money figure will read \$11,194. Seconded by Mr. Collette. We have an explanation if you wish it.

(After discussion the following ensued.)

THE MODERATOR: Can I have your attention, please. It's three o'clock and if anyone hasn't voted, please do so at this time. I'm going to close the polls in a couple of minutes. Is there any other question on this? We're only speaking on Article 12.

(After discussion the following ensued.)

THE MODERATOR: It's after three o'clock. Would you close the ballot box and bring it down here, please? If there's no further discussion on Article 12, we will now vote on Article 12 as amended. To see if the Town will vote to raise and appropriate the sum of \$11,194, such sum representing the cost to the Town of funding all cost items related to increased economic benefits offered by the Selectmen to the members of the American Federation of State, County and Municipal Employees, Local No. 1801. All those in favor signify by saying, "Aye." Opposed, "No." I declare Article 12 as amended has passed.

ARTICLE 14. To see if the Town will vote to authorize the Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, Federal or other governmental unit or a private source which becomes available during the 1980 fiscal year, provided that such expenditure be made for purposes for which a town may appropriate money and that such expenditure not require the expenditure of other Town funds. Further, that the Selectmen hold a public hearing prior to accepting and expending such money.

MR. CARTER: Move to accept the article as printed.

THE MODERATOR: Mr. Carter moves to accept the article as printed. Seconded by Mr. Woodside.

(After discussion the following ensued.)

THE MODERATOR: Any further discussion? If there's no further discussion, all those in favor of Article 14 signify by saying, "Aye." Opposed? I declare Article 14 has passed.

ARTICLE 15. To see if the Town will vote to authorize the Derry Charter Commission to expend the sum of \$5,000, one-half of said sum to be raised by taxes, the other one-half to be obtained as a grant from New Hampshire Charitable Trust.

THE MODERATOR: Mr. Eshleman?

MR. ESHLEMAN: Thank you. Mr. Moderator, as Chairman of the ---

THE MODERATOR: We need a motion. Mr. Quimby moves to accept the article as printed. Seconded by Mrs. Conroy. Mr. Eshleman?

(After discussion the following ensued.)

THE MODERATOR: Any further discussion? If not, all those in favor of Article 15, to see if the Town will vote to authorize the Derry Charter Commission to expend the sum of \$5,000, one-half of the sum to be raised by taxes, the other one-half to be obtained as a grant from the New Hampshire Charitable Trust, signify by saying, "Aye." Opposed, "No." I declare Article 15 has passed.

ARTICLE 16. To see if the Town will vote to appropriate the sum of \$27,410 for the reconstruction of the Hood Park Building, the sum of \$13,755 of the funds required for such reconstruction being represented by insurance funds received by the Town as a result of the recent destruction of the building, the balance of such cost to be funded by a grant to be received from the Heritage Conservation Recreation Services.

MRS. CONROY: Mr. Moderator, I move to accept the article as printed.

THE MODERATOR: Moved by Mrs. Conroy and seconded by Mrs. Campbell to accept the article as printed. Any discussion?

(After discussion the following ensued.)

THE MODERATOR: Any discussion? If not, all those in favor of Article 16 signify by saying, "Aye." Opposed, "No." I declare Article 16 has passed.

ARTICLE 17. To see if the Town will vote to raise and appropriate the sum of \$5,000 in order to gain appropriate access for the Derry Sewer Discharge line from the Town of Derry to the Merrimack River, and to authorize the Selectmen to take any action relative thereto.

THE MODERATOR: Mrs. Campbell moves to accept the article as printed. Seconded by Mr. Collette.

MRS. CONROY: I would like the article to read, "Further to authorize the Selectmen to enter into the contract with the Town of Litchfield wherein the Town agrees to assume such liabilities for property damage and personal injury as may be necessary and appropriate to secure such access."

THE MODERATOR: Is there a second?

MR. GERRISH: Seconded.

THE MODERATOR: Seconded by Mr. Gerrish. Any discussion on the amendment?

(After discussion the following ensued.)

(Whereupon Mrs. Willis made the motion to move the question on Article 17, seconded by Mr. Quimby.)

THE MODERATOR: All those in favor of Article 17 as amended which would read ----- well, first let's vote on the amendment. To add to Article 17, "Further to authorize the Selectmen to enter into a contract with the Town of Litchfield wherein the Town agrees to assume such liabilities for property damage and personal injury as may be necessary and appropriate to secure such access." All those in favor of the amendment to Article 17 signify by saying, "Aye." Opposed, "No." I declare the amendment has passed. We will now vote on Article 17 as amended. Do you wish to have it read or can we bypass reading it? Okay. All those in favor of Article 17 as amended signify by saying, "Aye." Opposed? I declare Article 17 as amended has passed.

ARTICLE 18. To see if the Town will vote to authorize the withdrawal of \$200,000 from the Federal Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 and to expend such sum for the following purposes:

Public Work Equipment:	\$108,500
Police Dept. Equipment:	27,300
Recreation Dept. Equipment:	5,000
Town Hall Equipment:	7,500
Taylor Library Equipment:	1,500
MacGregor Library Equipment:	3,000
Road Improvements:	47,200
	\$200,000

MR. KATSAKIORES: Mr. Moderator, I would like to move to accept the article as printed.

THE MODERATOR: Moved by Mr. Katsakiores to accept it as printed. Seconded by Mrs. Casten. Any discussion?

MR. CARTER: Yes, I would like to move to amend the Public Works Equipment line to read \$73,500, and the Road Improvement line to read \$82,200. That reflects the prior action of Town Meeting in removing the dump truck and increasing the allocation of the Road Improvement money so it will still account for the \$200,000.

THE MODERATOR: Mr. Carter moves that we change the figure in the Public Works Equipment to read \$73,500 and in Road Improvements to change that figure to read \$82,200. What we have done is we have taken out \$35,000 from Public Works Equipment, which was the dump truck, and moved it into Road Improvements. It's been seconded by Mr. Collette. Is there any discussion? If not, all those in favor of the amended figures signify by saying, "Aye." Opposed? I declare the amendment has passed. We will now vote on Article 18 as amended. All those in favor signify by saying, "Aye." Opposed, "No." I declare Article 18 as amended has passed.

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of \$3,750 for a Town-wide celebration.

MR. BRASSARD: Yes, Mr. Moderator, I would like to move to accept the article as printed.

THE MODERATOR: Is there a second?

Seconded by Mrs. Casten.

MR. BRASSARD: I would also like to move to include the statement that the purpose of the celebration is to be the Fourth of July.

THE MODERATOR: Is there a second on that amendment? Seconded by Mrs. Casten. Would you like to explain it?

(After discussion the following ensued.)

THE MODERATOR: Before we get to that I neglected to announce the results on Article 9, the ballot count on Article 9. On the beach property it was Yes - 101 and No - 141. I declare Article 9 is defeated.

(Further discussion ensued on Article 19)

THE MODERATOR: Is there any further discussion? If not, we will vote on the amendment. Okay. The amendment would have Article 19 read "To see if the Town will vote to raise and appropriate the sum of \$3,750 for a Town-wide celebration. In other words, the celebration is going to be during the week of the Fourth of July."

FROM THE FLOOR: Shall be.

MRS. CASTEN: Mr. Moderator, move the question, please.

THE MODERATOR: Would you like it that way? To see if the Town will vote to raise and appropriate the sum of \$3,750 for a Town-wide celebration. The purpose of the celebration shall be the observance of the Fourth of July. Okay. Mr. Brassard, is that what you wanted?

MR. BRASSARD: Yes, sir.

THE MODERATOR: All those in favor of the amendment signify by saying, "Aye." Opposed? I declare the amendment has passed. We will now vote on Article 19 as amended. To see if the Town will vote to raise and appropriate the sum of \$3,750 for a Town-wide celebration. The purpose of the celebration shall be the observance of the Fourth of July. All those in favor signify by saying, "Aye." Opposed, "No." I declare Article 19 as amended has passed.

ARTICLE 20. To see if the Town will vote to authorize the Selectmen and Treasurer to borrow, in anticipation of taxes, sums of money sufficient to pay current maintenance and operation expenses of the Town all in accordance with the provisions of RSA 33:7.

MRS. CAMPBELL: Move to accept the article as printed.

THE MODERATOR: Mrs. Campbell moves to accept the article as printed. Seconded by Mr. Gerrish. Any discussion? If not, all those in favor signify by saying, "Aye." Opposed? I declare Article 20 has passed.

ARTICLE 21. To see if the Town will vote to accept \$25,000 which may be made available to the Town through the Comprehensive Employment and Training Act. Further, to authorize the Selectmen to apply for and expend the sum of \$25,000 to such purposes.

MR. GERRISH: Move to accept it as printed.

THE MODERATOR: Moved by Mr. Gerrish to accept it as printed. Seconded by Mr. Carter. Any discussion?

(After discussion the following ensued.)

THE MODERATOR: Any further discussion? If not, all those in favor of Article 21 signify by saying, "Aye." Opposed, "No." I declare the article has passed.

ARTICLE 22. To see if the Town will raise the sum of \$1,000 and to appropriate this sum of money together with a matching \$1,000 to be paid over to the Town from the State/Federal Governments for the purpose of analyzing and planning for a public bus service.

MR. GERRISH: Move to accept it as printed.

THE MODERATOR: Moved by Mr. Gerrish and seconded by Mrs. Conroy that we accept Article 22 as printed.

(After discussion the following ensued.)

THE MODERATOR: Any further discussion? If not, we will now vote on Article 22.

(After discussion the following ensued.)

THE MODERATOR: All those in favor of Article 22, to see if the Town will raise the sum of \$1,000, and to appropriate this sum of money together with a matching \$1,000 to be paid over to the Town from the State/Federal Governments for the purpose of analyzing and planning for a public bus service, all those in favor signify by saying, "Aye." Opposed, "No." I declare the article has passed.

ARTICLE 23.

MR. ANDERSON: I would like to make a motion.

THE MODERATOR: Wait a minute. I've got to read it. I would suggest that your motion be that we postpone it indefinitely for this meeting.

ARTICLE 23. By Petition. To see if the Town of Derry will enter into an agreement with Trombley Motor Coach Company of North Andover, Mass. and/or Manchester Transit Authority, Manchester, New Hampshire, to provide commuter bus service between the Town of Derry, Londonderry and City of Manchester. Cost to the Town of Derry not to exceed \$30,000 of which 50% will be rebated by the Federal Government.

THE MODERATOR: Mr. Anderson moves that we postpone Article 23 indefinitely. Seconded by Mr. Collette. All those in favor of postponing Article 23 indefinitely signify by saying, "Aye." Opposed? I declare Article 23 has been postponed indefinitely.

ARTICLE 24. By Petition. To see if the Town will vote to raise and appropriate the sum of \$4,200 for the reinstatement of the clerk/typist position to full-time status in the Recreation Department.

MR. GERRISH: Move to accept it as printed.

THE MODERATOR: Mr. Gerrish moves to accept it as printed.

MR. COLLETTE: I'll second it for discussion.

THE MODERATOR: Seconded by Mr. Collette. Is there any discussion?

(After discussion the following ensued.)

MR. FERLAND: Move the question.

THE MODERATOR: Any further discussion? If not, all those in favor of Article 24, to see if the Town will vote to raise and appropriate the sum of \$4,200 for the reinstatement of the clerk/typist position to full-time status in the Recreation Department, just so there's no misunderstanding, if you vote yes, you're going to put this position on a full-time basis. If you vote no, it's going to stay the way it is right now. All those in favor signify by saying, "Aye."

All those opposed, "No." I declare Article 24 is defeated.

ARTICLE 25. By Petition. To see if the Town will vote to raise and appropriate the sum of \$3,000 for the color sealer on Birch Street Tennis Courts.

MR. GERRISH: Move to accept it as printed.

THE MODERATOR: Mr. Gerrish moves to accept it as printed. Seconded by Nancy MacKinnon. Is there any discussion? Is there any discussion?

(After discussion the following ensued.)

MRS. WOODSIDE: I move to lay this on the table indefinitely.

MR. WOODSIDE: Seconded.

THE MODERATOR: That will take a two-thirds vote to lay it on the table. All those in favor, it's non-debatable. All those in favor of laying this on the table, signify by saying, "Aye." Opposed, "No." All right. If anybody wants, I don't think it's close but I will take a hand vote. Okay.

(The hand vote was not completed. It was obvious that the motion had been defeated.)

THE MODERATOR: We're now back on Article 25.

(After discussion the following ensued.)

THE MODERATOR: If there's no further discussion, all those in favor of Article 25 ---

MR. FERLAND: No, discussion on it.

(After discussion the following ensued.)

MRS. CASTEN: Move the question, please.

THE MODERATOR: If there's no further discussion, all those in favor of Article 25 signify by saying "Aye." Opposed, "No." I declare Article 25 has passed.

ARTICLE 26. By Petition. To see if the Town will vote to put street lights around Derry Meadows to Hood Nursing Home.

MR. CARTER: I move to accept it as printed.

THE MODERATOR: Mr. Carter moves to accept it as printed. Seconded by Mr. Collette. Any discussion?

(After discussion the following ensued.)

THE MODERATOR: If there is no further discussion, all those in favor of Article 26 signify by saying, "Aye." Opposed, "No." I declare Article 26 has passed.

ARTICLE 27. To see if the Town will vote to withdraw the sum of \$15,000 from the Town Buildings Capital Reserve Fund for the purpose of preparing plans and making alterations to municipal buildings that will allow the Town to commence compliance with Federal Requirements.

MR. GERRISH: Move to accept it as printed.

THE MODERATOR: Mr. Gerrish moves to accept it as printed. It's seconded by Mr. Carter. Any discussion?

(After discussion the following ensued.)

THE MODERATOR: Any further discussion? If not, all those in favor of Article 27 signify by saying, "Aye." Opposed? I declare Article 27 has passed.

ARTICLE 28. To see if the Town will vote to authorize the Selectmen to withdraw \$24,000 from the Parking Lot Capital Outlay Reserve Fund for the purpose of acquiring and developing a parking lot or lots.

MR. CARTER: I'd like to move we correct that by ---

THE MODERATOR: Wait a minute. The best way to do this ---

MR. CARTER: I move the article as printed.

THE MODERATOR: It's been moved that we accept Article 28 as printed by Mr. Carter. Seconded by Mrs. Conroy.

MR. CARTER: I would amend that to read \$25,000. It was intended to be twenty-five but there was a typographical error.

THE MODERATOR: Seconded by Mr. Collette. All those in favor of amending Article 28 to read \$25,000 signify by saying, "Aye." Opposed? Okay. Now Article 25 as amended is open for discussion

(After discussion the following ensued.)

THE MODERATOR: If there's no further discussion, all those in favor of Article 28 as amended signify by saying, "Aye." Opposed, "No." I declare Article 28 has passed.

THE MODERATOR: Mr. Gerrish moves, it's just a procedural thing that we accept on the revenue side of the budget the figure of \$4,072,948. Is there a second? Seconded by Mr. Carter. In other words, that figure we started out with today and where we are right now, we're back to \$4,072,948. We have to raise that through taxes and whatever, and that's what we have. All those in favor of accepting the revenue side of the budget at \$4,072,948 signify by saying, "Aye." Opposed? I declare the motion has passed. That is the right figure, right?

MR. TOMPKINS: That's your bottom line appropriation. The revenues of the Town are going to be what's been approved not only from here but also from taxes.

MR. GERRISH: The total of which is four million seventy-two thousand.

MR. TOMPKINS: We have to accept the bottom line of the budget. We haven't done that yet.

THE MODERATOR: Yes, we did. We did it with the exception that all Warrant Articles would be added to it so we already accepted the three million, whatever it is, and we added all the things to it. This is the new figure.

ARTICLE 29. To see if the Town will vote to adopt the following ordinance:

In addition to the powers previously granted to review subdivisions, and in addition to the power previously granted to review site plans for non-residential development, the Planning Board shall have the following powers as authorized by RSA 36:19, 36:19-a and 356-B:5 as amended:

1. To review site plans for multi-family dwelling units, other than one and two family dwellings.

2. To regulate subdivisions involving condominiums in addition to all other forms of subdivision listed in RSA 36:1 VIII.

For the purpose of this ordinance, "multi-family dwelling units" shall include any form of ownership, including condominium, and shall apply to any development which involves more than two dwelling units on a single lot regardless of whether the units are attached.

MR. CARTER: I move to accept it as printed.

THE MODERATOR: Mr. Carter moves to accept Article 29 as printed. Seconded by Mr. Collette. Any discussion? If not all those in favor of article ---

(After discussion the following ensued.)

THE MODERATOR: If there's no further discussion on Article 29, we will now vote on it. I don't have to read this again, do I? Okay. All those in favor of Article 29 signify by saying, "Aye." Opposed, "No." I declare Article 29 has passed.

Our next article here, to hear reports of agents, auditors and committees heretofore chosen, and pass any vote relating thereto.

Where is the one we usually have about new business?

MR. ZOLLA: Mr. Moderator, I'd like to make a motion to eliminate all political signs mounted on vehicles parked on the balloting premises or within seventy-five feet of said balloting premises for longer than one-half hour, and I'd like to speak to this motion.

MRS. WOODSIDE: You can't do that.

THE MODERATOR: I don't know. We always had the thing about taking up new business. Well, I have a motion and if it gets a second ---

MR. CARTER: I will second it.

THE MODERATOR: Seconded by Mr. Carter. I'll let Bill discuss this. I am involved in this, so I know what he's going to say. If they rule it out later, fine, let them, but it will effect some other elections coming up.

(After discussion the following ensued.)

THE MODERATOR: All those in favor of Mr. Zolla's motion signify by saying, "Aye." Opposed, "No." I declare the motion passed. Is there any more business?

MRS. CONROY: I'd like to take this opportunity to thank Ruth Pillsbury for the fine job on the Annual Report and I'd also take this opportunity to thank Millie DiMarzio for services to the Town for the last few years.

THE MODERATOR: Is there anything else to come before the Town Meeting? If not, I will entertain a motion to adjourn. It's been moved by Mr. Ferland to adjourn. Is there a second?

(Whereupon at 4:40 p.m. the Annual Derry Town Meeting was herewith adjourned.)

CERTIFICATE

I, Samuel Gray, a Certified Shorthand Reporter in and for the State of New Hampshire, and Cecile Hoisington, Town Clerk, Derry, New Hampshire, do hereby certify that the foregoing pages contain a true and accurate transcript of the motions, amendments and votes taken at the annual Derry Town Meeting held at Grinnell School Auditorium on March 15, 1980, commencing at 10:00 a.m., to the best of my knowledge and belief.

IN WITNESS WHEREOF, I have hereunto set my hand and seal this 12th day of May, 1980.

s/ Samuel S. Gray, C.S.R.
s/ Cecile Hoisington, Town Clerk

East Derry Fire District Minutes of the Annual Meeting March 19, 1980

East Derry Fire Station

East Derry, New Hampshire

Present: Arthur Reynolds, Fire Ward

Don J. Miller, Fire Ward

Richard D. Childs, Fire Ward

Wilton R. Geissenhainer, Treasurer

Hazel Bouchard, Dispatcher-Secretary

Bruce R. Theriault, Moderator

Jeanne B. Mitchell, Clerk

Budget Committee Members: George Katsakiores

May Casten

Patricia Dowling

Frederick A. Tompkins

Meeting Recorded by: Leigh and June Thaeler

In accordance with the foregoing warrant a meeting of the East Derry Fire Precinct was held on Wednesday, March 19, 1980 at the East Derry Fire Station. The meeting was called to order at 8 PM by the Moderator Bruce Theriault.

Moderator Theriault asked all to rise to Salute the Flag and requested that all legal voters of the East Derry Fire Precinct please be seated within the roped area, to facilitate voting during the meeting. He then read the rules of the meeting (See attachment 1.) The Moderator read the Warrant and stated that it had been properly served. He announced that Article #1 had been acted upon at the election, March 11, 1980 with the following candidates elected to office:

Moderator: Bruce R. Theriault - for two years

Fire Ward: Arthur Reynolds - for three years

Clerk: Jeanne Mitchell - for one year

Auditor: Melbern D. True - for one year

Moderator: Read *Article #2: To hear the Financial Report of the Treasurer.* You'll find if you have a copy of the Annual Report of the Town-- turn to page 41. On page 41 you'll find the budget printed from the previous year. I also have from the Auditor the following Report of Audit - (See Attachment 2). Are there any errors or omissions from the budget? None appearing the record will show that the Financial Report of the Treasurer was unanimously accepted.

Moderator: Read *Article #3: To hear the Clerk's report.*

The Clerk's Report is printed started on page 2 - We are not going to read them as you have a printed copy in front of you. With any luck everyone here has had an opportunity to read this through and except for minor typographical errors I think you'll find the finest verbatim account of what happened here last year. Are there any errors or omissions?

None appearing the record will show that the clerk's report was unanimously accepted.

Moderator: Read *Article #4: To determine and fix the salaries of the precinct officers or agent of the precinct.*

Moderator: What is your pleasure?

Fred Tompkins: I move to accept the salaries of the precinct officers as printed of \$1,250.00.

Seconded by Nancy MacKinnon

Moderator: For those of you who are following along on page 41 - it is the first line item. The proposed 1980 budget is in the right hand column -- Is there any discussion on the precinct officers and salaries? None appearing we will put it to a vote. All those in favor of accepting *Article #4* (moderator read *Article #4*) will signify by saying "aye". Those opposed "no". The ayes have it. It is a vote in the affirmative.

Moderator: Read *Article #5: To see if the precinct will authorize the Board of Fire Wards to place \$5,000. (five thousand dollars) of surplus from existing 1979 budget in the Capital Reserve Fund as established in Article 7 of the 1975 Annual Meeting (the monies accumulated in this account shall only be used for purchase of new equipment and expenditures from this account shall be made in accordance with chapter 35 of N.H. revised statutes annotated or any amendments thereto) and pass any vote relating thereto.*

Moderator: What is your pleasure?

Mr. Tompkins: I move to accept Article #5 as printed.

Mr. Miller seconded the motion.

Moderator: Is there any discussion? None appearing we will put it to a vote. All those in favor of Article #5 will signify by saying "aye". Those opposed, "no". The ayes have it -- it is a vote in the affirmative.

Moderator: Read *Article #6: To see what sum of money the precinct will raise and appropriate for the East Derry Fire Precinct the same to be expended under the direction of the fire wards.*

Moderator: What is your pleasure?

Mr. Miller: Mr. Moderator, I would like to propose \$244,380.35 to be voted upon in Article #6.

Moderator: You wish to propose \$244,380.35?

Mr. Tompkins: Mr. Moderator we have already passed two articles in the total amount of \$6,250.00. If we want to move the budget - you want to use the figure \$238,130.35.

Mr. Miller: So moved - seconded by Mr. Tompkins.

Moderator: The corrected is \$238,130.35. Article #6, if you are following along in your budget - it is the printed figures on page 41. We have already adopted the first line under district officers and the last line capital reserve fund and those two numbers have been removed from the figure which will now read \$238,130.35. There is a motion on the floor and it has been seconded by Mr. Tompkins. Is there any discussion?

Mr. Zolla/ Mr. Moderator, I notice there is approximately a 20% increase over last year and it applies to 3 specific areas: permanent men, insurance and capital outlay of equipment and I was wondering if someone on the budget committee could explain those 3 items to us.

Moderator: Is there someone on the budget committee that wishes to explain this?

Mr. Tompkins/ In the permanent men account, the numbers there represent the agreement that the fire district came to with its employees plus any step increases which would normally occur for those individuals who would be eligible for a step during the year - the percentage figure is 7.5% cost of living which included some benefit changes too. What was the other question, Bill?

Mr. Zolla: First of all - under permanent men -7%- certainly doesn't come up to \$14,000. I have a question on the 7%. Are the men in East Derry getting the same amount as the town employees got from negotiations downtown?

Mr. Tompkins: I would say they are probably getting different amounts. What has happened over the last several years is that each of the labor unions or employee groups have negotiated their own set of salaries, and benefits - there is very little equality between them now - case in point might be the school district employees and the town employees are receiving 100% Blue Cross/Blue Shield. It is true they do, but they are on different plans so the cost to the districts are different and the benefits derived there under are different.

Mr. Zolla: I guess my question is when you take the total tax - the cost of living plus fringes that were gotten downtown and what was gotten up here - are they equitable - are they comparable?

Mr. Tompkins: In my opinion they are not equal but they are comparable. I believe up here in the East Derry District there was an agreement to enact - some benefits were different and I'll be frank with you - I wasn't prepared to answer these questions tonight - I would like to ask Don Miller specifically what the differences are?

Mr. Miller: Basically, it is the 7.5% cost of living over last year's salaries and in the insurance account our employees asked for a dental plan to be added to it and also one extra holiday was added to the package. To answer your question as far as equalization downtown is concerned, I for one, don't know what the Derry Fire District finally negotiated other than the percentage of money but what the rest of the fringe benefits are I couldn't tell you whether it is equal or not equal. Last year if you remember at this annual meeting the people requested the employees here come before the fire commissioners and present their plan and for us to come to some kind of agreement before we came to the meeting - which we have done with these people. We have signed agreements - not a union - just a gentlemen's legal agreement -- to come before you people with some kind of a uniform package.

Mr. Tompkins: You asked about capital equipment also.

Mr. Zolla: There's one on insurance -- \$8,000 difference - and on capital outlay for equipment.

Mr. Miller: Let me see if I can answer part of it - as far as the insurance is concerned - as we all know - the insurance is up -- and as your salaries go up - workmen's compensation also increases - the New England Dental Plan which is added represents approximately \$1300.00 which we didn't have last year and is part of the fringe benefits as far as the employees are concerned. And the rest of it is nothing but basic increases in insurance rates.

Mr. Tompkins: Those were documented for us by Mr. DeRemer. Their costs and they have gone up.

Mr. Miller: My secretary tells me - I wasn't quite aware that the increase in workmen's compensation is up 44% - that sounds kinda steep to me but I guess that's what it is.

Mr. Tompkins: The capital outlay for equipment - a request for a telephone recording system; radio for tanker #87; a pump; portable radio to replace an older model; 4" diameter hose, which is part of an ongoing program to increase the amount of 4" hose available in the district; 800 gal. tank for the pumper; and a copier machine which adds up to \$11,625.00. Now I'll go over the list again and give you a number after each one -- (Mr. Tompkins listed the items & amounts). Also, there is another item in there of \$3,000.00 which is a sum of money the district puts aside to do construction necessary on dry hydrants and work of that nature.

Moderator: Do you have another question, Mr. Zolla?

Mr. Zolla: I have one more - the copier - why are we spending \$1500.00 for a copier? What is the justification for it?

Mr. Miller: Basically, the justification for it is to keep up with the town and budget committee and the state laws which require us to make all kinds of copies in our documents and transactions. At the same time we use the copy machine in our training in the district - making certain that all our personnel are given copies of the minutes of our meetings and transactions and items that we expect them to know, to have and to study. You have to remember they are volunteers and we conduct meetings every Wednesday night and not all of

them can attend -- so we have a copy for them available so they know what is going on. That is part of the program -- the rest of the program basically is keeping up with the budget committee's request for copies of our monthly and quarterly reports. I found our secretary was spending a lot of time running back and forth downtown -- I feel \$1500.00 is pretty cheap to assure that she is here and able to do her work.

Mr. Crosby: I would like to ask about the increase - you have 7.5% - I didn't hear the increase in the dental - what does that bring the cost of living increase for the firemen - the 7.5% plus the dental - can you give me some sort of percentage on it.

Mr. Miller: Mike, it is rather difficult - since all employees are paid different and their insurance needs are different. I would say you are averaging about ¾ % to 1¼ % per employee depending on his pay scale and what type of plan he is really getting.

Further discussion ensued on the percentage increase and dental plan, the need to negotiate salaries and benefits prior to the meeting and the need for each district to negotiate their own plan with no consideration or concern about what other districts are planning.

Moderator: Is there any other discussion. None appearing we will put the article to a vote. We are voting on Article #6. (Moderator read Article #6.) The amount proposed is \$238,130.35. All those in favor will signify by saying 'Aye', those opposed 'No'. The Ayes have it. It is a vote in the affirmative.

Moderator: Read Article #7: To see if the precinct will authorize the Board of Fire Wards to send men and equipment to other towns and cities if requested to do so, in accordance with RSA 154:24, and pass any vote relating thereto.

What is your pleasure?

Mr. Ludwig: I move to accept Article #7 as written.

Mr. Zolla seconded.

Moderator: Is there any discussion? None appearing - All those in favor will signify by saying 'Aye'; those opposed 'No'. The Ayes have it. It is a vote in the affirmative.

Moderator: Read Article #8: To see if the precinct will authorize the Board of Fire Wards to borrow money in anticipation of taxes on the negotiable note or notes of the precinct, and pass any vote relating thereto.

Mr. Zolla: I move to accept Article #8 as read. Mr. Miller seconded.

Moderator: Is there any discussion - None appearing we will put it to a vote. All those in favor of Article #8 will signify by saying 'Aye'; those opposed 'No'. The Ayes have it. It is a vote in the affirmative.

Moderator: Read Article #9: To see if the precinct will authorize the Board of Fire Wards to establish a study committee to look into the need of land and/or buildings for the purpose of a substation in the northeast section of the East Derry Fire Precinct, and pass any vote relating thereto.

Mr. Ludwig: I move that we accept Article #9 as read.

Mr. Zolla Seconded.

Moderator: Is there any discussion?

Mr. Crosby: I would like to know who is going to be on the study committee and how you will go about appointing them.

Moderator: The Moderator normally appoints the committee members and in this particular case it will probably consist of the Fire Wards - unless this assembly decides on specific people designated at this meeting.

Mr. Crosby: I would like to see one member be an unbiased member.

Moderator: Would you like to be on this committee?

Mr. Crosby: Yes.

Moderator: I will see that you are appointed to it. Is there any other discussion?

Further discussion ensued about the members on the committee and Chief Reynolds spoke on the need for a substation in the northeast section (Pingree Hill Road and English Range Road) to service the northeast portion of the district. The Moderator stated the committee will present its findings at the next district meeting.

Moderator: We will put Article #9 to a vote. (Moderator read Article #9) All those in favor of a study committee will signify by saying 'Aye'; those opposed 'No'. The Ayes have it and it is a vote in the affirmative.

Moderator: Read Article #10: To see if the precinct will accept and support the Board of Fire Wards to instruct the installation of dry hydrants (or other types of fire protection) by developers in all new developments within the East Derry Fire Precinct and pass any vote relating thereto.

What is your pleasure?

Mr. Hobsch: I move to accept the Article.

Mr. Geissenhainer seconded the motion.

Moderator: Any discussion?

Mr. Zolla: Mr. Moderator, I think the way this Article is written, it's written too broadly, and written to regulate a specific segment of the community. I think if the Fire Wards tried to enforce this and they got any opposition to it, I do not think, in my opinion, it would hold up in court. We are not making regulations here for the whole district but just for a specific segment of the community. I have seen members of the East Derry Fire Precinct at the Planning Board meetings and I would like to hear from the member of the Fire District attending the meetings whether or not he has had any opposition to installing dry hydrants.

Moderator: I believe the gentlemen you refer to is Gary Butterfield - just a moment - Don Miller would like to speak.

Mr. Miller: Let me express our thoughts on this Article and Bill you are absolutely correct - we do not have any provisions in our Fire District for setting up zoning since we come under the jurisdiction of the Town of Derry. We felt

we would put an article in the Warrant to get the feel of the people. We have gotten some opposition when we have gone to the Planning Board and the intent of the Article is to get a feeling of the people here. Our area is growing fast and although we do have some natural water sources in the area we would like to get some assistance from the developers in these new areas as we have in the past. It will be a great aid to the taxpayers in the future.. It is easier to do it at the beginning then to go back and construct these things later. I will let Gary tell about what we would like to have and some recommendations and some typical as far as the area is concerned.

(Mr. Butterfield presented several drawings and explained the nature of a dry hydrant and the reasons for their need - basically to provide on the spot water storage and supply for use during a fire and to eliminate the need to haul all the water necessary for fighting a fire - over the roads.

Mr. Zolla: Can you tell me what you estimate the cost of that system per hydrant to be?

Mr. Butterfield: I think when I brought it to the Planning Board it was somewhere in the vicinity of \$3500. That included tanks, parts, hydrant but would not include the cost of excavation or anything of that nature.

Mr. Zolla: I think as that system is drawn there, the cost would be closer to \$10,000. With 10,000 gallon tanks - I think each one would cost about \$3500.

Mr. Butterfield: When I checked, a 10,000 gallon tank was \$1700. at that particular time -- approximately a year ago.

Moderator: Is there any other discussion?

Mr. Zolla: I think, Mr. Moderator, that nobody disagrees with the need for fire protection - there may be some disagreement as to who pays for it. How it's implemented is, I think, the question here tonight, "To see if the Precinct will accept and support the Board of Fire Wards to instruct" - I think the fire district will end up with nothing because I do not believe that they could enforce that - I am going to propose to amend the article as follows:

Amendment: to Article #10. To see if the Precinct will accept and support the Board of Fire Wards to NEGOTIATE the installation of dry hydrants (or other types of REASONABLE fire protection) by developers in all new developments within the East Derry Fire Precinct and pass any vote relating thereto.

And I would like to speak to that when it's time.

Amendment seconded by John Lorder.

Moderator: Is there any discussion on the Amendment?

Mr. Crosby: With this Amendment, I would like to know how much control the fire district will have over this - seems to me they will have no control at all if they negotiate.

Moderator: In negotiating - the question is whether it will stand up in court and I think Mr. Zolla might answer it a little better.

Mr. Zolla: I think the recommendation of the Fire District to the Planning Board is very, very important and I think the Fire District will be in a much better position to negotiate increased fire safety in any developments based on the horsepower of that recommendation and if they make a negative recommendation because they get no cooperation. I think we'll be in a much better position of getting better fire protection rather than instructing or directing because I think we will only end up spending money in the courts.

Moderator: Point well taken -

Mr. Crosby: What constitutes a development? one building - three buildings - ten buildings?

Moderator: What constitutes a development?

Mr. Butterfield: More than one building.

Discussion ensued on the wording of Article #10.

Moderator: (Read Amendment to Article #10.) All those in favor of amending Article #10 please signify by saying 'Aye'. Those opposed 'No'. The 'Ayes' have it. It is a vote in the affirmative.

Is there any other discussion on Article #10 as amended? None appearing we will put Article #10 as amended to a vote.

All those in favor of Article #10 as amended please signify by saying 'Aye'. Those opposed 'No'. The 'Ayes' have it. It is a vote in the affirmative.

Moderator: Read Article #11: To transact any other business that may legally come before this meeting including the appointment of committees.

I will appoint the study committee that was established under Article #9 at the close of this meeting. If you are interested in serving on that committee I would like you to come forward and speak to me.

I would like to read this statement: (See attachment 3)

Before I read this an important point has been brought to my attention - On page 41 on the East Derry Fire Precinct report of revenues - we said we are going to spend it all, now we have to be willing to accept the money.

I would like our pleasure as far as accepting the Revenues as printed -

Mr. Zolla: So moved.

Mr. Ludwig seconded the motion.

Moderator: We will vote to accept the Revenues as printed to coincide with the \$244,380.35. Is there any discussion on the motion to accept the Revenues of the Precinct? None appearing we will put it to a vote - All those in favor signify by saying 'Aye'; those opposed 'No'. The 'Ayes' have it. It is a vote in the affirmative.

Back to Article #11. (The Moderator read the statement)

Arthur Reynolds: I would like to mention Clement Madden one of the Fire Commissioners in the Derry Fire District who recently has chosen not to run for Fire Commissioner anymore and I think it would be appropriate for the East Derry Fire Precinct to send to Mr. Madden a letter thanking him for his many years of service and devotion to the Fire Service and the cooperation he has shown to us through the 34 years he has served.

Moderator: Are you making that in a form of a motion?

Art Reynolds: Yes, I am.

Moderator: We have a motion for a letter of commendation. Mr. Ludwig seconds the motion. Is there any discussion? None appearing we will put it to a vote.

Vote in the Affirmative.

Moderator: Mr. Geissenhainer made a request and I think it is a good idea - all those volunteers who have contributed to making this type of town meeting government operate deserve an applause and I would like to say thank you, too?

Is there any other business to come before this assembly?

Mr. Crosby: I would like to make a motion to have the three Fire Commissioners of the East Derry Fire District to work with the Derry Fire Commissioners on a study committee for a merger. I'll tell you why I ask for this -- because it would eliminate all the trouble we've been having with duplication of equipment and the stations and we finally get an overall look at the town and where the stations should be.

Moderator: Your point is well taken Mr. Crosby but unfortunately your motion is out of order - it has to be warned on the warrant in order for a study committee to be formed such as that.

Is there any other business to come before this assembly?

Mrs. Ludwig: I move to adjourn.

Seconded by Mr. Zolla.

Vote in the Affirmative to adjourn.

A film was presented after the meeting to demonstrate the ice rescue capabilities of the District - showing the use of the suit given to the District by the East Derry Fire District Ladies Auxiliary.

Committee Members appointed by the Moderator:

Arthur Reynolds

Don Miller

Richard Child

Arthur Hobsch

Michael Crosby

Meeting was adjourned at 9:15 PM.

A True Copy Attest,

Jeanne B. Mitchell

Clerk, East Derry Fire Precinct

Attachment I

RULES OF THE MEETING:

1. There is no smoking in the hall. Smoking is permitted in the kitchen area and outside.

2. Only legal voters are permitted within the forward roped area of the hall. Visitors are to remain outside of this area and are here at the pleasure of this assembly.

3. The entire proceeding is being tape recorded so if you wish to speak, rise and approach a microphone. Only those persons who approach a microphone

will be recognized for motions or debates. Please state your name clearly for all to hear.

4. Direct all questions through the Moderator so as to avoid running debates.

5. No negative motions will be accepted.

6. No reconsideration of an article will be considered after we have moved on to the next article of the warrant.

7. No amendments to amendments. Each must be treated separately.

8. In all cases not covered by the above Robert's Rules of Order will apply.

Attachment II

March 10, 1980

East Derry Fire Precinct

Post Office Box 104

East Derry, N.H. 03041

REF: Report of Audit

ATTENTION: Board of Fire Commissioners

Dear Sirs:

This is to advise you that I have completed my examination of the accounts and records of the East Derry Fire Precinct for the fiscal year ending December 31, 1979, and have found them to be complete and in good order.

Respectfully submitted,
Melbern True, Auditor
East Derry Fire Precinct

Attachment III

We would like to thank on behalf of the District everyone who volunteered their time and efforts on election day. In particular:

Diane Dumas
Betsy Childs
Priscilla Lundblad
Sally Miller
Ann Therien
Jessica Dearth
Priscilla Cox

who volunteered their services during the day as ballot clerks.

A special thank you to Bill Brown and Joan Reynolds for braving the cold at Veterans Memorial for 13 hours so that the people living in District I would be able to vote for the Fire District Officers at the same place they vote for their Town Officers. And last but far from least a thank you to our tireless Supervisor of the Check-list, Virginia True, who spends countless hours behind the scenes preparing our checklists and supervising them the day of elections.

Births Registered in the Town of Derry for the year ending December 31, 1980

The cover of this year's report continues a series of water-
colors of public buildings in Derry painted by
Ruth Pillsbury

The Baptist "Church on the Corner" was chosen to honor
the 100th anniversary of the Church which was celebrated
during 1980

Color separations by: Eastern Rainbow, Derry
Report printed by: Hatch Printing, Derry
